

of God. A goodly number were converted and added to the Church. Our Sabbath-school has not been as flourishing as we would desire, owing to the lack of suitable and efficient officers. Our connexional funds have been fairly sustained, and our congregations largely increased. Our membership has suffered very much from removals, deaths, and other causes. Bro. James Spaniard, our local preacher, was accidentally shot while hunting in the back townships. He was a devoted servant of God. The spiritual tone of the Church has been much improved, and all our services have been seasons of grace and delight. Present membership: Received, 13; on trial, 12; full members, 21; total, 33; increase, 4. W. V. SEXSMITH.

ST. CLAIR.

Your missionary renders thanks for the mercies of another year. Our congregations have been good, our class-meetings, prayer-meetings, and quarterly meetings have been times of refreshing. Believers have been quickened, backsliders reclaimed, and sinners have been converted to God.

Our Sunday-school has been kept open the whole year by your missionary, assisted by the teacher and several young people, who take an interest in our school. Our day-school is doing well, under the care of our present teacher.

Eleven have died during the year, some of whom witnessed a good confession; one, a young man who died of consumption, obtained a clear evidence of pardon a few days before he died, and, rejoicing in the hope of heaven, called all his relations around his dying bed, and exhorted them to forsake all their sins, to trust in Jesus, and try to meet him in heaven.

We would make grateful mention of the kindness of our missionary authorities, who, at the solicitation and under the direction of our Chairman, granted the means for repairing, painting, and papering the mission house, making it very comfortable and respectable for the missionary and his family.

We were favored at our missionary meeting with a visit from Dr. Meacham, of Japan, who encouraged our people with kind words to give of their means to the cause of God. Our District Superintendent and Brother Fallis accompanied him, and also spoke kind words to the people.

Our members are: Whites, 2; Indians, 176; total, 178.

A. MILLIKEN.

STONEY AND KETTLE POINTS.

There is nothing very special to note on this mission field, owing to an order from Government preventing the Indians from selling posts. They were placed in very trying circumstances, for they generally depended on them for their living. We petitioned the Minister of the Interior, and after a considerable time succeeded in getting

the order cancelled, which prevented the posts from being done. Consequently, the K. are talking of increasing their membership.

By the help of the missionaries, we promote the growth of the congregations, and in some instances, on the island, where the families of the missionaries are.

We confide in the missionaries. During the year, to assist in the work, money, has been raised for the mission fund. In peace, two of the several conversions have resulted in an increase of the membership.

Our Sabbath-school appears to be increasing. God's people.

There is no doubt that there has been with the missionaries precious souls added to the Church. Jesus. A good cause is a cause of that we have been having special services. Both died well. Both died well near the close of the year, and the conversion of refreshing. Meeting was a speaking and enabling us to have prayer-meetings waiting upon the Lord. May God continue the missionary labors. Members, 114.
