HAMBURG STRIKE.

Causes an Animated Discussion in the Reichstag Yesterday.

Berlin, Dec. 3.—In the reichstag today, Dr. von Bogticher said he hoped that all who rejoiced in the achievements of the German Empire would unite in the struggle against socialism. There was no question, he asserted, of a coup d'etat, and as to dissolving the reichstag, no such proposal had even been made.

Dr. von Bogticher said the strikes in the seaports were the most unjustifiable that had ever occurred. He would pass over the suggestion of English excitement, as he did not desire to make charges against the British shipowners. The cooperation of the Socialists, however, was quite evident, and as a result of the strike British workmen had come over to earn wages which the Hamburg workmen despised. All the friends of the workers, he further stated, should unite in their efforts to end the strike.

Baron von Slumme declared that as the Hamburg strike was only a struggle for supremacy on the part of the employes, the latter had done public service in refusing to arbitrate the dispute.

Herr Ador, Socialist, said the Hamburg dockers earned only \$50 marks per year, and they now wished to share the benefits of improving trade. He argued that if they had been perfectly organized the strike would not have occurred.

Dr. von Bogticher answered that the dockers earned more than Herr Ador stated, and it was clear that an extended strike had been planned. He stated the Germans had rashly started the movement, while their fellow workers in other countries had failed to follow their example. In conclusion, he said, that he hoped the Germans in future would let others pull the chestnuts out of the fire. The house was then adjourned for the day.

GENERAL STRIKE

Has Been Declared by Hamburg Strike Committee—Order Obeyed.

Hamburg, Dec. 4.—At a meeting of the Central Strike Committee this morning

it was decided to declare a general strike and a pamphlet was issued calling all quarry laborers, engineers, bargemen, lumpers and carmen to quit work in order to bring the business of the port to a complete standstill. The majority of the quarry laborers obeyed the order.

VERY NEATLY DONE.

New Orleans Jeweler Loses \$10,000 Worth of Diamonds.

New Orleans, La., Dec. 4.—George E. Gail, a jeweler, official time inspector of the Illinois Central Railway, was swindled out of \$10,000 worth of diamonds by three Italian strangers. One formed the acquaintance of Mr. Gail eight days ago, and said he wished to buy \$10,000 worth of diamonds to present to the Pope to secure from him permission to release his sister from a convent. Gail was thoroughly convinced of the sincerity of the Italian and secured the diamonds from New York. The Italian brought a friend along with him to make the deal. They had a box to put the jewels in. The jewels and the \$10,000 were placed in a box before Mr. Gail's eyes and he was asked to keep the box until they returned. An hour later Mr. Gail took the box in which he had just seen the money and diamonds placed. It had been securely locked in his presence. Three hours later Gail becoming suspicious, broke open the box and found a two dollar bill and a silk handkerchief.

A BERLIN SENSATION

Continuation of the Trial of the Journalists Charged With Libel.

Commissioner of Detectives and Minister of Foreign Affairs Exchange Warm Words.

Berlin, Dec. 4.—When the trial of Baron Lutetow and Herr Leckert, Floetz, Berger, and Foelmer, journalists, charged with libelling Count Bothe-Eulenberg, Baron Marschell von Bienenstein and Prince Alex. von Hohenlohe, an outcome of the Czar's and Emperor William's toast at Breslau, was resumed this morning the public prosecutor announced that he had instituted proceedings against Baron von Lutetow on charges of forgery and fraud. This later development in the interesting case is a result of evidence taken yesterday which tended to demonstrate that Baron von Lutetow forged a receipt for money while an interview with the chief of police yesterday showed that von Tausch, commissioner of detectives, traced the article to the foreign office.

It was subsequently developed that Baron von Lutetow was the author of a forgery on pure scraps of news from the foreign office and it was thus proved also that von Lutetow was an agent of the secret police. This led to a clash yesterday between Baron Bieberstein and von Tausch. The former declared the foreign office had for some time past and for good reasons refrained from employing political police, when enquiring into the authorship of the article, and the minister of foreign affairs accused the commissioner of detectives of forging a suspicion against himself. This caused von Tausch to ask the protection of the court, pointing out the fact that he was not in the prisoner's dock but on the witness stand. The conclusion of the trial is awaited with great interest and is expected to reveal the doings of the court clique, which is dominated by Count Bothe-Eulenberg, former minister of the interior.

