AMERICAN IS SHOT FOR MOOSE

Fatality in New Brunswick Woods Victim's Brother-in-Law Fired Fatal Shot

Fredericton, Oct. 30.—Andrew Hamilton Neely of East Woodstock, Conn., died in the Victoria Hospital here at five o'clock this morning, seventeen hours after being shot in mistake for a moose by his brother-in-law, Norman Sharpe of Nantardale, York county. Mr. Neely was aged thirty-two years and is survived by his wife, formerly Miss McClusky of Lunenburg, and his half sister, Mrs. Neely. The body will be sent to East Woodstock this evening accompanied by his brother-in-law, who now are in Fredericton.

Mr. Neely was in this province last year on a fishing and hunting trip and was so well pleased with the sport that he returned in the fall. He was accompanied by his brother-in-law, who went out after moose near Montardale. Mrs. Neely remained at that place, which is five miles from Millville, on the Gibson branch of the C. P. R. The accident occurred about noon on Monday. Dr. M. L. Jewett of Millville was notified but was unable to get to the injured man before 3:30 in which time Mr. Neely had been carried out of the woods on a stretcher a distance of three miles. Dr. Jewett did what he could for the man and arranged for Dr. W. H. Irvine of Fredericton to take the case in the Victoria Hospital. The wounded man was brought here by railway and taken at once to the hospital where an attempt was made to save his life but without avail. Dr. R. H. McGrath and Dr. C. P. Holden were associated with Dr. Irvine.

It was found that a soft nosed bullet had struck the butt of Mr. Neely's rifle and then had penetrated the abdomen carrying with it fragments of the weapon. These fragments and the bullet were sent to the coroner for examination. It was impossible to tell what recovery would have been had the bullet been a hard nosed bullet.

Just before the fatal shooting occurred the men were each on a small birch covered hill with a swale between them. Through the bushes of some alders he thought he saw the horn of a moose and heard a sound as if that of the animal moving through bushes and toward the swale, watching for the animal which he thought was just ahead of him.
