EDDIE ROUSH WANTS \$18,000

Holding Up Reds for That Salary.

"Ty" Cobb Drops "Pep" Young, Veteran Second Baseman—Several of the Giants' Players Hurt—Late News in Sport World.

Cincinnati, April 4.—Eddie Roush, holdout center fielder of the Reds, is willing to eliminate his demand for a three-year contract, but will insist upon receiving \$18,000 for the season. This, according to dispatches received here, was the report Ivy Wingo delivered to Manager Moran yesterday at Indianapolis. Wingo said the holdout seemed to be set on this amount.

The Reds are booked for games with the Hoosiers at Indianapolis today and tomorrow.

Cleveland, April 4.—The rain continues on the trail of the Cleveland Indians, forcing the cancellation of another game yesterday. The Indians and Kansas City are scheduled for a game today.

Detroit, April 4.—Waivers have been asked by Manager Cobb of the Detroit Americans on "Pep" Young, veteran second baseman.

In announcing his decision to drop Young, Cobb said he wished to fill the place at second permanently and was doubtful whether the veteran would regain his old-time form. Young's erratic throwing last season caused him to be dropped for a time from the regular line-up.

Giants Crippled.

New York, April 4.—The New York Giants having disposed of the Memphis team in five straight starts, were at Knoxville today for the continuance of their series with the Tennessee White Sox. The McGraw outfit is more or less crippled, and will remain so until it lands at the Polo Grounds for the regular season.

St. Louis, April 4.—The Athletics trounced Mississippi College yesterday 12 to 2, while the Phillies were having as little difficulty in defeating Charlotte, N. C., 12 to 3.

Pittsburg, Pa., April 4.—In Independence, Kan., yesterday, rain prevented play. The Pirates left for Miami, Fla. Two games with the Denver team in the Western League are booked for today and tomorrow.

St. Louis, April 4.—The St. Louis Nationals today were scheduled to play the Little Rock Southern Association team at Little Rock, after losing 8 to 5 to the Shreveport team of the Texas League at Shreveport, yesterday.

Chicago, April 4.—While the Chicago Nationals continued their ride back to the middle west from California, the Americans were in Knoxville, Tenn., ready to resume hostilities with the New York Giants. The White Sox played a listless exhibition game with Chattanooga and won, 8 to 3.

New York, April 4.—Baseball enthusiasts of Brooklyn were today convinced that their National League team had won the Mason and Dixon championship. The Dodgers were at Memphis to resume combat with the New York Yankees, and in view of their 12 to 9 victory over the American Leaguers yesterday at Little Rock, their followers had every right to feel pleased.

Reuther and Grimes held the Yankees to five hits. Reuther hurled for four innings and Grimes finished the game. Carl Mays had the doubtful distinction of being the first Yankee pitcher to be batted out of the box, his Waterloo coming after one man was out in the fourth inning. So disgusted was Carl when he saw Lefty O'Doul coming to the rescue that he threw the ball over the grandstand.

Bill went hitless again, to the joy of the Dodgers and the disappointment of the crowd.

Chicago, April 4.—Johnny Meyers of Chicago, claimant of the middleweight wrestling championship of the world, was given the referee's decision after twelve rounds of wrestling here last night with Ralph Parcut of Spencer, Iowa. The match was slow.

Oklahoma City, Okla., April 4.—Hugh Walker of Kansas City and Harry Krohn of Akron, Ohio, fought ten rounds to a draw here last night. They are light heavyweights. Hanford MacNider, national commander of the American Legion, witnessed the bout.

Montreal, April 4.—Grandeur Guards soccer officials have signed Ferguson, last year with the Halifax shipyard eleven, and the speedy forward will most likely be seen with the regimental team in the senior division this season.

Little Rock, Ark., April 4.—Charles Renton, claimant of the middleweight wrestling championship, won a handicap match from Stanislaus Zbyzsko, former heavyweight champion last night. The two agreed to win two falls within 75 minutes. Zbyzsko won one fall in 53 minutes. They will wrestle two weeks hence in a finish match, two falls out of three.

THE PASSING OF A GREAT CANADIAN

The late Sir John Craig Eaton, President of the T. Eaton Co., Ltd., the largest retail merchant business in the British Empire, who passed away at his residence "Ardwold," Toronto, in the evening of March 30th. The other picture is that of Lady Eaton, who with her five children and Sir John's mother, brother and two sisters, survive to mourn his loss. He was a great philanthropist in every sense of the word, and his loss will be keenly felt throughout the Dominion.

RESIGNATION OF MARTIN IS IN

Meeting in Regina Today Relative to New Premier for Saskatchewan—Looks Like Dunning.

Regina, April 4.—Premier Martin last night placed his resignation in the hands of Lieutenant-Governor Newlands.

