## JUNIOR ARTS 4 VICTORIA 2

Final Game in Mulock Cup Series

WAS HOTLY CONTESTED

Vic. Lead at Half-Time by 1-0  
But Arts Won Out in  
Final Quarter

Yesterday afternoon before a crowd of over a thousand spectators Junior Arts defeated Victoria in the final Mulock cup game and gained possession of the coveted trophy. The game was remarkably open, and was marked by a great deal of running. Arts especially tore off some very pretty runs, and in fact their success was due to their speed and good passing. The ground was frozen hard, and although there was a little snow the conditions were almost ideal for a fast game.

MacKenzie and Bryan were the opposing punters, and both performed creditably. Both caught and returned almost faultlessly. Both back divisions caught as if their lives depended on it, and seldom was the pigskin loose.

Contrary to expectations both lines held like stone walls, and neither team gained their yards on bucks. Arts were lighter than their opponents, but offset this by excellent tackling, always getting the man low and hard.

The first quarter was very even, and neither team scored. Both sides were guilty of frequent offsides. The first score was in the second quarter, when Mackenzie ran back a kick and then returned a splendid long punt which bounded to the deadline. This was the only score in the half, which ended with Victoria in possession on their own 30 yd. line. Half time—Victoria 1, Arts 0.

After 5 minutes play in the second half Arts secured the ball at Victoria's 20 yd. line, and attempted a field goal but missed. However, Mackenzie was forced to rouge, which evened the score.

A minute later Victoria tried an inside kick, but Arts secured. On the first down Bryan kicked over to Mackenzie, who was again forced to rouge. Duggan ran back a punt for 30 yards, and Victoria kicked over for another rouge. Three Quarter score—Victoria 2, Arts 2.

After some very pretty running Arts worked the ball to Victoria's quarter way, and kicked for another rouge. Just before the game ended Bryan and Boulter again took the ball down the field, and forced another rouge. Final Score—Arts 4, Victoria 2.

### LINE UP.

Victoria—Flying wing, Jewett; Halves, Patterson, MacKenzie, Duggan; Quarter, Sleeman; Scrimmage, Allen, Graham, Morrison; Wings, McDonnell, Burt, Batszald, Church, Newton, Campbell.

Arts—Flying wing, Clarkson; Halves, Crawford, Bryan, Boulter; Quarter, Clark; Scrimmage, Harris, Gronc, McTavish; Wings, Campbell, Goodearle, Reynolds, Grant Brown, Ryrice.

Referee—T. C. Clark. Umpire—Fred. Rutley.

### NOTES.

Bill Brown did better work for Arts when he went to inside wing. He got away just as fast and was more effective in tackling.

MacKenzie did some great booting for Vic, but spoiled his good work by getting in a few puny efforts that were meant for inside kicks.

## DUKE OF CONNAUGHT

To Have Degree of LL.D. Conferred Upon Him

The Duke of Connaught will be presented with an address and will also receive the honorary degree of Doctor of Laws from the University on November, 29th, at 12 noon.

Crawford for Arts made some great recoveries of bad passes and other men's fumbles and towards the end of the game got in some very speedy running. He is a comer.

The heavy Victoria team could not buck the opposing line very successfully and their halves did not combine for runs.

Arts just got going in the last quarter. The gruelling work did not seem to fizzle on them.

Vic wings were down much better on Kenzie's punts since his protection gave him lots of time.

The game itself justified the existence of the Mulock Cup series in uncovering such good men as Crawford, Boulter, Clarkson, Bryan and Ryrice.

## OLD-FASHIONED IDEA OF WOMEN PREFERRED

Result of Discussion of Woman  
and Labor by '12 Ladies

The '12 Discussion Club met at Queen's Hall on Wednesday evening. The subject was a discussion of Olive Schreiner's "Woman and Labour." Mrs. Leiths, who was present, introduced the subject by giving some account of the book. The discussion then turned on the point as to whether professional women who married should then have to give up their profession. Mrs. Leiths said that "the age of Specialization upon which woman was entering would mean that the special department still left to her,—cooking and cleaning,—would be taken from her—this would mean that she would become a "parasite," unless all restraints were removed and she was able to enter into man's activities as his equal. We were told that soon there would be even those who were specialists in the training of children—woman would then be able to keep up her professional life after marriage. There was a lively discussion on this subject, in which most of those present showed that they still cling to the old-fashioned idea of *Woman*.

## MEDICAL SOCIETY NOTES

If all the Faculty are as enthusiastic Rugby sports as a certain lecturer who spoke to the fourth year men on Monday they are going some. In the course of his lecture he testified to his feelings at the big game, and said that for three-fourths of the time he had a feeling around his solar plexus as if there were a pound of lead there instead of certain delicate nerve bundles which we have heard are situated in that region. It must have been a great relief for the poor man when victory was assured the team.

The Sophs have started dissecting. As a result the Dining Hall will soon show a deficit.

