

SHARP DECLINE IN PRICES IMPENDING

PRICES RISING

Enormous Crops Being Gathered Mean Commodities Must Take Slump.

Chicago, Aug. 31.—The high cost of living is due for a fall in the immediate future, according to John A. Mitchell, chairman of the Illinois Farmers' Trust and Banking Group, and other financiers here.

Mr. Mitchell has just returned from the east and says the bankers in that section are confident that prices of practically all commodities will presently be forced down to a reasonable level.

Other commodities are bound to follow the grain and silk, broiler, sheep, rice and food products generally, he adds.

Enormous crops are being garnered and the great surplus means lower prices.

Bankers believe ample provision has been made for financing the great grain crops. They look for broad public buying of railroad securities, and say the country with improved railroad facilities that will bring back to solid earth.

Mr. Mitchell says the country will eventually "get back to solid earth."

EGG EXPORT MARKET EASIER.

Ottawa, Aug. 31.—(Dom. Live Stock Branch).—The export market is reported easier due to lower prices for eggs. The situation at Ontario country points has unchanged; country truck shippers receive 70c to 72c; broiler, 70c to 72c; sales reported at 71c to 72c; f.o.b. export board. Some eggs are being shipped to Toronto firm; specials, jobbing, 72c to 74c; extras, 66c to 68c; firsts, extra, 63c to 65c.

Chicago current firsts, 64c to 65c.

New York current firsts, extra, 58c to 60c; firsts, 54c to 57c.

British Canada, specials, shillings, per ton, dozen.

London, Aug. 28.—Slightly easier tendency, with Irish cheaper: English, 42d; Irish, 35s to 40c; Danish, 40s to 42s; Chinese, 75s. Poultry prices unaltered.

CHICAGO CASH PRICES.

Chicago, Aug. 31.—Wheat—No. 2 red, \$2.52 to \$2.53; No. 2 hard, \$2.52½ to \$2.54.

Corn—No. 1 mixed, \$1.50 to \$1.52; No. 2, \$1.48 to \$1.50.

Investigated Investments

The average investor has neither the time nor the facilities to investigate thoroughly any Company whose securities are offered to him.

We do this for our clients and our sources of information are such that our advice is invariably reliable.

CANADA'S REVENUE

LOOKS LIKE RECORD

**Expect New Luxury Tax
Boost It to Six Hundred
Millions.**

Ottawa, Aug. 31.—Canada will
a revenue during the present

year which will establish a record for federal receipts. From present estimates, and presuming that the luxury and sales taxes show no change during the remainder of the year, the revenues for 1935 will be commensurate with those of the month of their operation, the revenues for the year will approximate \$600,000,000, or an amount about 100 per cent. in excess of the record. This sum will be sufficient to meet all interest and pension charges, all expenditure for consolidated fund accounts, and

Advance All Along Line
Customs revenue show an increase all along the line. Income tax receipts are heavily in excess of those of last year, and indicate much more efficient methods of collection. Some idea of the amount of income tax to which the public is now subjected may be gathered from the fact that pre-war revenues never exceeded 200 million per year.

CUSTOMS RECEIPTS GROW

Customs revenue receipts for the month of August amounted to \$2,000,000 at Toronto port, an increase of \$958,349 over August, 1919, and over last July.

Company, Limited, desire to inform you that 100,000 Shares of Treasury Stock are now available for subscription. The subscription is to be subscribed for at \$1.00 per share. The subscription is to be made at 25c per share for every share subscribed. This offer will be withdrawn after the expiration of 30 days from the aforesaid date the stock is offered. In the direction of this Company.

PRICES ARE FAIR

POINTS TO CHEAPER SHIPS AND OCEAN FREIGHTS

COMMODITIES TO FOLLOW.

Ottawa, Aug. 31.—"Prices are coming down in almost all commodities," said Robert Dollar, president of the Robert Dollar Steamship Company of the Pacific coast. "This statement was made from the knowledge of the carrying trade of the oceans of the world."

"At the present time," he said, "shipping can be obtained at a cheaper rate on the Clyde—as they can be built in the United States or in Canada, and are not as familiar with Canadian waters as the ships of the United States ones, but there is no question as to facts. Cargo boats can be bought on the Clyde and brought over here with a great saving over having them built here."

Says Ships Are Cheaper.

"Ordinary cargo boats today are selling on the Clyde at 20 pounds, \$100 a ton. When the money is sent from the United States, and the difference in the exchange of the two countries is taken into account because of the exchange situation, this means just about \$70 per ton in United States money. The same ships in the United States cost \$160 a ton to build. I expect the Canadian prices are not far off this figure."

"Ocean freight is coming down materially. At the present time char-

ters are being made from the low
provinces to the United Kingdom at 100 shillings. A year at
a half ago the rate was 300 shillings.
A slump has already taken place
in a number of commodities. The
whole question is a question of supply
and demand, which is something
people often forget. You can twist
circumstances around and govern-
ments can by certain actions de-
stroy the working of the law of supply and
demand, but not for long.

SEEKING A NEW TRIAL FOR JOSEPH REMILLARD

Quebec, Aug. 31.—(By Canadian
Press).—M. A. Lemieux, K.C., will
present a petition to the court to
appeal this week requesting a new
trial for Joseph Remillard, who was
sentenced to hang on October 15 af-
ter inciting his son Romeo to shoot
a caller at their home.

At Lauson last January, Lieut.
Lucien Morissette was shot and killed
by Romeo Remillard, who is now
serving a life term for the crime.

Lightning Near Kingston Strikes the Martello Tower

Kingston, Ont., Aug. 31.—(Special).—
In a terrific storm at Wolfe Island
this morning lightning struck the
barns of James J. Duggan and Howard
McCree and both buildings with
stores of hay and grain were de-
stroyed with heavy loss.

During the storm lightning struck
the historic Martello tower on Cedar
Island and the roof was destroyed.