The lieutenant-governor has no indication as to whom he will call upon to form a government, but is giving the matter consideration. His honor has, in the meantime, asked Mr. Martin to remain in charge.

Provincial members supporting the government are in the city together with many members of constituency executives and other supporters from all parts of the province. The members will meet this afternoon and there will be a meeting of constituency executives and other supporters, in conference with the members tonight.

It is generally expected that Hon. Charles Dunning, provincial treasurer, will be called upon to accept the premiership. Premier Martin is slated for a judgeship in the court of appeals in Saskatchewan. It is believed, provision being made for the appointment in a bill to be given final reading in the Dominion House very soon.

RETURNING TO ST. LAWRENCE

Victorian and Scotian to be Back from Indian Service—Have Been Running for Government.

Montreal, April 4.—It is announced that the Canadian Pacific liners "Victorian" and "Scotian," which have been in service between England and India, will soon return to the St. Lawrence route.

The two liners were chosen out of many offered for the transportation of soldiers and their families from Britain to India. They entered the service of the British government last fall and have been running continuously since.

The liners were completely refitted for the tropical run through the Suez canal, being supplied with awnings, electric fans and other equipment necessary for the tropical services. They are now to be reconducted for the north Atlantic service for which they were originally built and the "Scotian" will be among the first liners to dock here this season, her schedule date being May 6.

"Victorian" will follow her on May 21st. It is further stated that the "Scotian" will replace the Canadian Pacific's Glasgow liner "Pretorian" on the Glasgow service and will be a running mate to the "Metagama" and "Tunislan" which have also been assigned to the Glasgow run for the 1922 season. The "Victorian" will resume her Liverpool run. She was brought to Montreal for the first time last season as a cabin liner, being formerly a first, second and third class passenger carrier in the company's service between Quebec and Liverpool.

MAY RUN LINE OF STEAMSHIPS TO MEXICO

Government at Ottawa Looking Into the Matter.

Ottawa, April 4.—(Canadian Press)—The question of appointing trade commissioners to Mexico is under consideration by the government, so Hon. James Robb, minister of trade and commerce, said in the House of Commons yesterday. The government is also considering inaugurating a steamship service from Canada to Mexico both on the Atlantic and Pacific coasts.

IN PARLIAMENT

Ottawa, April 4.—(Canadian Press).—Today in the House of Commons the resolution in regard to the department of defence will be first taken up and then the bill based on the resolution. Afterwards the house will go into supply on the estimates of the department of Indian affairs, to be followed by those of the department of finance.

The Senate will not sit. Yesterday in the House of Commons Premier King said that it was the intention of the government to reconstitute the filled cancellation board.

Third reading was given to the interim supply bill. Second reading of a bill to repeal the military service act was moved by J. W. Woodworth (Labor, Winnipeg Centre). After some discussion the bill was dropped.

The military service act is dead. The prime minister, the leader of the opposition and the speaker of the house together pronounced that it was only applicable to the war and that the bill, sponsored by Mr. Woodworth, seeking its repeal was unnecessary.

Dr. Hernes Deslauriers (Liberal, St. Mary's, Montreal) pressed on the house the necessity of electrifying Canadian government railways "on all lines where electric power is available."

MARGOT ASQUITH SAILS FOR HOME

Mild in Farewell References to Her Experiences in the United States.

New York, April 4.—Margot Asquith, who will sail for England on the Mauretania today, said her farewell to the United States in a lecture in the ball room of the Waldorf Astoria last night.

She was advertised to speak on "My American Experiences." She was rather expected that her summary would be caustic. But it was decided it was quite mild and complimentary. She reminded her of the incessant action of the prohibition law hardly salutary for the young, the billboards all too prevalent, and the rush to make money in a hurry.

She was completely refitted for the tropical run through the Suez canal, being supplied with awnings, electric fans and other equipment necessary for the tropical services. They are now to be reconducted for the north Atlantic service for which they were originally built and the "Scotian" will be among the first liners to dock here this season, her schedule date being May 6.

GERMAN GOODS TO PAY BELGIUM

Paris, April 4.—The reparations commission have tentatively approved of the agreement for the payment in goods to Belgium by Germany, negotiated by M. Benelmans, Belgian member of the commission. The commission made certain modifications in the agreement, which Germany will be asked to accept.

Final approval also was given to the Wealden agreement between France and Germany with the addition of certain features taken from the Benelmans plan.

BALFOUR ACCEPTS EARLDOM

London, April 2.—As was fore-shadowed a few days ago, an earldom has been offered to Sir Arthur Balfour and he has accepted. This was definitely learned tonight. Official announcement of his elevation to the House of Lords will be made in a few days.

MARRIED 13, HE GOES TO PRISON

The Self-Confessed Spouse of Many Sentenced for Embezzlement and Bigamy.

