

43RD YEAR NO. 19058

THE ADVERTISER, LONDON, ONTARIO THURSDAY, JUNE 6, 1907—TEN PAGES.

PRICE TWO CENTS

"Trip Around The World" Ushered In; A Blaze of Glory at the Armories

Hon. Wm. Mortimer Clark Opens Big Entertainment in Presence of a Great Throng—Commends Work of Daughters of Empire—Lieutenant-Governor Entertained at Banquet—Drive Around the City

In a blaze of glory and before a crowd which taxed the magnificent armories to their capacity, the "Trip Around the World" was ushered in last night by his honor Mortimer Clark. Despite the weather, which was anything but propitious, thousands of people were attracted to the varied mazes of "the trip."

At 8:30 when the immense gathering was called to order by Mayor Judd, the scene in the mighty auditorium was one of splendid magnificence.

A sea of color was moving over the floor, and a buzz arose which drowned the voice of the city's chief magistrate. The dainty light-colored gowns of the ladies were intermingled with the more sober dress of their escorts. Here and there the brilliant uniform of some branch of the military service punctuated the scene.

Around the walls the beautiful buildings, typical of the different nations, stood out brilliant in variegated hunting and emblematic flags. Within them natively gowned ladies and attractively attired gentlemen sold their wares to the hundreds which crowded without. In the center arose the imposing funnels of the formidable line of battleships which guard the main entrance to the armories.

On the platform with the lieutenant-governor and the mayor were Mrs. Peters, Mrs. Leonard, Mrs. Judd and Mrs. Niven, representing the local chapter of the Imperial Daughters of the Empire; President George C. Gibbons, of the Canadian Club; his lordship Bishop Williams, Hon. Senator Coffey and Capt. Douglas Young, aide to the lieutenant-governor.

The tremendous crowd kept surging hither and thither, and it was impossible to secure a semblance of order until a megaphone had been pressed into use, manned by Ald. Gillespie, whose dulcet tones could be heard plainly through the great auditorium.

Lieutenant-Governor Speaks.

Hon. Mr. Clark was given a tremendous ovation by the audience. He thanked the mayor and people of the city of London for the very cordial reception which had been accorded him. He spoke of the great pleasure it gave him to be present on the auspicious occasion of the opening of the magnificent entertainment gotten up by the Daughters of the Empire, for the purpose of raising a fund to honor the Canadian heroes who gave their lives for the empire in South Africa. (Cheers.)

Woman's powers when she put her mind to any purpose have been famed for ages, but he marveled at the splendid culmination of the efforts of the ladies of London, as evidenced by the "Trip Around the World." (Cheers.)

It was a noble idea this, to erect a monument to the heroes from London. (Cheers.) It is a noble purpose of the Daughters of the Empire to endeavor to foster in the young people of Canada a love of country, a national pride, and a knowledge of what it means to belong to the British Empire—the greatest empire the world has ever known. (Cheers.)

A Beautiful Sentiment.

"I know of no sentiment which can affect the human heart," said his honor, "as can this sentiment of patriotism. (Cheers.) I know of no greater honor which can be paid a man or a woman than to say they were patriots. (Tremendous applause.) We all honor the sentiments fostered by the Daughters of the Empire, and we sympathize with their work."

Continuing, his honor said that he desired to express his appreciation of the work the Daughters of the Empire are doing in the schools. The giving of prizes for patriotic essays appeared to him a very practical way of fostering patriotism and of inculcating in the young a love of country by causing them to be interested in the history of the nation of which they form a part.

Canada Is Prepared.

Referring to the tremendous influx of population into Canada, the honorable gentleman said it is probably just as well that the tide had been delayed until the present, as in the past Canada was not as well prepared as now to assimilate the new-comers. He was glad to see the Canadians who years ago had left Canada coming back, for he knew of no better country to live in than this great Dominion. (Cheers.)

