

WE'RE ALL READY

WE'RE all ready in several ways—the “gaps” in our immense stock of woollens, occasioned by the opening Fall and Winter rush, have been filled in with importations of the latest fabrics by steamship “Grampian.”

WE'RE all ready for quick service to you—our whole organization is “on its mettle”—we're ready to handle a volume of business that would swamp any other tailoring concern.

WE'RE all ready to sell you—not just an overcoat or suit—but THE Overcoat and THE Suit, the only ones you want—at the price you want—in the fabrics you want and to fit the way you want them to.

WE'RE ready—and anxious—to do this at our **One Price.**

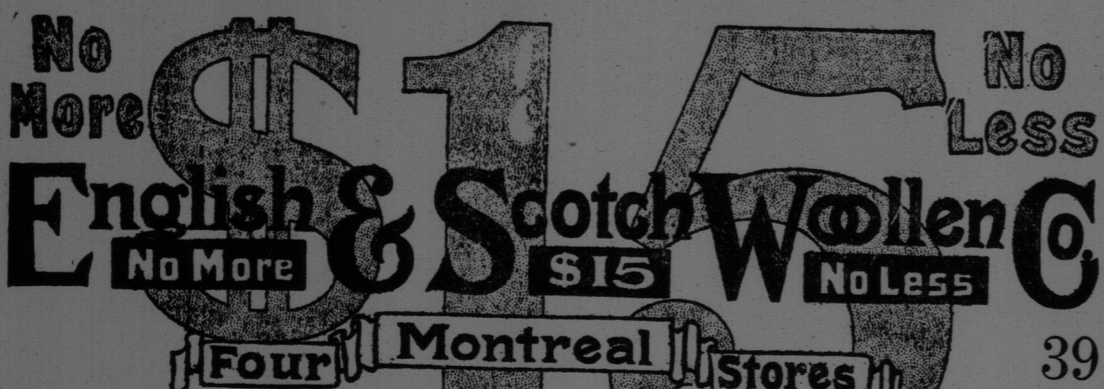

Ladies The warmest coat you can wear is the loose fitting Balmaccan or the “Mannish” Ulster. Let us make you one to your individual measure—it will only cost you \$15 and you can choose from hundreds of beautiful materials—wholly exclusive with us—and directly imported from England.

You cannot find anywhere as magnificent a range of fabrics as we are showing, and we want you to see them and buy your suit lengths from us. During the last week we have sold thousands of yards to our lady patrons, who were all delighted with the materials they were able to secure.

MAIL ORDERS

Every mail brings us more and more orders from men who have sent for our big free outfit—samples, self-measuring form, fashions, tape and instructions—almost a tailor shop in an envelope. Try our trustworthy proposition—individual measure by mail for \$15, with as good a fit as though you gave your order to one of our Ten Stores in person. Address Mail Order Department, 415 St. Catherine Street East, Montreal.

BARNARDO HOMES APPEAL

18 to 28 Stepney Causeway, London, November, 1914.

Editor Times:—

Sir—Never was the work of Dr. Barnardo's Homes more fraught with difficulty than it is today. War is hanging like a cloud over us. Our family of nearly 8,000 boys and girls looks to us for food and clothing; and the army of destitute children is daily increasing. How many fathers have marched away in the defence of their country never to return? How many orphans will be stretching out helpless hands and crying with little hungry lips? That follows in the train of a terrible war.

We earnestly hope that we may still be permitted to hold out the hand of help to every child who needs our aid. It is in the service of such children that Dr. Barnardo's Homes have labored for the past 48 years. Already 80,000 children have come under our protecting care from all over England, Scotland, Ireland, Wales and all parts of the British Empire. Our Charter is “No destitute child ever refused admission.” The Homes gather the helpless little ones, nurture and train them, and give back in due time young men and young women of whom the nation may be justly proud.

The High Commissioner for Australia testifying to the value of this work said: “Dr. Barnardo struck a keynote, not only for the philanthropist, but for the statesman. It is a glorious thing to see the results of one man's efforts; and when people say that the age of miracles has passed, my reply to that is—Study the life and achievements of Barnardo.”

200 children maintain the whole of these Homes for one minute.

Yours in the service of the Children, WM. BARELL, Honorary Director.

Note—Dr. Barnardo's Homes are laboring in the service of orphans and destitute children. The work is above all things national and patriotic. Its motto is “For God and Country.” The Homes gather the helpless and neglected little ones, nurture and train them, and give back in due time young men and young women of whom the nation may be proud. The Homes have emigrated 25,488 boys and girls to Canada, and 502 to Australia, New Zealand and South Africa. Barnardo boys have answered well to the call of King and Country; 102 are known to be in the army and navy. 800 are constantly in training at their naval school. Barnardo boys have been in most of the naval engagements. Gifts of all kinds, money, clothing, blankets, etc., will be welcomed by the Honorary Director, Mr. William Baker, M. A., LL. B., at Headquarters, 18 to 28 Stepney Causeway, London, E.

A Fine of \$500.

Vancouver, B. C., Nov. 24.—The British Columbia Thoroughbred Association, which last summer conducted a long race meeting at Minoru Park, was this week fined \$500 for having conducted a common gaming house at the race track. The defence failed to prove to the satisfaction of a jury that the pari-mutuel

machine for betting was not a gambling device. President Springer and Secretary Lindsay have yet to be personally tried for conducting a gambling house.
