Home seekers' excursions VIA C. G. RAILWAYS
To Manitoba and the Canadian North—West—Choice of Routes; The City Bell Country

Second class excursion return tickets will be sold every Wednesday until October 25th, to Winnipeg, Regina, Saskatoon, Calgary, Edmonton and numerous other points in the Canadian North West. These tickets will be good for return within two months from date of issue. Full particulars can be obtained from any ticket agent of the Canadian government railways.

Holder of these tickets have the choice of different routes. They can travel via Quebec and Canadian Government Railway to Winnipeg—the route of the Western National Express, or by the new "Transcontinental Line" via Toronto, North Bay, Cochrane and Canadian Government Railways to Winnipeg.

Home seekers' tickets reading via Quebec will be good for stop-over at Doucet, Que., Hearst, Ont., and intermediate Canadian Government Railway stations, while tickets routed via Transcontinental Line will permit stop over at Cochrane, Ont., Hearst, Ont., and intermediate stations, with the additional privilege of purchasing side trip tickets if desired at Cochrane for points on Canadian Government Railways, including Doucet, Que., at special low fare.

The above arrangements will permit passengers to inspect splendid new farming country in Quebec and the famous "Clay Belt" of new Ontario—a rich farming territory opened up by the new line of the Canadian Government Railways.

Orkney, now connected with the most momentous tragedy of modern times, was acquired by Scotland in a curious way. In 1469 a Scots Embassy went to seek "a sea-king's daughter from over the foam"—Margaret of Norway; and her impetuous father, King Christian, being unable to pay a dowry of 60,000 florins, gave Orkney and Shetland, in pledge. As the florins have not yet been paid, the isles remain a British possession.

An Ideal Farm Paint
Around the farm or home, wherever you have surfaces exposed to wind, wear and weather, you can save money and the trouble of renewing things, by using Everjet Elastic Paint.

Carbon points are the most durable of all paints. It is the ideal roof paint. Stops made. It is a good many years to the life of a roof.

Wonderful on metal surfaces because it is elastic and will not crack or crack under temperature changes. It will keep your implements fit, try some. You will never be without it.