But it behooves us all to promote the spirit of patriotism, without which no country can ever hope to be great. In conclusion, he asked all present to give liberally to the monument fund. The ladies had worked very hard, and deserved the hearty co-operation of all.

(Continued on Page Two.)

LONDONERS WENT DOWN IN THEIR POCKETS IN WHOLE-SOULLED WAY

Spent Liberally at "Trip Around the World" and Cleaned Out Many of the Booths.

The "Trip Around the World" at the Armories is breaking all records in the matter of raising funds for public purposes.

Mr. J. I. A. Hunt, who has charge of the ticket arrangements, stated today that over 1,200 tickets were sold last night. Mr. Hunt also estimated the number of passes at 500, so that there were close to 2,000 people in the Armories when the Lieutenant-Governor opened the "Trip."

Many of the booths were practically sold out last night, and this morning there was a great rush for additional supplies.

Local fancy goods stores, confectioners, etc., are being heavily taxed to provide articles for sale.

The people of London last night went down in their pockets in a whole-souled way to provide funds for the soldiers' monument, and it would appear as though the "Trip Around the World" appealed to every class and condition in the city.

Lieutenant-Governor Clark and Capt. Young were able to walk about the city in peace this morning, their official reception having come to an end last night.

This morning they left at 11 o'clock via the G. T. R. for Toronto.

One of the aides who accompanied himself from the functions yesterday, has a "grouch" coming today.

Counting the Cost.

"Just think," he said, dolefully, "the council will spend \$600 to entertain one man, and yet it would not vote a few dollars for a gold watch for a brave fireman."

This statement has aroused the ire of a number of other gentlemen, who accuse the gentleman quoted above of a deplorable lack of loyalty and respect for the Lieutenant-Governor, and all he represents.

Local Barker says that the dinner and entertainment of Hon. Mr. Clarke will not cost anything like \$600.

No Significance.

A prominent member of the Canadian Club stated to The Advertiser today that the fact that Mr. George C. Gibbons was the only member of the Canadian Club to meet the Lieutenant-Governor at the station yesterday had no significance.

Mr. Gibbons and Dr. J. D. Wilson had been delegated by the club to meet his honor, but unfortunately at the last moment a serious surgical operation prevented the doctor going with Mr. Gibbons.

As to frock coats at the depot, the same gentleman declared that the club never attempted to say what should be worn at the reception of his honor at the station.

All the club had attempted to do was to impress upon the members that the luncheon yesterday, as upon all previous occasions, was to be a purely business man's luncheon.

Council Decides the Matter After a Warm Discussion This Morning.

After a lengthy, stormy debate the county council this morning voted to not accept the recommendation of the special committee on the road committee to the effect that the county contribute 25 per cent towards purchasing the road from the toll company.

Those opposed to the grant drew first blood, when Councilor Robinson, seconded by Councilor Toohill, moved that the words "no action taken" be inserted in that portion of the report recommending the grant.

Ungracious Move.

Councilor Glass, of London Township, sprang to his feet and remarked that he had not imagined that he would be called upon to reply to such an ungracious proposition as the motion implied. The Government grant had been reduced from \$3,666 to \$3,330, the city had backed down, and it was distinctly up to the council to do something toward the project. The vexed question had been threshed out for years, and it had come to a point where it should be settled once and for all. The people of London Township had backed down, and the matter of conditions in the matter of tolls for years, and if the question was laid over at the present time it meant that no relief could be obtained for several more years.

Councilor Kimball said the county council was in favor of the project a short time ago, and although the estimates on current expenses had run higher than was anticipated, he felt that the grant proposed would only be a year.

St. Thomas, Ont., June 6.—Murray Stephens, Wabash engineer, was committed for trial today on a charge of manslaughter. Stephens was the driver of the Wabash train which was involved in the fatal diamond crossing accident.

St. Thomas, Ont., June 6.—Murray Stephens, Wabash engineer, was committed for trial today on a charge of manslaughter. Stephens was the driver of the Wabash train which was involved in the fatal diamond crossing accident.

