commissioner at a salary of \$8,000 a year in succession to Mr. Thomas Bradshaw, who recently resigned. The vote was 16 to 9 to refer the matter back to the board for further consideration. The following voted for the mayor's motion to refer back: Mayor Church, Controller Maguire and Aldermen Blackburn, Miskelly, Burgess, Phinnemore, Risk, Winnett, Baker, Maher, Nesbitt, Singer, F. W. Johnston, Cowan, Sykes, Whetter, Against: Controllers Cameron, Ramsden, Girbons, Aldermen Hiltz, F. M. Johnston, Maxwell, Beamish, Plewman and Birdsall.

Many of the aldermen in speaking year in succession to Mr. Thomas

Many of the aldermen in speaking on the subject made favorable mention of the recommendation of Mr. Brad-shaw that Mr. George Ross, a Toronto panker be given the appointment and it is understood Mr. Ross now has a good chance of getting the position. A motion was introduced by Aldermen Miskelly and F. M. Johnston urging the board of control to seriously con-sider his name when again making a

The board of control report was adopted with minor amendments. A strong fight was put up by Controller Cameron against the annexation of 96 acres of land in the township between Monarch Park avenue and Woodbine avenue owned by a syndicate and Mr John Harris, but annexation was ap-

proved by a targe majority.

Housing Still an Issue.

A long debate took place on the housing question, and in the end the coard of control's recommendation, that no more houses be constructed by the commission, was referred back further consideration.

The question of appointing the three transportation commissioners was mentioned briefly by Ald. Plewman, who said that council would not go on summer holidays until the appointments were made, and several aldermen voiced their approval of their men voiced their approval of this

The board of control sent along a recommendation that Magistrates Ellis and Kingsford be granted increases of \$500 and \$700, respectively, and council not only approved but voted almost unanimously to give Magistrate Cohen an increase of \$500 also, altho Mr. Cohen received an increase at the beginning of the year. Magistrate Cohen was a visitor to the council chamber during the evening to hear the good news.

Reburn Recommendation.

The recommendation of the appointment of Mr. Harry Reburn to succeed Mr. Bradshaw was the first item in the report of the board of control, and that the question be referred back to
the board of control for further consideration. Ald, MacGregor, who presided as chairman of the committee, appeared anxious to put the vote at once, but aldermen insisted on debating the recommendation. "It is not what the mayor wants; it's what this convention of the American Water-

Ald. Plewman said that if Mr. Bradshaw would serve as financial adviser, Mr. Reburn's appointment would an ideal situation.

Mayor Church in urging his amendto get a big man for the position, but if given more time he would try again to get a big man. It was absurd, he said, to appoint a man of Mr. Reburn's capacity to the position of treasurer. if such an appointment were made he would not accept the responsibility imposed upon him as mayor by law to administer the city's affairs and defend the treasury against the raids that are made upon it.

Controller Gibbons defended his nomination of Mr. Reburn. Mr. Bradshaw had brought the department to a high state of efficiency and it would be wise to bring in another man to undo all that Mr. Bradshaw had done.
Ald, Phinnemore wanted to look around
again for a thoroly capable man, and
Ald, Blackburn said, all kinds of lobbying had been going on for Mr. Reburn
from longers and political covariants.

Ald, Blackburn said, all kinds of lobbying had been going on for Mr. Reburn from lodges and political organizations.

Word for Captain Wood,
Controller Maguire declared he had always stood for promotion, but he could not sincerely vote for Mr. Reburn. He had looked into Captain Thomas Wood's references and found that he stood very high in the estimation of the banks and the financial men. he financial men.
Ald. Hiltz wanted to know why the

Ald. Hiltz wanted to know why the recommendation by Mr. Bradshaw of Mr. George Ross had not been considered by the board. Controller Ramsden said a meeting had been called of the board to meet and discuss the matter with Mr. Ross. But the mayor and Controller Maguire had not turned up. The whole council, said the controller, had voted to retain the services of Mr. Bradshaw as financial adviser, and some members, were now opposed to creating a dual authority in the treasurer's department. Ald. F. M. Johnston flourished an nonymous letter which he said had been circulated condemning the appoint nent of Mr. Reburn. He condemned such tactics.

tactics.

