Dear Sir:-

I beg to acknowledge receipt of your letter of February 25th with reference to a cure for cancer.

It is not necessary for you to come to Montreal to demonstrate your cure, as the decision of the award has been left by Lord Atholstan to the Royal Colleges of Physicians and Surgeons, London, England, and it will be necessary for you to submit your cure to them. You must satisfy a recognized medical faculty or medical society in your own country that there is some scientific basis to justify experimental investigation of the professed cure, and that any cases successfully treated were, in fact, cases of cancer.

McGill University is really not connected with the matter in any way. If you will write to the Royal College of Physicians and Surgeons they will give you all other particulars necessary.

Yours faithfully,

Principal.
