Amatite Roofing!
You'll Never Need a Paint Brush.

When you lay Amatite on the roof you're through with it. You don't have to paint it every year to keep it from leaking. It has a real mineral surface which does not need painting. Most of the old-fashioned, 'smooth surfaced' or Rubber Roofing, which requires painting, costs more than Amatite and you have all the extra cost of paint. It looks tasy now to give your roof an occasional coating in the future. But do you realize that in 1913 you must paint it, and in 1915 you must paint it, and in 1917 you must paint it, and in 1919—that far-away year—you must still be painting that confounded old Rubber Roof. Why, a new Amatite Roof will cost less than the paint alone. Send to us for free samples and booklet explaining all about it. Ask your dealer for Amatite Roofing.

**Events that Made
History in 1911**

(Continued.)
May 3.—Five members of the Ohio
general assembly are indicted on the
charge of soliciting bribes.
May 4.—The congress of interna-
tional law, at Madrid, confirms the
right to use aerial craft in war.
May 5.—Ratifications of the Anglo-
Japanese commercial treaty are ex-
changed at Tokyo.
May 6.—Three thousand women
parade in New York city in further-
ance of the cause of woman suffrage.
May 8.—The Chinese grand council
is abolished by imperial edict, and a
constitutional cabinet of ten members
substituted.
May 8.—The supreme court of Aus-
tria decides that Archduke John, who
disappeared twenty years ago, is dead.
May 11.—Francisco Madero, junior,
proclaims himself provisional presi-
dent of Mexico and appoints a mini-
stry.
May 15.—A lockout of 40,000 work-
men is declared at Copenhagen by the
Employers' Federation, efforts to
settle the difficulty having failed.
May 21.—Henri M. Bertaux, French
minister of war, and Premier Monis
are struck by an aeroplane at Issy-
les-Moulineux; the former is killed
and the latter severely injured.
May 21.—A treaty of peace is signed
at Juarez between the Mexican gov-
ernment and the Mexican revolution-
aries.
May 25.—Porfirio Diaz resigns his
office as president of Mexico and
Francisco Leon de la Barra is chosen
provisional president.
May 29.—The U. S. supreme court
decides that the American Tobacco
company is a combination in viola-
tion of the Sherman law and orders
its dissolution.
June 2.—The first American stock
exchange common is quoted on the
Paris bourse.
June 3.—A severe earthquake felt
throughout Mexico causes the loss of
1,200 lives.
June 12.—The sixth congress of the
International Woman Suffrage alli-
ance begins at Stockholm.
June 13.—W. Morgan Shuster, the
American financier, is placed in con-
trol of Persia's finances.
June 14.—Twenty thousand seamen
go on strike at London, Liverpool and
other British and North sea ports, de-
manding an increase in wages.
June 17.—The \$50,000,000 3 per cent
Panama canal bond issue is heavily
oversubscribed.
June 19.—The first constituent as-
sembly of Portugal is opened.
June 19.—President and Mrs. Taft
celebrate their silver wedding anniver-
sary.
June 22.—King George V. and Queen
Mary are crowned in Westminster ab-
bey.
June 23.—The Monis ministry in
France resigns and J. Caillaux forms
a new cabinet.
June 30.—Cardinal Gibbons cele-
brates at Baltimore the 50th anniver-
sary of his ordination to the priest-
hood and his 25th anniversary as car-
dinal.
July 3.—The British seamen's strike
ends with a partial victory of the strike.
July 6.—The attorney-general begins
an action against the Washington
railroad to separate the business of
coal mining from railroading.
July 7.—A treaty abolishing pelagic
sealing is signed at Washington by
representatives of the United States,
Great Britain, Russia and Japan.
July 13.—Edward, eldest son of King
George, is invested as Prince of Wales
at Carnarvon castle, Wales.
July 14.—Great Britain and Japan
sign a new treaty of alliance, to last
ten years.
July 21.—The Brookland Rapid Trans-
it company is awarded the new sub-
way system of New York city, com-
prising 87 miles of underground and
elevated lines, to cost \$225,000,000.
July 22.—The U. S. senate passes the
Canadian reciprocity bill, without
amendment.
July 22.—The voters of Texas declare
against state-wide prohibition by a
majority of 6,000 out of 492,000.
July 23.—Fire devastates two square
miles of the Stamboul district of Con-
stantinople, destroying more than
5,000 houses.
July 25.—Continued obstruction to
the reciprocity bill at Ottawa leads to
a decision to dissolve parliament and
hold a general election.
July 26.—The Canadian parliament
is dissolved and a general election set
for Sept. 21.
July 31.—The Russian minister to
Persia moves to force the resignation
of the American treasurer-general, W. M. Shuster.

Orders.

The rates of commission on Money
Orders issued by any Money Order Of-
fice in Newfoundland to the United
States of America, the Dominion of
Canada and any part of Newfoundland,
are as follows:

For sums not exceeding \$10	5 cts
Over \$10 but not exceeding \$20	10 cts
Over \$20 but not exceeding \$30	15 cts
Over \$30 but not exceeding \$40	20 cts
Over \$40 but not exceeding \$50	25 cts
Over \$50 but not exceeding \$60	30 cts
Over \$60 but not exceeding \$70	35 cts
Over \$70 but not exceeding \$80	40 cts
Over \$80 but not exceeding \$90	45 cts
Over \$90 but not exceeding \$100	50 cts

Maximum amount of a single Order
to any of the above countries and as
offices in Newfoundland, \$100, but as
many may be obtained as the remitter
requires.

