MILITARY SENTENCE STANDS; JUDGMENT BY CHIEF JUSTICE

His Honor Chief Justice Hazen today handed down an important judgment in the case of John Fogin, which came before His Honor on Habeas Corpus proceedings. The chief justice refused the application for certiorari to quash the conviction. The conviction of Fogin was made by a military tribunal on a charge of being intoxicated after previously having been warned for duty. He was sentenced to nine months imprisonment with hard labor.

Fogin was a lance corporal in the Military police receiving \$1 extra for police duty. He was arrested by the civil police in Fredericton. His Honor stated that the sentence was probably more severe than he would have given, but as the military authorities had jurisdiction, he could not interfere. D. Mullin, K. C., appeared in support of the application and F. B. Taylor, K. C., for the military authorities.

OILS SENSATIONAL IN WALL STREET THIS MORNING

New York, May 8.—Renewal of speculative activity in shipping and oil at gains of one to almost five points attended the early trading in the stock market today. New high records were made by Atlantic Gulf and Sinclair Oil. Texas Company, Mexican Petroleum and Pan-American Petroleum also were very strong. U. S. Steel's rise of a point was among the reassuring features. Coppers added to yesterday's gains and tobacco's were strongest of the specialties.

Trading in oils during the morning bordered on the sensational. Texas Company led, jumping as much as four points between sales to 289, an overnight advance of 19 1/2 points, in addition to yesterday's rise of 1 1/2 points. Gains of two to four and a half points marked the buying of Mexican Petroleum, Pan-American, Royal Dutch and Sinclair. Atlantic Gulf advanced three points and General Motors and several of the equities also Industrial Alcohol gained one to four points. U. S. Steel continued strong, rising to 100 1/2, its highest price since the passing of the extra dividend. Investment rails reacted but minor issues were strong.

GUM TENDERNESS — A TOOTH-MENACE

It is true that four out of five people over forty suffer from gum-shrinkage, or Pyorrhea (Riggs' Disease). But many people even under thirty have Pyorrhea. Women, particularly after the baby comes, are peculiarly subject to Pyorrhea. At such times they cannot be too careful about their teeth.

Pyorrhea commences with tender gums, or with gum-bleeding, at tooth-brush time. Gradually the gums become spongy. They inflame and then shrink. The teeth become exposed to decay at the base and tiny openings in the gums become the breeding places of disease germs which infect the joints—or tonsils—cause other ailments.

Beware of that first gum-tenderness! Try Forhan's for the gums. It positively prevents Pyorrhea, if used in time and used consistently. No ordinary tooth paste will do this. And Forhan's cleans teeth scientifically as well. Brush your teeth with it. It keeps the teeth white and clean.

If gum-shrinkage has already set in, start using Forhan's at once. A dentist immediately for special treatment. 30c and 60c tubes. All druggists.

ONE STRIKE ENDS IN MONTREAL; NEW ONE ON

Montreal, May 7.—There is one less strike in Montreal today than there was on Tuesday, but there are 8,400 more men on strike. This condition results from the fact that while the Canada Sugar Refining Company, Limited, strike, involving about 600 men, were settled yesterday, 4,000 workers of the Canadian Car & Foundry Company struck work at noon today. The men want an eight hour day, an increase in wages from twenty-five to sixty cents an hour to fifty-five and eighty cents. They also demand in so far as possible the abolition of piece work.

BRITAIN SELLING SOME OBSOLETE WARSHIPS

London, May 8.—(Reuters).—The policy of the British Admiralty with regard to the disposal of warships was stated in the House of Commons yesterday by Parliamentary Secretary MacKinnon in reply to a question by Lord Curzon. He said that since the armistice only one British warship, namely a light cruiser, had been sold to India; but an arrangement was proceeding for the sale of eleven other warships. Also he hoped soon to dispose of a further 100 ships. All of these vessels were obsolete. Vessels of fighting value, he added, would be sold under pledge that they would be broken up.

CORN PRICES DOWN.

Chicago, May 8.—Corn prices turned down again today, influenced by weakness in the hog market. At first the unfavorable weather for planting tended to give some advantage to the bulls. Advances, however, brought out heavy selling and there was a sharp decline. Opening prices, which ranged from 3/4 cent off to 1 1/2 cent gain, with July \$1.65 to \$1.67 and September \$1.58 to \$1.59, were followed by setbacks all around to well below yesterday's finish.

Improved cattle helped to make oats relatively firm. After opening unchanged to 1/2 cent higher, with July 86 1/2 to 88 1/2 cents, the market settled at 86 1/2 to 87 1/2 cents, with a slight decline. Provisions were easier with hogs. Trade was light.

Quality, not price, should be your first consideration in buying Diamonds.

A Diamond is not a necessity—it is bought simply because of the pleasure it may come from its use, and no pleasure can come from the use of an article that you know or suspect to be of inferior quality.

We carry only the better grades of Diamonds, and the purchase of such a stone will be a source of continual satisfaction.

We make a specialty of stones at the price most people want to pay—\$25 to \$100.
