POOR DOCUMENT

A Gin Pill Reason

Many people are veritable human interrogation points. They invariably want to know why?

They ask why **Gin Pills**

are superior to other Kidney remedies. One reason is that Gin Pills are antiseptic in their action, cleansing, healing, purifying from the start, thereby effecting a speedier and more certain cure. The effect is immediate. All Druggists, 50cts. per box, 6 boxes for $2.50 or direct from

WHEN MR. SAGE MADE MONEY

Periods When Call Money Went to Very Fancy Figures.

Russell Sage's holdings in large corporations were diversified and widespread. He was a director in twenty-six large corporations, and a considerable share of the great fortune consisted of the stocks he owned in them.

The dead financier was credited with having more ready cash than any other of the powerful Wall street kings, and when money was tight Mr. Sage reaped big profits by loaning at exorbitant rates.

The following table shows the times of tight money in Wall street when by loaning at exorbitant rates Russell Sage made fortunes:

Year.	Per cent.	Causes of panics.
1890	186	Baring failure.
1892	40	Bulling of stocks.
1893	74	Panic in stocks.
1895	100	Free silver agitation.
1896	127	Election.
1899	186	Boer war.
1901	75	Northern Pacific panic.
1902	35	Gates bull market which collapsed.
1903	15	Not so tight that year.
1905	125	Bears held up the money.

$10,000,000 TO INVEST HERE

Mr. Stewart, of the Sovereign Bank, Places it at That Amount

D. M. Stewart, general manager of the Sovereign Bank, places at $10,000,000 the amount of capital which British and other investors, who have been in communication with him, wish to place in the industries of the Dominion of Canada. The general manager said yesterday that capitalists with a long experience in the United States, South African, Australian and other industries, had reached the conclusion that Canada, from the Atlantic to the Pacific, offered the best and safest field for the investor. They had come to appreciate the Dominion's great and varied resources, and have confidence in the future of the country.

Mr. Stewart has been deputed by these capitalists to secure an interest in several growing industries of the country, but he could not yet particularize as to name and locality. Some preferred woollens, others pulp mills, and so on.

Mr. Stewart sails this week on the Empress of Britain.—Montreal Star.

EXPORTS TO UNITED STATES

The export statistics from this port to the United States for the fiscal year ended 30th June, 1906, shows the large increase over the preceding year of $517,077. The principal articles which have increased are pulp, lumber, laths and salted hides. The exports to the New England states are increasing yearly, and if the present business keeps up, the $3,000,000 mark will be passed for the incoming year.

Pure Wool

at the Hewson Mills means fresh wool that has never been woven before.

"Pure" wool—in some mills—means rag shoddy (old cloth, torn up and re-woven) and cotton. It is neither pure, clean, fresh nor sanitary.

The Hewson trademark means cleanliness as well as quality. 63

ST. JOHN MARKETS

TIMES OFFICE July 26.

The staple market outlook for the present at least is somewhat uncertain. This is particularly true of flour when it is considered that there is considerable hesitation about buying, in fact, one local dealer told the Times that in view of the existing conditions he would not buy at all. Sugar is likely to go skyward, but otherwise, the market is much the same as last week, rather quiet for the time of year.

Although, as already stated, sugar has an upward tendency the price at present is unchanged. There is no variation in pork and beef and while cheese is lower in Montreal, the local market remains firm. The figures on canned goods are unchanged, save for peas, which are plentiful but no price is named.

In the fish market salmon is running from 12 to 13 cents, hake is off but no figures are named. Herring is lower and commands from $2.25 to $2.50 a half barrel. Medium and large cod command $4 and small are selling at three. Smoked herring are quoted from 8 to 9 cents.

From present indications the fish market will remain about the same for some time.