Yesterday Baron von Bieberstein declared that he knew neither Herr Leckert nor Baron von Lutetow, and later the minister for foreign affairs said that in the supposition that the stenographer attending the banquet was unable to take shorthand notes in French, he wrote the words of the Czar's toast and immediately had it verified by a Russian official. Baron von Bieberstein added that the wrong version of the toast published was solely due to a mistake of the reporter, as two versions of it never existed.

SALMON FOR THE EAST.

Pacific Coast Salmon to be Planted in Eastern Waters.

Washington, Dec. 4.—Under the direction of Commissioner Brice a large number of Pacific coast salmon are to be planted in eastern waters. A fish car containing 5,000,000 eggs is now on the way east, and the eggs will be planted in the Kennebec, Merrimac, Hudson and other rivers. Already 8,000 yearlings have been turned loose in the Penobscot, and the commission is gratified with its work on the Pacific coast this year.

This year 30,000,000 eggs have been hatched, three times as many were hatched in any previous year. Of these 20,000,000 were hatched at the new station at Battle Creek, a tributary of the Sacramento river in California. The commissioners secured a site which he hoped to the California commission, and has built an additional hatchery there. It is now regarded as one of the best stations in the United States.

Not the least important action of the fish commission is the transfer of the steelheads from the Pacific to the Atlantic coast, where a large number have been planted.

Henry, Who Was Elected by Importers and Impersonators, Unseated by the Courts.

Conservatives Making a Desperate Effort to Save Cornwall and Stormont.

Government's Policy to Populate the Western Provinces and Territories.

Ottawa, Dec. 4.—(Special)—Henry, the Conservative, who defeated Hon. Mr. Patterson, in Bramford, has been unseated. Henry's election was secured, so it was alleged, by the importation of men from the States who voted for dead men and absentees. A commission was appointed to take evidence in Bramford, but very little information could be obtained from those who had hired themselves to the Tories. There was sufficient, however, to unseat the member.

Hon. G. E. Foster, Sir Adolph Caron and other members of the Opposition are making terrible efforts to hold Cornwall and Stormont to the Conservatives. They had a meeting there last night and both Foster and Caron denounced the school question settlement. Leitch, who is the Conservative candidate ran as an equal rights candidate on the remedial platform, but now favors the remedial bill to Premier Laurier's school settlement. Hon. Mr. Tarte left for the constituency today.

Mr. Sifton contemplates a reorganization of the interior department. It is understood to be the Minister's intention to embark on a vigorous immigration policy, and to appoint Hon. Mr. Stuart, of Brandon, as Commissioner of Immigration, giving him full charge of all immigration work, equivalent to the position of a deputy minister.

BIG MINING DEAL.

British Syndicate Secures a Coeur d'Alene Mine.

Helena, Dec. 5.—The sale of the Helena and Frisco mine in Coeur d'Alene was today consummated. The Exploration Company, of London, England, is the purchaser. The mine was recently examined by Hamilton Smith, of London, in company with Messrs. Hauser and Hoiter, the principal owners. The purchase price is \$2,225,000. Negotiations were conducted and closed by Helena by W. J. Chalmers, of Fraser & Chalmers, Chicago.

RUSSIA AND FRANCE.

President Faure's Proposed Visit to Russia—Other Events.

Paris, Dec. 3.—With reference to the growing belief that President Faure will visit Russia, the constitutional view of the case is much discussed. M. Wallon, who is called the father of the republican constitution, on account of his prominent role in its elaboration, expresses the conviction that the president is at perfect liberty to travel without the authorization of parliament, because the constitution does not prohibit expressly his going abroad. He would only need to provide for the transaction of the business of his office during his absence, and in the event of the ministers refusing their assent, he could demand their resignation and appoint a new cabinet.

