

# BOCK PANETE LA

Actual Size. Price, 15 cents each

Over a Million Sold Annually in Canada

Is smoked by almost every man who smokes imported Havana cigars. It is very mild and satisfies more people than any other imported Havana cigar, as it can be smoked immediately after breakfast when one's taste is most exacting, or at any other time when a heavier cigar is not desired. Straight shape—smokes freely and pleasantly.

Obtainable Wherever Cigars are Sold

**SPECIAL NOTICE**—The long-continued heavy rains during last December and January destroyed more than half of this year's tobacco crop in Cuba. This will not, however, affect the high quality of BOCK PANETE LA, as the HENRY CLAY AND BOCK & CO., LIMITED, holds a sufficient supply of fine, ripe, perfectly matured tobaccos to continue its output of BOCK PANETE LA for two years.

Fresh Shipments Every Week

### COL. STEELE TO BE D. O. C. IN THE WEST

Will Be Appointed to Command of New Military Division of Saskatchewan and Alberta.

OTTAWA, May 10.—Col. A. D. Steele, who commanded Strathcona's Horse in South Africa, is to be appointed to the command of the new military district, No. 11, in the Canadian West, that is to comprise the provinces of Alberta and Saskatchewan. Col. Steele, who since the South African war has been in command of B division of the South African Constabulary, with headquarters at Pretoria, recently resigned from that body and is now in England on his way home to this country. His appointment as D.O.C. for Alberta and Saskatchewan will be most popular in the west, where the colonel spent most of his life.

Major A. H. MacDonnell, D.S.O., who was for many years a fellow-officer of Col. Steele in the Northwest Mounted Police, will probably be appointed to the command of the new branch of the Canadian corps in the west, that is to be known as Strathcona's Horse. Major MacDonnell went through the South African campaign and greatly distinguished himself therein. After returning to Canada he retired from the police and decided to devote himself to a military career. He has since enjoyed a course of training to qualify for the position that he is slated to occupy. In addition to the permanent corps known as Strathcona's Horse there will be several squadrons of volunteers of the same name in the Northwest, one of which will be raised in the west, and a few weeks at Edmonton, under the command of Major De Biels Thibodeau, who is a son of Senator Thibodeau of Manitoba.

Brigadier-General Otter, C.B., who will have command of the two months' camp that is to be held at the central military camp at Regina, this summer.

**CLOSING OF PUBLIC LIBRARY**

Repairs Will Be Effected Between June 3 and 8.

The management committee of the public library board met yesterday, when it was decided to close the library for repairs from June 3 to 8.

The secretary was directed to write to the mayor, stating that the city treasurer's report was incorrect as to the amount allowed the board, the correct amount being \$46,177, instead of \$50,000.

**EARL GREY HAS SAILED.**

Occupies Same Suite as Prince Arthur of Connaught.

MONTREAL, May 10.—The governor-general was a passenger on the Allan liner Virginian, which sailed from Montreal this morning. The governor-general, who is accompanied only by his valet, occupied the suite of rooms which Prince Arthur of Connaught had on his return to England last year.

**No Ground for Manning Charges**

WINDSOR, Ont., May 10.—At a conference between the police commission and the members of the local Lions' Day Alliance, to investigate the charges made two weeks ago in a sermon by Rev. Mr. Manning of the Methodist church, that Windward was a spy, the members of the alliance expressed their opinion that there was no ground for Mr. Manning's charges, and the members of the alliance expressed their opinion that there was no ground for Mr. Manning's charges.

**Captain Died at Sea.**

NEW YORK, May 10.—The steamship Graf Waldersee arrived here today with the body of Captain Krech on board. The captain died at sea on May 6.

**CATTLE MARKETS.**

NEW YORK, May 10.—Beaver—Receipts, 3,300. Cows, slow to a shut. Hogs, steady. Cattle, steady. Steers, \$5.05 to \$5.85; bulls, \$5.25 to \$5.75; calves, \$5.25 to \$5.40.

Exports to-morrow, 920 cattle and 5,900 hogs. Veils, \$5 to \$7.75; choice select, \$7.50 to \$8.00.

Sheep and Lambs—Receipts, 10,177; sheep, nominal; lambs, 15c to 25c lower and 15c to 20c higher. Hogs—Receipts, 10,000 head; fat, \$7.25 to \$7.75; general sales, at \$7.25 for fat hog stock. No spring stock offered.

Hogs—Receipts, 2780. Market about steady. New York state hogs, \$7.05 to \$7.10; Virginia, 60c, \$7.

**East Buffalo Live Stock.**

EAST BUFFALO, May 10.—Cattle—Receipts, 125 head; steady. Hogs—Receipts, 2,000 head; active and 25c higher, \$5 to \$7.75.

Sheep and Lambs—Receipts, 10,000 head; mixed and Yorkers, \$6.80 to \$6.85; mixed and Yorkers, \$6.80 to \$6.85; mixed and Yorkers, \$6.80 to \$6.85.

