REAL ESTATE

IMPROVED FLORIDA FARMS. 40 acres and up. New lands in flowing artesian well belt, half under cultivation. Fenced with American hog-proof wire. Stumped, ploughed and harrowed thoroughly. Home and barn built to suit purchaser. Terms to settlers, \$500 cash, balance one and two years, 6 per cent interest. These farms properly cultivated, will pay for themselves, and a profit besides. Unimproved lands, \$30 to \$50 per acre, 10 per cent cash, balance monthly, 6 per cent interest. This 30,000 acres tract is on Crescent Lake (water transportation) and F. E. C. Ry., six to fifteen miles south of Hastings, the famous potato centre, unquestionably the best general farming section of Florida, where winter potatoes are more profitable, corn yields more bountiful, the hay crop more certain, and where hogs and cattle do better than in any place we know; all three crops grown on same land during one year. This tract is being developed by men who know Florida, its wonderful advantages, and what is needed to assure settlers of success. Hastings farmers who purchased here, are now farming with us prove conclusively the value and advantages of this property. Write for illustrated literature.