Indianapolis, April 4.—Issiah Moore, self-confessed spouse of thirteen wives, was sentenced to serve from two to four years in the state prison yesterday on a charge of embezzlement and was fined \$1,000 and court costs and disfranchised for five years.

Mr. Moore said to have confessed to having at least thirteen wives and also was sentenced to serve from two to five years in the state prison on a charge of bigamy.

According to the police, he is said to have obtained more than \$2,000 from his wives. In each case after he had been wedded a week he disappeared.

DO NOT HELP IN ENFORCING PROHIBITION

Dry Chief in United States Criticizes the Buffalo City Authorities.

Buffalo, April 4.—Buffalo's municipal authorities have not given proper cooperation to prohibition enforcement agents, it was charged yesterday by Roy A. Haynes, national prohibition commissioner after a four hour conference at which Mr. Haynes, Ralph Day, federal prohibition director for New York, and General Agents Thomas and Lecarron were present.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. P. Stapp, director of meteorological service.

Synopsis.—The weather has been comparatively mild throughout the Dominion, with showers in some sections of Saskatchewan and Ontario.

Forecast.—Moderate winds; partly cloudy and mild today and on Wednesday.

Maritime.—Moderate winds; partly cloudy and mild today and on Wednesday.

New England.—Unsettled weather, probably local rains tonight and tomorrow, little change in temperature, slight variable winds.

Toronto, April 4.—Temperatures:—Lowest Highest during night.

MINERS TAKE UP OTHER WORK

Some Leave for Homes in Other Countries.

Railroads in Coal Region Reduce Forces—Reported Some Independent Anthracite Producers Offer to Grant Demands of Strikers.

(Canadian Press) Wilkesbarre, Pa., April 4.—The fourth day of the suspension of operations in the anthracite coal fields of Pennsylvania found many of the 150,000 idle mine workers seeking employment in other local industries. Others were preparing to leave the district, some for their old homes in foreign countries. Large numbers already have left and each departing train carries its quota. Many withdrew their savings from the banks and said they did not expect to return.

With the exception of the maintenance forces exempted under the suspension order, mines throughout the three hard coal districts were deserted. None of the collieries have made an attempt to operate, and everywhere quiet prevails. Most of the railroads piercing the coal region are cutting down their forces as a result of the tie up.

Acceptance of these offers, hailed by the union men as the "first break in the ranks of the operators" may result in the negotiation of separate contracts and reopening of the mines who disappear according to district presidents of the U. M. W. of America.

J. C. Golden, president of district 9, at Shamokin, said that at the Philadelphia and Reading Coal Co. at Locust, Pa., thirty men have been digging frantically for three months in search of a mine. He said that he disappeared under an avalanche of hard coal early last January.

Nine hundred tons of anthracite have been removed from the scene of the collapse in the effort to uncover Hulsick's body, Mr. Golden asserted. If the work goes on, he said, the men who disappeared in the rescue work would continue at the rate of about twenty tons a day.

THE POLITICAL AIR IS CLEARED

The Fight Against Coalition, Though, Not Ended.

Looks Like End of the Embargo Against Canadian Cattle—Future of Sir Hamar Greenwood Under Discussion.

(Canadian Press Cable) London, April 4.—The overwhelming victory of Premier Lloyd George in the House of Commons yesterday, when he was given the confidence of the house by a vote of 372 to 84, has had the effect of a quick, violent thunderstorm in clearing the political atmosphere.

Apparently stung by intimations that he was dodging a direct vote of confidence in presenting his resolution calling for support of the government's policy toward the Genoa conference, the premier threw down the gauntlet early in the debate and declared the cabinet would stand or fall on the result of the division. He said today in answer to a question of the strength of the government.

The opposition entered its attack behind the laborite amendment which would have declared lack of confidence in the government when it went down in an avalanche of "no's" the issue was as good as decided, and the subsequent debate was almost perfunctory.

The fight against the coalition, however, has not been abandoned, and Sir Wm. Joynton-Hicks, unionist, plans to put forward in the house tomorrow a motion to the effect that "in the opinion of this house, lack of definite and coherent principle in the policy of the present coalition government can only be remedied by the establishment of a ministry composed of men united by identity of political principles."

The Cattle Embargo.

London, April 4.—Time for the discussion of the Canadian cattle embargo in the House of Commons cannot be found before Easter, so Rt. Hon. Austen Chamberlain, government leader, has given way to the sentiment of a question. The government, he said, would leave the decision as to the question of lifting the embargo against Canadian cattle to the free vote of the House of Commons. This announcement was greeted with cheers.

The Daily Express regards this as foreshadowing the doom of the embargo. The newspaper says this momentous concession is really a victory for Right Hon. Winston Churchill, secretary of state for the colonies who had expressed the opinion to the minister of agriculture, Sir Arthur Griffith-Boscawen, that the embargo should be raised.