It is hoped that now facilities are given for the depositing of medical notes in the reading room, that the Column will look better than it has lately.

Hugh McKay, '13, who has had a particularly severe attack of typhoid and who has been in the General now for a couple of months is convalescing nicely.

Members of The Graduating Class are reminded to have their autobiographies sent to Mr. Hassard as soon as possible.

All the dancing academies are working overtime these days trying to teach the Freshmen to step the light fantastic. There's a reason—Medical At-Home Nov. 28.

Clair Brink left this morning to represent the Toronto Meds. at the Queen's Medical Dance.

There will be no more open meetings of the Medical Society until the Dominion Championships are over in order to give the Meds. a chance to attend the rooster's parties.

The B & P graduating class are holding their first monthly social evening to-night.

## MEDALS AWARDED

Bricker, of Varsity, has been awarded the gold medal for beating the intercollegiate pole vault record, while Mel Brock gets the same reward for beating the intercollegiate mile record.

## S.P.S. EXCURSION TO BUFFALO

Large Number of Enthusiastic  
School Men Have Big Day  
Across the Line

On Wednesday morning Nov. 15 the Union Station echoed and re-echoed with University songs and yells, "Toike, Oike" being the predominant factor among them. About 125 III Yr. School men had gathered, to leave on the 7.50 C.P.R. train for Buffalo, to visit the Lackawana Steel Plant. Two extra coaches were attached for the accommodation of the party, which was in charge of T. R. Loudon, B.A.Sc., lecturer in Ferro-metallurgy.

A number of song-sheets were distributed, and the journey was prevented from becoming monotonous, by everyone indulging in vocal exercises, and many other past-times too numerous to mention. The crowd simply could not refrain from getting off at Hamilton to give their yells, and incidentally to sing "We're Champions again" for the benefit of the Hamiltonian audience.

After partaking of a much needed dinner, (for many had not breakfasted on account of the early hour of departure), they boarded a street car bound for the steel plant. The men were divided into parties of about twelve, and conducted through the entire plant by employees of the company, who explained the various processes and machines. The blast furnace was a subject of great interest and the processes for rolling steel were a revelation, full of interest to everyone. The remainder of the afternoon was spent, in acquainting themselves with the city, etc., until 6 o'clock, when most of them boarded the train only a few remaining over until Thursday.

The unanimous opinion was that it had been a pleasant and profitable day. The exertions of the day had worked off most of the surplus energy, and most of the number appeared content to be less demonstrative on the return trip. Cigars and fruit, furnished by the executive, were relished by all and on returning to Toronto the party dispersed, weary and footsore—but with pleasant recollections to dream upon.

Much credit is due Mr. Loudon for the success of the trip and the Lackawana Steel Plant are the recipients of much gratitude for their courtesy.

## QUEENS vs. VARSITY

Championship Soccer Game to  
be Played Saturday

The Intercollegiate soccer championship will be decided tomorrow when the soccer men from Queen's clash with the soccer men from Varsity at the Stadium at 2.30 p.m. The team that wins will be the Champions for 1911.

Though Queens decisively trimmed Varsity at Queens, the local lads feel confident of turning the trick on them tomorrow. The defeat in Queens was due to an aviation stunt by the whole team and when they came to earth again Queens had the game safely cinched.

In view of the magnificent support accorded the Rugby team it is urged that the soccer enthusiasts afford their team their loyal support. Let every soccer man be at the Stadium to-morrow and cheer the team to victory and the championship.

## COMING EVENTS

- Nov. 18—Class '13, U.C. Reception.
- Nov. 23—Trinity Fall Dance.
- Nov. 24—Mock Parliament.
- Nov. 28—Medical Dance.
- Nov. 29—Governor General at University
- Dec. 1—Queen's Hall Dance.
- Dec. 1—Victoria Conversat.
- Dec. 1—I. U. D. L., McGill vs. Torouto
- Dec. 6—Rugby Dance.
- Dec. 14—Theatre Night.
- Jan. 26—Arts Dance.

## FIRST MEETING OF PARLIAMENT

Students' Organization Met  
Last Night

NUMBER TO BE REDUCED

Occurrence of Night of Oct.  
20 to be Investigated by  
Committee

Last night the first meeting this year of the Students' Parliament was held. Several important questions were dealt with and judgement passed.

With reference to the forthcoming visit of the Duke of Connaught and the conferring upon him of the degree of LL.D. by the University, President Falconer suggested that the Prince might be welcomed by the students lined up outside, with colors and under marshalls.

Speaking of the functions of the Students' Parliaments, the President said that it should be a medium of communication between the whole student body and the Faculty. This student body, a living organism, should be able to express itself thro' some nucleus. Therefore, a good executive is needed, for the Parliament's duties are essentially of an executive nature. The very best men should be elected by the various units. In conclusion the President said that the Parliament's work should be mainly of an executive nature and that for this, direct representation from the electoral units was necessary. The Senate chamber would at any time be at the disposal of the Parliament.