**British Cattle Markets.**

LONDON, May 10.—Liverpool and London cables are steady at 11 1/2c to 12 1/2c per lb. dressed weight; refrigerated beef is quoted at 6c per lb.

**David J. McAllister Dead.**

DETROIT, Mich., May 10.—David J. McAllister, an old business man of this city, died last night after an illness of several weeks. Mr. McAllister was born at Goderich, Ont., and came to Detroit while still a young man. He was associated with the Pingree-Smith shoe company for several years. Lately he has been connected with the Baldwin-McGraw shoe company. He was 51 years of age.

**Dies of Bright's Disease.**

DETROIT, May 10.—Thomas Hawley of Goderich, Ont., is dead at Harper Hospital, Detroit, of Bright's disease. He was 65 years of age. Previous to going to Goderich a few years ago, Mr. Hawley was a resident of Detroit and practiced law here.

**Smallpox at Smith's Falls.**

Several cases of smallpox have been reported from Smith's Falls. They are all of a mild type, however, and the provincial health department has not considered it necessary to send a man to look into them.

### FLOWER SHOW NOV. 12-16.

Probable That St. Lawrence Arena Will Be Available for Purpose.

The dates selected for the next Provincial Horticultural Exhibition are November 12 to 16.

At a meeting of the directors it was reported that it is probable that the St. Lawrence arena will be available for the purposes of the exhibition.

It is probable that the exhibition next fall will include extensive exhibits of spraying machinery, apple boxes and other devices used in the handling of fruit and flowers.

Officers elected were as follows: President, R. J. Scott, Toronto; first vice-president, W. H. Bunting, St. Catharines; second vice-president, H. R. Frankland, Toronto; secretary, J. B. Coplan, and treasurer, J. H. Dunlop, Toronto.

An executive committee composed of the officers and Messrs. John Chambers, park commissioner, and P. W. Hedges of the department of agriculture, was appointed. Committees were also appointed to prepare the prize lists for the various sections of the exhibition.

The government grant this year to the exhibition will be \$200,000, instead of \$120,000, as last year. Last year's prize list has been paid in full, and it is expected that the exhibition this year, with the increased government grant and the improved building, will prove the most successful exhibition yet held.

**May Lose Eyesight.**

KINGSTON, May 10.—William Murphy, English-born, had a comical first experience in his face, with the result that he may lose the sight of his eyes.

**WHY "PAGE FENCES WEAR BEST"**

ANY Fence Wire Fence will be a GOOD fence when any other that costs the same is scrap. Simply because of the kind of wire that makes a PAGE Fence and the way it's made.

Every OTHER wire fence is made either from soft wire, or from hard drawn wire. Best of it is called 10-point carbon; the poorest, 6-point carbon. But the wire that makes a PAGE fence is THIRTY-point carbon, a steel good enough to make axes, or mower teeth.

Now carbon puts SPRING in steel—toughens its fibres. Carbon gives steel tensile strength—the power to stand strains that would put ordinary wire out of business. So the 30-point carbon in the wire that makes PAGE Fence and ONLY PAGE Fence—is there because it MUST be there to make a fence worth buying.

Only this 30-point carbon wire stays coiled when it is coiled, as it is in the PAGE Fence (other fences crimp the wire into shape—and that crimp or kink straightens out and stays straight with the first strain). Put enormous strain on the high carbon, coiled PAGE wire, draw it out straight—and it comes right back into perfect coil shape when the strain is released. THAT is the test of GOOD wire—PAGE Wire Fence stands that test. No other fence does stand it.

SOMETIMES they call the ordinary fence wire "hard steel spring wire." The name fools plenty of folks, but it needn't fool you. Ordinary fence wire has hardness without strength, with little or no spring, with no "temper" to it. It's LOW-GRADE steel wire. It has not half the strength of PAGE wire. PAGE HIGH-CARBON wire is HIGH-grade.

Test the two kinds for yourself—a piece of ordinary fence wire and a piece of PAGE wire. Heat both cherry-red. Plunge them into cold water. Take them out and bang them with a hammer. The PAGE wire will snap like glass—it is tempered as hard as a steel needle. But the ordinary wire isn't changed a bit—you can't temper low-grade steel. Yet the good of fence wire is ALL in the temper, which ordinary wire hasn't got.

So ONLY high-grade steel wire, like PAGE fences are made of, is good enough for a fence put up to last. If you are fencing for a lifetime, you can't buy a fence that will come within years of lasting as long, staying as taut, being as easy to put up, needing as few posts (a third less than common fencing) or costing as little in the long run, as—

Page Fence, for every use a fence can serve, the fence that wears best. The fence that, because its wire is coiled into shape lengthwise, not crimped, as other fences are.

The fence that's rust-proofed by heavy galvanizing, and soaked with permanent pure white zinc and lead paint on top of the galvanizing to make it slightly as well as almost everlasting. Tell us what you want a fence for, and how much fence and we'll name you the least price you can afford to pay.

There's somebody near you who sells the only fence you can afford to buy. If you don't know who that is, write
