Alex. Bruce of Gormley, a prominent farmer and mill-owner in Markham Township, told a reporter for The World last night that practically the only coarse feed that the farmers can get at the present time is western wheat and corn, and that very large quantities of this are being brought in, tho the price is high. He said that spring seed wheat was almost unknown, and had sold as high as \$2 a bushel, and hard to get at any price. As to the labor question, work was going on alright, and it seemed likely that a full acreage would be sown. He said that in central Ontario no farmers would lose their crop thru lack of seed grain. committee of the council of workmen's

Resolutions Passed.

The following resolutions were unanimously adopted: Moved by Alex. Craig and seconded by Wm. McKitterick: "Having learned with regret the conditions of the temporary mail carriers in the service of the government, who are paid the starvation wage of \$2 per day, less the amount deducted for patriotic fund, and that it is impossible for a man and his wife and family to live in a respectable manner on this wage. An increase is requested dating back to Jan. 1, 1917. It is respectfully pointed out that the purchasing power of a dollar today is only 40 cents, compared to five years ago, when the postman's wage was fixed at 2 a day, leaving only 80 cents a day to live upon at present time."

Moved by Thomas Jones: "That the

It would be interesting to us if you, as a user of belting, would, before making your next purchase, get a verdict on "Gibraltar" from some of your friends.

Ask them if a stronger belt than "Gibraltar"—one giving more service with less loss of power—can be obtained anywhere; if any other product will survive heavy loads better; and, if, in withstanding the jerky strains consequent on fluctuation of power, any other belt can show a higher quality of friction in uniting the plies than "Gibraltar Redspecial."

We have evidence aplenty, in the form of voluntary testimony, which shows that for strength, durability and general service "Gibraltar Redspecial" is matchless. In the Biggest Saw Mills, Biggest Pulp and Paper Mills, Biggest Manufacturing Plants, one "driving force" is nearly always in evidence—Dunlop "Gibraltar" Belting.

For Drives, Rotaries, Edgers, Lath and Shingle Machines, or any kind Transmission work, there is nothing better than Dunlop "Gibraltar depecial" Belting.

Timothy Eaton Red Cross Entertains Returned Men

Nearly 100 returned heroes from the Hero of Ypres Presented With Spadina and College Convalescent Homes were last night entertained by the ladies of the Red Cross Society of the Timothy
Eaton Memorial Church to a hot dinner, and later a delightful program was tendered the soldiers in the auditorium. Dalton Baker, organist and choirmaster of the church, gave a number of selections, which were greatly appreciated, and was assisted by the quartet. During the showing of the moving pictures and the singing of patriotic songs the men joined heartily in the choruses, and in many ways added to the success of the evening.