The President of the society in replying said that the executive is arranging to have the membership cut down, so that the whole body may act executive.

Communications were received from Torontonensis, Varsity, Glee Club and various committees. The attendance showed an absentee list of only five. Theatre night was fixed for Thursday, December 14th, the Royal Alexandria, the theatre, and the musical comedy, the "Balkan Princess."

The first Inter University Debate was announced to take place December 1, between McGill and Toronto. It will be held in Wycliffe Convocation Hall.

A report was presented on the occurrence at Victoria on October 20. A sub-committee of the executive is taking evidence on the matter and will report later. The efficiency of this body is well illustrated by the handing over of this important matter to it by the Caput. The Parliament was also instrumental in preventing the "Scrap" on Field Day. The auditor's report showed an actual balance of \$393.82, with a total balance of \$449.38.

A rather important discussion over the question of aid to such "personal ventures" as The Varsity—as one speaker characterized them—was left over until next meeting.

## DOMINION FINALS

Arrangements made for Season  
Ticket Holders

Holders of Varsity Season tickets are entitled to buy tickets for the final game equal in number to those already subscribed for. Such holders wishing to obtain tickets for the final game, November 25th, are requested to send the season tickets now held by them to the Secretary-treasurer, Mr. J. S. Galbraith, Engineering Building, Room 37, on or before 12 noon, Tuesday, November 21st.

The drawing for seats will then be made by a responsible committee and subscribers are asked to call for their tickets at Spaldings, 189 Yonge St., after 12 noon, Thursday, November 23rd. The season's tickets are sent at owners' risk.

On Monday, November 20th, at 5 p.m., a meeting will be held in the Secretary-treasurer's room upstairs in the gymnasium of the presidents of the athletic associations of all the Faculties to make the final arrangements respecting the distribution of students' tickets.

## ANNOUNCEMENTS

Bible Study Leaders Normal classes to-night, at 6.45. Supper at 6.00.

Class '13, University College hold their annual reception tomorrow at 4 p.m., East and West Hall.

Annual meeting of Basketball enthusiasts to-night at Gym. 5 p.m. Every faculty entering teams must have a representative present.

Tuesday at 4.30—very special Y.W. meeting—tea and talk until five; from five to six, regular meeting, Speaker Dr. Thos. Jays from Africa, N.B.—Special music from the choir. Admission—absolutely free.

An open meeting of the U.C. Student Volunteer Band will be held on Sunday, November 19th at 9.30 A.M., at Wycliffe College. Dr. Thomas Jays, for many years a missionary in Africa will address the gathering. Everybody is most cordially welcome.

A postponed meeting of the Theatre Night Committee will be held to-night at 5 p.m. in the Students' Union. This is necessitated by the fact that the Students' Parliament meeting last night prevented several members attending the meeting scheduled for last night.

Mr. F. H. Newell, Director of the United States Reclamation Service, Department of the Interior, Washington, will lecture in the University on Tuesday, November 28th, at 5 o'clock, in the Physics Building, on "Irrigation and Reclamation in the West of the United States and Canada."

## FOUND

Wednesday noon in front of Library, a silver watch fob. Owner may have same by calling at S.P.S. drafting room 38, any afternoon.

H. C. KARN, Desk A.8.6.

## TRINITY CONVOCATION

Services Held This Week—  
Many Degrees Conferred.

The Convocation of Trinity University closed on Wednesday evening after brief but very busy sessions. On Tuesday at 8 p.m. Convocation service was held in the College Chapel; the preacher being the Rev. Canon Tucker of St. Paul's Cathedral London, Ont.

Wednesday afternoon was devoted to the transaction of general business, while the evening was reserved for the conferring of degrees in Divinity, as follows:—D.D. *jure dignitatis*. The Rt. Rev. Wm. Reid Clark, M.A., Lord Bishop of Niagara. B.D. *in course* Rev. Charles Ashbury Sparling, M.A., of Guelph, Ont. L.Th. Rev. Victor Chas. Spencer, B.A. *in absentia*; L.Th. Rev. Geo. Gillespie-Wright *in absentia*; L.Th. Robert Mariner Boulden; L.Th. Rev. Geo. St. G. Tyner; L.Th. Leonard H. H. Green *in absentia*. The Vice-Chancellor of Trinity University occupied the throne in Convocation Hall during the ceremonies, while both lay and clerical delegates were present from the six dioceses of which Trinity is the official University.

In his opening address the Vice-Chancellor made a number of comparisons which showed that Trinity is steadily becoming stronger financially and numerically as well as in point of efficiency. Many references were made to Trinity's noble past and to the bright future lying before her.

The students in the gallery were not seen by all the occupants of the chairs in the floor of the hall, but no one suspected for a moment that they were absent. Many of the songs rendered "between the acts" showed that the students entertained a most touching affection for their "Dons."