Would Wreck British Army

London, June 6.—"You are pariahs, bereft of the rights of citizens," "Trial by court-martial is a mockery," "Military law is rotten."

These are among the phrases in a circular headed "An appeal to soldiers," which was distributed at Aldershot yesterday by the Social Democratic Federation. It urges the soldiers to be dissatisfied with their lot, and demands the abolition, root and branch, of the national army as at present organized.

FATHER PLEADED IN VAIN FOR SON

Did Not Want Boy To Go To Mimico, but Magistrate Was Decided.

Edward Bishop, the young man who was brought here from Hamilton a few days ago to stand trial on a charge of theft, was arraigned before Magistrate Love at the police court this morning, and after pleading guilty to the charge, was sentenced to a term in Mimico yesterday.

Bishop is a mere lad, but has already been before the court several times on charges of a criminal nature. On one occasion he was sent to Mimico reformatory, but after spending a short term, he was allowed out on parole.

A short time ago he came to live with Mr. Presnall, in this city, and about three weeks ago stole a quantity of jewelry and other personal effects from the latter's home and made good his escape. He was located in Hamilton by the police of that city, who had been notified of the theft and were on the lookout for the youth.

Bishop's father is a very successful businessman, being at the head of a prosperous steamship company, and is highly respectable. He was in court this morning, and made every effort to induce the authorities to give his son another chance, but having once been in Mimico, and being out on parole as he was, the authorities could not do other than return the boy to the institution.

When passing sentence, Magistrate Love spoke very kindly to the youthful offender, and gave him some timely advice.

William McKenna, an inveterate drinker, was fined \$10 or 21 days. One first-timer was allowed to go.

Neither the mover of the nomination nor the mover of the motion.

DRUNK WITH A GUN
Created Some Excitement in East End But Did No Harm.

A rather dangerous drunk, Alexander Bremner, was arrested this morning in East London by P. C. Fysh, while staggering about the street with a big loaded revolver in one hand, and both pockets filled with ammunition.

Although Bremner, so far as is known did not threaten violence to anyone, he was flourishing the big pistol in a very reckless manner, which caused everyone who chanced to come along to take to their heels.

"I was just going up to the camp," Bremner, when asked at the police station what he had been doing with such a dangerous weapon.

THE WEATHER
TOMORROW—A LITTLE WARMER.

Today—Fresh northwesterly winds; fine and cool.
Friday—Moderate westerly winds; fine and a little warmer.

TEMPERATURES.
Stations. 8 a.m. Min. Weather.
Calgary. 42. 40. Fair.
Winnipeg. 42. 40. Fair.
Port Arthur. 50. 36. Clear.
Perry Sound. 46. 34. Clear.
Toronto. 46. 38. Rain.
Ottawa. 52. 32. Cloudy.
Montreal. 54. 48. Fair.
Quebec. 46. 38. Rain.
Father Point. 42. 42. Rain.

The first column in the above table records the temperature at 8 o'clock this morning, and the second column records the minimum temperatures during the 24 hours previous.

LOCAL TEMPERATURES.
The highest and lowest readings of the thermometer at the local observatory for the 24 hours ended at 8 o'clock yesterday were: Highest, 66.5°; lowest, 51° above.

WEATHER NOTES.
The disturbance which was over the Georgian Bay yesterday has moved slowly eastward, and is centered near Montreal. The weather is now fine and warm in the Western Provinces, and cool and showery in Ontario and Quebec.

NEW MODERATOR; REV. DR. CAMPBELL

General Assembly Elects Him After Keen Contest.

SESSION OPENS IN MONTREAL

Five Hundred Delegates on the Roll—Valedictory Sermons by Dr. Falconer.

Montreal, June 5.—The General Assembly of the Presbyterian Church in Canada, which convened in its 33rd session in Erskine Church tonight, honored Rev. Dr. Campbell, pastor of St. Gabriel Church, of this city, by electing him to the highest office in its gift, that of moderator, thus recognizing his long and valuable services to the church as one of the oldest Presbyterian ministers in the Dominion, for over forty years pastor of St. Gabriel's, and for the past 14 years one of the clerks of the assembly, in which once particularly his services have been invaluable.