Greenwood's Future.

Lively speculations are being indulged in with regard to Sir Hamar Greenwood's future. It is now suggested that he will be given the chancellorship of the Duchy of Lancaster, a sinecure held by Lord Peel, the new secretary of state for India. The Morning Post asserts that such an appointment would be very unpopular with the majority of the government supporters, the administration of Sir Hamar as chief secretary for Ireland having no commendation from any quarter.

GRANITE WORKERS ARE ON STRIKE

Boston, April 4.—Granite quarries in all parts of New England were idle yesterday as a result of the refusal of the granite cutters' international association to accept a new contract providing for a reduction in wages. Union workers in almost every granite yard responded to the strike call. It was estimated that nearly 5,000 workers were affected.

The only place to escape the effects of the suspension was Stonington, Maine. The sixty men in quarries there, where normally 800 are employed, continued to work. The open shop plan went into effect there three weeks ago.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "on a bit of lawn beside the street this morning I saw a sparrow light, tear up several tufts of the dried grass and fly away. The sparrow's nesting time must be at hand. Whether we fall to get cheap power, or lower railway freight rates, or harbor development, or pasteurized milk, or anything else we may seek to obtain, the sparrows go about their family affairs entirely undisturbed by our troubles. I sometimes envy them."

"Yes, sir," said Hiram, "as far as we can judge they don't carry over no troubles from last year or the year afore. Every day is a noo day, an' every season has its own fun for the sparrows. They don't hev to pay no rent or taxes or coal bills. They don't hev to worry about dry goods or high-heeled shoes or what the neighbors say about 'em. An' not a sparrow falls to the ground but the Good Lord knows about it. I know some human critters ain't half as deservin' to be remembered by Him. That's as sure as you're livin'—yes, sir."

Madrid, April 4.—"As dean of the sovereigns and grievously impressed by the circumstances attending the death of Emperor Charles," says King Alfonso in a telegram sent to Pope Pius immediately he learned of the death of the former Austro-Hungarian ruler, "I take the liberty to request Your Holiness to use your authoritative voice to the world in order to furnish his widow and children the necessary means of existence taking into account the condition of the widow, which the most elementary principles of humanity respect and protect."

"I am certain the sovereigns and chief of state, conquerors of the former Austro-Hungarian empire, will join us with their provisional generosity, that it will not be denied on this occasion."

The Spanish court will go into mourning for the maximum period for Charles. King Alfonso received a personal telegram from former Empress Zita, announcing the death of Charles, and the entire royal family replied expressing condolence.

Funeral Tomorrow.

Funchal, Madeira, April 4.—The funeral of former Emperor Charles of Austria-Hungary will be held with service in the parish church here at four o'clock on next Wednesday afternoon. Francis Joseph Otto, eldest son of the dead monarch, who is now treated by the family as a sovereign, was out gathering flowers yesterday to place on the bier. Former Empress Zita remains beside the body of her husband night and day. Charles during his illness was nursed by Zita, the Archduchess Maria Theresa and Countess Mensdorf.

An Austrian specialist, Dr. Hugo Delug, who was summoned to the bedside of Charles arrived yesterday from Vienna by way of Lisbon.

It is said that in January seventy cases of goods for the former imperial family arrived in Funchal by way of England.

BIG MAJORITY FOR SOLDIER BONUS IN THE U. S. SENATE

Washington, April 4.—(Canadian Press)—A census of the roll shows that the soldiers' bonus bill will pass that body by an overwhelming majority. Its opponents have almost lost hope of preventing its passage, though they try delaying tactics. The final committee plans to report it soon after disposing of the report on tariff.

BOILER EXPLODES; TWO ARE KILLED

Plattsburg, N. Y., April 4.—Two men were killed and a third injured seriously when the boiler of the plant of the West Chazy Granite Co. exploded late yesterday.

Jos. Cassavah, the foreman, was instantly killed and Roger Clark, a cutter, died from his wounds a short time later. The engineer, Wallace Hewson, was brought to the hospital here suffering from bruises and shock.

MANY ICEBERGS; CAPTAINS WARNED

Boston, April 4.—The coast guard cutter Seneca reports that she is encountering severe gales off the grand banks, where she is doing ice patrol duty. The report says that icebergs are becoming more plentiful and she advises all ocean vessels to keep well south of latitude 41 degrees north, longitude 48 degrees west, as the vicinity is dangerous on account of the floating ice.

WAS GOOD FRIEND TO POOR KIDDIES

Westcott, Eng., April 4.—Sir John Kirk, whose work as head of the Ragged School Union gave health and prosperity to thousands of England's poor, died today at his home here. He was born on June 10, 1847, and was knighted in 1907. He had been engaged in child welfare work since 1872.
