

"Wear your hat bargain where your friends can't see them."—Dineen.

Is it possible to get bargain counter satisfaction in a hat? We don't think so. A hat to be on the bargain counter must be either of old style or poor quality. Such hats we do not sell. Yet our hats, for their quality and style, are bargain hats.

Being the largest dealers in Canada, we have the benefit of big discounts in buying, which we allow our customers. We have exclusive designs also by such makers as Dunlap and Heath, for whom we are sole Canadian agents.

P.C. DENT PLAYED DETECTIVE.

His Clever Work Landed Forger of \$20 Cheque.

Alfred Tedford seems to be a pretty smart sort of a fellow. He was in the Police Court yesterday on a charge of vagrancy. He was discharged, shortly after he left the Police Court, a cheque in the branch of the Imperial Bank, in the Rosen House block, Dent made further enquiries and ascertained that the cheque was supposed to have been signed by Jacob Kassel, a grocer, at 123 York-street. Kassel denied having issued the cheque, which was for \$20. Dent went to the Union Station, saw Tedford and another fellow, Hugh Smith, together and arrested them both. When searched, Smith was found with the cheque and made up the balance of the \$20. Dent showed considerable shrewdness in following up Tedford.

CANADA GAINS SOMETHING.

Montreal, Nov. 13.—M. H. Emerson, secretary of the Geographical Society of America, is in the city and will be interviewed by the press. In the course of an interview Mr. Emerson spoke of the Alaskan boundary question, and said that the result was that Canada had gained nearly five thousand miles of territory over which she had no claim, and had not, in fact, lost one single acre that she possessed formerly. The boundary line between the United States and Canada, he said, was the summit of the mountains, and between the mountains the height of the watershed, between the seashore and the interior. The award had lost to the United States a portion of territory over which the state and stripes floated. Up to the year 1806, and before the entrance of a railway into Alaska, said the Canadian, it happened to be an American and vice versa. Since the railway communication was established, however, American cities had virtually ceased to do business with Dawson City and the business of the north had passed into the hands of Canadians.

PRISON SUNDAY.

In connection with the observance of Nov. 15 as Prison Sunday, it is requested that the police and prison officials, prisoners and prisoners' aid associations be remembered as well as the cause of prison reform. It is also requested that the work and needs of the prisoners' aid associations of Canada be remembered. Funds are required. Donations may be made through friends or sent direct to the office of the association, room 12, Confederation Life Building, Toronto.

Ottawa, Nov. 13.—The Knights of Pythias are establishing a lodge in Ottawa, and for the purpose of conducting the opening ceremony a number of Grand Lodge officers are in the city.

More Testimony For Munyon

It would have spells of rheumatism, and at times it would give me great distress in my back and side. Many a time I have had to receive an injection to relieve the pain. I obtained a vial of Munyon's Rheumatism Cure at the free distribution, and I am now feeling quite well. I have had no pain since, and can move around freely and naturally. I am very glad to give my experience for the benefit of anyone who may be suffering in a similar manner." Mrs. F. Moffatt, 124 Mutual-street, Toronto.

Your druggist will recommend Munyon's Rheumatism Cure—ask him about it—only \$2 a vial.