The election of moderator, which was the striking feature of the opening session of the assembly followed a spirited, but friendly, contest, in which the names of the assembly figured. The meeting of the assembly was presided over by the assembly, and the delivery of the valedictory sermon by the retiring moderator, Rev. Dr. Falconer, after which the assembly was declared duly constituted.

The moderator then called for nominations for the office of moderator. The first name proposed was that of Rev. Dr. Mowatt, pastor of Erskine Church, which was submitted to the assembly by Rev. Dr. Tofts, who referred to Mr. Mowatt's high qualities as a preacher and a pastor, and drew attention to the fact that he was just 41 years old tonight that Dr. Mowatt was ordained to the ministry. Then Rev. Principal Gordon, of Queen's, rose, and in an eloquent speech, proposed the name of Rev. Dr. Campbell, of Montreal, referring to Dr. Campbell's long and valuable services to the church, and urging the assembly to recognize these services by electing him to the highest office in its gift. The nomination was seconded by Rev. Dr. Sedgwick, who also eloquently referred to Dr. Campbell's long services.

The Rev. Dr. Lyle, pastor of Central Church, Hamilton, who was the nominee of the Hamilton Presbytery, was withdrawn by Dr. Lyle himself, who, while thanking his friends for their kindness, said that he could not consent. The nomination of Dr. Mowatt was proposed as an amendment to the nomination of Dr. Campbell, which was the main motion.

Then followed in succession the nomination of Rev. Dr. Duval, of Winnipeg, proposed by Principal Patrick; Rev. Dr. Carmichael, of Toronto, proposed by Wallace, of Toronto, and Rev. Dr. Findlay, superintendent of missions of Northern Ontario.

Rev. Dr. Campbell Elected.

As each name was proposed a vote was taken between each and Rev. Dr. Campbell, and in every case Rev. Dr. Campbell secured the majority of the votes by hands. During the proceedings Dr. Campbell made the request that his name should be withdrawn, remarking that, while he appreciated the honor, he would be content to continue the work of clerk of the assembly.

Neither the mover of the nomination nor the mover of the motion.

REV. DR. R. CAMPBELL,
New Moderator of the Presbyterian
General Assembly.

CALL FROM TORONTO TO REV. J. J. ROSS

The Dovercourt Road Baptist Church Invites Talbot Street Pastor.

Rev. J. J. Ross, pastor of the Talbot Street Baptist Church, received a telegram from Toronto last evening stating that the congregation of the Dovercourt Road Church had extended a hearty and unanimous call to him to become their pastor. The pulpit was vacated recently by Rev. Jesse Gibson, who was appointed superintendent of the Upper Canada Tract and Bible Society.

"I will have to look into the matter thoroughly before giving the Dovercourt Road Church an answer," Mr. Ross told The Advertiser today. "The call was altogether unsolicited and unsought by me—in fact, I did not know until Friday last that my name was even being considered by the Toronto church. On that day I received a letter stating that the congregation wished to give me a call, and asking if I would entertain it, and my reply was that I could not give an answer until I knew its contents. I expect to receive the formal call today or tomorrow."

Mr. Ross has been at Talbot Street Church for four years, and it has made great headway since he came. Should he decide to go to Toronto, it will be a cause of regret to his congregation.

Dovercourt Road Church is the second largest of the Baptist denomination in Toronto, having a membership of between 500 and 600, and the largest Baptist Sunday school in the Province of Ontario.

MAT LONEY SELLS OUT?

Disposed of Well-Known Hotel for \$100,000. It Is Said.