H. J. B. WOODS,
Postmaster General.
General Post Office,
St. John's, Nfld., June, 1911.

**SHE STRUCK AT
ROOT OF TROUBLE**

Mrs. Comeau cured her Kid-
neys with Dodd's Kidney
Pills.

And her Heart Trouble, Back-
ache and other ailments dis-
appeared.—Says she owes her
good health to Dodd's Kidney
Pills.

Petit Rocher, Gloucester Co., N. B., Jan 22 (Special).—When Mrs. Pierre I. Comeau, a well-known and highly respected resident of this place cured her kidney disease, her heart trouble and other aches and pains also disappeared. She cured her kidney disease easily and quickly by using Dodd's Kidney Pills.

"My heart troubled me all the time," Mrs. Comeau states, "and I feared for the terrible result that might follow. My limbs would swell, my back ached and I was always tired and nervous."
"These symptoms led me to be-
lieve that kidney disease was the
root of all my trouble, so I turned
to Dodd's Kidney Pills. Before I
had finished the first box the swell-
ing was gone, my back was well
and my heart no longer troubled
me. I am now in the best of health,
and I owe it all to Dodd's Kidney
Pills."

Always strike at the root of the
trouble. And in nine cases out of
ten all women's troubles start with
the kidneys. That's why Dodd's
Kidney Pills are woman's best
friend.

Cornmeal
We have just received a large
shipment of Yellow Cornmeal,
which we are selling at our usual
low price. Also a shipment of
Black Oats, four-bushel sacks, 38
lbs. to the bushel.
Those Ladies' Winter Blouses
we are now selling are a marvel
of cheapness. We have on hand
a large quantity of Domet (new
style Flannelette) in white, pink
and cream, 5 to 8 yards in a
piece, just the thing for an econo-
mical mother.
A full stock of Provisions and
Groceries always on hand and
selling at lowest prices.

**Published by
Authority**

On the recommendation of the
Minister of Agriculture and
Mines, His Excellency the Gov-
ernor in Council has been pleased
to order that the following piece
of land be reserved from lease or
grant, except for individual farm-
ing operations or settlement, viz:
All that piece or parcel of land
commencing at a point about
Terrenceville, Fortune Bay, fol-
lowing the coast south-west to
Point May, continuing thence in
an easterly direction to Cape
Chapeau Rouge, and thence con-
tinuing in a north-westerly di-
rection to the bottom of Paradise
Sound, Placentia Bay, and thence
to the point of commencement
at Terrenceville—the said land
being commonly known as and
called the "Burin Peninsula."

R. WATSON,
Colonial Secretary.
Colonial Secretary's Office,
April 25, 1911.

**True Foods and
Emergency Foods**
True food, that provided by the
Creator for all the creatures of His
vast creation, contains just the ele-
ments essential for the supply of
energy, waste, and repair; the com-
plete and harmonious building up of
the whole body.
True food does not walk about and
so expend energy, but it grows stand-
ing still, or waving only in the breeze,
receiving from sun, and air, and
earth, and storing up energy and heat
for man and animal to break up and
use.
Man and animal and all organized
life are dependent upon the products
of the earth—fruits, grains, nuts, vege-
tables, and grasses—for nourishment
and all energy supply; there is positive-
ly no other original supply. All foods
must be made from this storehouse.
True food contains no poison. It is
impossible to conceive of a loving and
benevolent Creator providing for the
sustenance of His children and other
creatures anything that would harm
them in anyway, causing either sick-
ness or pain. No true food substances,
in their natural and healthy condition,
contain anything that would in any
way interfere with the delicate work-
ing of the intricate body machinery.
Poisons could be introduced only by
an enemy.
The flesh of animal or fowl, in the
light of science, can be regarded only
as emergency food, to be used only
when true food is not obtainable.
The flesh of animal or fowl contains
only the remnant of energy and food
elements and nutrition originally ob-
tained from the grains, which the
animal has not used up in its own
vital functions. This remnant of
energy amounts to twenty-eight to
the one hundred parts of flesh food
eaten. In the grains the percentage
is eighty-eight to the one hundred
parts; with twelve parts of waste mat-
ter; thus it is seen that the animal has
used up sixty per cent of the original
energy stored. This is exactly as in-
tended by the Creator. The animal
was created to be the servant of man;
His muscles were made for work,
and not for food. When eating flesh,
we are eating muscle and nerve-
fibre, mingled with veins and arteries,
broken-down tissue, carbonic acid,
and uric acid. Thus remnants of food
elements are mingled with seventy-
two parts of waste matter, much of it
decidedly poisonous and destructive
to the delicate working of the body
machinery. Certainly this is not true
food. It is an error to imagine that
by eating the flesh of a strong ox man
may obtain strength. It is true that