Ald. Singer said he did not think the nominee was qualified for the post, and Ald. Cowan did not like the dual aviable. thority which the appointment of both Mr. Reburn and Mr. Bradshaw would entail. Controller Cameron said Mr. Bradshaw would still be in the bity's service if it had not been for the badgering he had suffered while in office. Mr. Bradshaw had, however, consented to continue in an advisory capacity, and the city he thought would be very wise to accept his service.

The suggestion was made by Alderman.

The suggestion was made by Alderman Hiltz, that the board of control had been playing politics with this appointment Ald. Baker moved that the position be divided in accounting and financing branches, but he got practically no sup-

branches, but he got practically no support.

Opposition was offered by Ald. Baker to the recommendation of the board that the opening of a 33-foot street on the eastern city boundary be permitted at the request of Mr. Nurse, who proposed to arect houses there, but the recommendation was adopted.

Council referred back the recommendation to permit the erection of a public garage on Oxford street.

Deputations Heard

A deputation asked council to withhold he issue of a permit to the Toronto itreet Railway Company to erect a barrit Scarboro Beach Park and also take steps to stop the company from using his property as a place for sweeping and repairing street cars. It was decided to refer the matter to the city solicitor.

Second reading was given to the bill to acquire land for the extension of grading of Crawford St. to College St.

At the suggestion of Ald. Cowan, chairman of the board of health, the bylaw to authorize the purchase of the old hospital on East Gerrard street, was given second reading and was allowed to stand for two weeks.

Opposes Annexation
Controller Cameron raised the objection against the recommendation for the annexation of \$\frac{1}{2}\$ across the township. He said proposals of annexations should come from the city council and not from outsiders. The applicants in order the latter than the local improvements, but he felt sure this cost would be passed along to the township, when a requiset was made recently, there was little hope of supplex the was little hope of supplex and the purchasers of the lots. Controller Cameron also argued that as the commissioner could not supply any water to the township, when a requiset was made recently, there was little hope of supplex and the local improvements of the lots. Professing the was against annexation but the was an exceptional case. Danforth avenue was developing very rapidly and the city should control the district to for 1,500 feet north of this street. That would put the boundary roughly along Foiton. Cronyn and Sammon avenues.

A MAYORAL EXPLANATION.

An Ottawa despatch says Mayor Church of Toronto has written to the minister of labor complaining about the work of the fair wage officer, E. N. Compton, in Toronto, suggesting that some restraint be exercised.

In explanation of his letter Mayor Church said to The World last night:

"An interview with Mr. Compton apyeared in The World a few days ago in which he gave expression to fears of a general laborflare-up here. On several occasions he has voiced his fears of a general strike. This kind of talk, it seems to me, is not in the interests of Industrial peace or the interests of Toronto, and I merely gave expression to those views in a letter to the minister of labor."

PORTRAIT OF GENERAL PRESENTED TO TORONTO

A portrait of the late General M. S. Mercer, painted in oils, by Joshua Smith, was presented to the city, yesterday by Col. W. J. Morrison, on behalf of the G.A.U.V. The presentation took place in the council chamber before the beginning of regular business. In presenting the picture Col. Morrison referred to the splendid record of General Mercer, who fell on June 2, 1916, at the third battle of Ypres.

Major-General Williams, O.C. of this military district, who was taken military district, who was taken prisoner in the same action in which General Mercer was killed, referred to the fallen general as a great soldier and a good citizen, and he trusted they would all carry on as he had done both as a soldier and a civilian. General Mercer, said the mayor, in reply, "was a citizen and soldier of whom this country was proud and this portrait would always have a promin-ent position in the city hall."