[Special to The Advertiser.]
St. Thomas, June 6.—It is stated on good authority that the well-known summer resort hotel, the Loney House, kept for years by the equally well-known Mat Loney, has been purchased by Charles Weiner, proprietor of the Half-Way House on the London and Port Stanley gravel road, on behalf of Cyrus Stockton, a former hotelman of this city. The consideration is said to be \$100,000. What Mr. Loney's plans are is not known, but it is probable he will visit Great Britain and Ireland. The latter is his birthplace.

BARILLA'S MURDERERS SENTENCED TO DEATH

Must Die for Assassination of Former Guatemalan President.

Mexico City, June 6.—Florence Morales and Bernardo Mora were found guilty last night of murdering Gen. Manuel Barillas, former president of the Republic of Guatemala, in this city, on the night of April 7 last.

The jury was out 1 hour and 40 minutes. Upon the announcement of the verdict, the two defendants asked for clemency, citing the provision for 20 years' imprisonment. The court took the matter under advisement, and in 30 minutes returned, pronouncing the death sentence. The prisoners showed no emotion when their doom was pronounced. No date has been set for the execution as yet.

ALLETOWN IN PERIL FROM BOLD FIREBUGS

Incendiarists Start Many Blazes in Attempt to Destroy City.

Allentown, Pa., June 6.—What was apparently an effort of incendiarists to destroy the city of Allentown occurred here early today, when firemen were called almost simultaneously to fight three fires in the business section of the city.

The first fire occurred in the stock house of Bimler, Hunsicker & Co., one of the largest drygoods houses in the Lehigh Valley, the second in the Prince Furniture Company building, and the third at the furniture factory of Heilrich, Bohner & Co.

An effort was made to draw the firemen from the business section by turning in false alarms from remote residential sections of the city. The total loss was \$125,000.

"REDS" TRY TO WRECK A GRAND DUKE'S AUTO

Attempt Made to Kill a Young Brother of the Czar.

St. Petersburg, June 6.—There have been so many alleged attempts lately upon the lives of members of the Imperial house of Russia, that scarcely a day passes without the name of a member of the family being mentioned in connection with a plot to assassinate them. The latest, according to the Novoe Vremya, was a deliberate design on the life of Grand Duke Michael Alexandrovich, younger brother of Emperor Nicholas. In any event a serious attempt was made, narrowly averted. The scene was the Gatchina road leading to Tsarskoe-Selo, and the time yesterday afternoon. Piles of stones, completely blocking the highway, were discovered just before the passage of an automobile bearing the grand duke. They were hurriedly cleared away, and the Emperor's brother passed in safety.

SIR WILFRID AT ROME

Premier and Marine Minister Given Audience by Pope.

Rome, June 6.—The Pope today received in private Sir Wilfrid Laurier, the Canadian premier, and L. P. Brodeur, a Canadian minister of marine and fisheries and their families. The Pontiff informed his visitors that he followed with affectionate interest the progress made by the Dominion.

VILLAGERS ASSAULT PRIEST

Attempt to Lynch Abbe Who Was Harsh on Garibaldi.

Rome, June 6.—The people of the village of Giardini, Sicily, attempted yesterday to lynch an abbe because in the course of a sermon he denounced Garibaldi as a spurious hero. The abbe had to appeal to the protection of the carabinieri to escape from the mob.

BOND NOT READY TO JOIN US;
WARNS IMPERIAL GOVERNMENT

SUFFOCATED BY GAS

Deadly Fumes Kill Mother, and May Cause Daughter's Death.

Hamilton, June 6.—Mrs. Samuel Walsley, who resided with her husband and four children in a shack on the farm of James L. Taylor, a couple of miles from the city, was suffocated last night by coke gas. The other members of the family had a close call, and the oldest daughter is not yet out of danger. Dr. Rennie, who is attending her, says that she may die. A coroner investigated the case this morning, but decided that an inquest was unnecessary.

AWARDED CONTRACTS

\$8,000 Worth of Improvements at the Western Fair This Year.

The grounds and buildings committee of the Western Fair Board met this morning and let contracts totaling about \$8,000 to Kernohan & Wilson for new buildings and additions to the buildings of the fair.

The programme as announced some time ago will be carried out, with the exception of the enlargement of the administration building, which will be allowed to remain as it is for another year, the board not having the money necessary to improve the structure.

ORCHARD TELLS OF GHASTLY CRIMES

Steunenberg's Slayer Re-counts Diabolical Deeds.

SAYS HE ACTED FOR MINERS

Declares That His Real Name Is Horsley and That He Was Born in Ontario.

Boise, Idaho, June 6.—Harry Orchard, the man who says his true name is Albert Horsley, who assassinated former Governor Frank Steunenberg, at Caldwell, on the night of Dec. 30, 1906, resumed his gruesome story as a witness against Wm. D. Haywood, secretary and treasurer of the Western Federation of Miners, in the district court this morning.

The fearsome relation of five years of crime has not been finished. The climax is to come today, if, indeed, there can be a climax more terrible than the one already reached, in the narrative told by the witness. The story of the crime with which Haywood is charged is a revelation to the people of this country, if the story told by Orchard is true. So far as the people of Idaho and the presentation of this case are concerned, the climax comes today in the telling of the murder of Frank Steunenberg.

In his confession on the stand yesterday Orchard, without giving any of the earlier history of his life, without revealing the reasons that caused him to change his name, without a word of the wife whom he is known to have deserted, or of father and mother back in the old days in Canada, plunged at once into the narration of what he has done since early in 1890, when as a worker in the Coeur d'Alene he first joined the Western Federation of Miners. It is not to be supposed that his misadventures commenced with the lighting of the fuse that blew up the Bunker Hall mill at Wardner and killed two men to death, but today he must tell of the last crime of all, when on a stormy night as the old year was dying, he discharged a bomb that blew Frank Steunenberg to death within sight of his children, and within the hearing of his wife.

The Mangling of Bradley.

The testimony yesterday commenced in California, after the attempt on the life of Fred Bradley, who, according to Orchard, was blown from his own door into the street, and fearfully hurt by a crude bomb placed by Orchard under the mat in the early morning.

Bradley is now suing the San Francisco Gas Company, it is said, for personal damages resulting from the explosion, which he claims was caused by escaping gas. It is possible that Bradley may be called by the defense to refute the testimony of Orchard. Fred Miller, one of the counsel for the defense, is said to be in San Francisco, and it may be that he will secure the presence of Mr. Bradley. Mr. Mills was the first counsel to reach Orchard after the murder of Steunenberg, and it is stated that he will be called by the prosecution, should he return in time, to testify as to who gave him instructions to take up Orchard's case. Miller was at that time a lawyer in Spokane.

Poisoned the Milk.

One of the statements made by Orchard yesterday and which he did not explain was what became of the milk into which he said he put strychnine as it stood in the bottles outside Mr. Bradley's door. This may be brought out in the future examination, but it is understood that the servants at Bradley's house tasted the milk, and finding it was bitter from the strychnine took it over to a near-by saloon or grocery store where they bought fresh milk, and left the poisoned bottles. The keeper of the saloon may be a witness. The evidence to be produced in corroboration of Orchard's testimony is now the most interesting feature of the case. It is conceded that Orchard's statement on the stand is so remarkable that it calls for the most careful corroboration. They say that every detail will be substantiated, and it is pointed out that the detail brought out yesterday could have been suppressed, had not the evidence to support it been at hand. It is thought that the state, after searching Orchard's life for the past five years, may go into further detail covering the same ground before turning him over to the defense.

A Living Example.

Continuing his story today, Orchard told of almost unparalleled crimes. First he gave the names of several persons he met in San Francisco, when he went there to kill Fred Bradley, formerly manager of the Bunker-Hill & Sullivan mines in the Coeur d'Alene, Orchard part of the time was known as Barry. On returning to Denver, wearing a soldier's uniform, he called up Pettibone by telephone, and told him Bradley was alive, but had lost