M. Pierré, secretary-general of the president of the chamber, concurs in the above view, but thinks it would be preferable to obtain the sanction of parliament.

It is a fact that President Casimir Perrier had decided to attend the funeral of the late Czar, and was only deterred from doing so by a question of precedence, as he would have been obliged to follow Prince Henry of Prussia in the procession. The general opinion is that there would be no difficulty in Mme. Faure accompanying her husband.

A semi-official note has been issued in St. Petersburg emphatically denying that there has been any disagreement between France and Russia regarding foreign politics.

A mass meeting held at Lyons, France, of the organized farmers' union, the dealers in salt meats adopted a resolution in favor of the exclusion of American pork products in view of the fall in the price of swine.

The French budget commission has adjourned the discussion of the bill to convert the 6 per cent. Madagascar loan into a 2 1/2 per cent. repayable in sixty years. The profit, 12,000,000 francs accruing therefrom will be employed in public works.

BAYARD IS WILLING

But the Diplomats do Not Look With Favor on the Christmas Gift Proposition.

Celebration of the Anniversary of the Princess of Wales' Birthday on Tuesday.

Steam Trials of Britain's Warship, the Powerful Events of the Week.

London, Dec. 5.—The proposal of the Daily Telegraph to present to United States ambassador, Mr. Thomas F. Bayard, by popular subscription, a "Christmas farewell gift of respect and good-will," suggesting that it consist of rare and precious editions of the writings of Chaucer and Shakespeare, "so deeply loved by Mr. Bayard," is falling very flat. The Chronicle admits that the Telegraph's kindly motives, and Mr. Bayard's claim to regard, but it condemns the suggestion as "improper and opposed to diplomatic etiquette."

Adding that "the mere idea is enough to bring cold perspiration to the brow of the most deserving diplomat," and suggesting that the ambassador be given a banquet in the "familiar Anglo-Saxon way." The diplomats and officials are agitated at the proposition and among Americans here, even including Mr. Bayard's personal friends, a feeling of disgust is manifested at the idea of the American ambassador being placed on the same level as the popular cricketers or Crimen veterans for whom the Telegraph successfully engineered testimonials by subscription. The obvious exploiting of the ambassador, especially at this season, as an advertisement for the Telegraph is objectionable as the mammoth compliments of the subscribers clearly demonstrate. One subscriber, for instance, who enclosed two shillings, wrote: "I have long thought him a decent fellow." Another, who enclosed 10 shillings, said: "He is a man for whom I have long felt reverence. May his country produce many more such enlightened and worthy descendants of England." The representative of the railway workers union writes: "Though I have never seen Mr. Bayard, I have read his speeches and it is my opinion that no other envoy has done so much for English societies." A firm of Christmas card manufacturers sent five guineas. "For one whom we would gladly claim as one of England's sons." In the meantime it is understood that Mr. Bayard is pleased with the idea; that he intends to accept the testimonial.

Conservatives Working for All They are Worth in Cornwall and Stormont.

Tariff Commissioners Confer With the People of London—Liberal Banquet.

Cornwall, Dec. 4.—Hon. G. E. Foster and Sir Adolph Caron opened the Conservative campaign in Cornwall and Stormont last night by addressing a meeting here. Sir Adolph Caron spoke in English and afterwards in French. The Greenway government, he said, had placed a scabious hand upon the liberties of the people of Manitoba, and if this were to be permitted the liberties and privileges of all the other minorities were in danger. Referring to the school question, Mr. Foster said that the Conservative party had declared that it was a constitutional question and they never ceased to treat it as such; they stood and fell by the constitution. As for Mr. Laurier's settlement, he could not do otherwise than to criticize it. It was a departure from the constitution of the country under which minorities were protected by the people.

Kingston, Dec. 4.—John McKewen, of St. Catharines, county attorney for Lincoln, died in the hospital here this morning.

Montreal, Dec. 4.—The Liberals of this city have decided to banquet Messrs. Laurier and Tarte.

Toronto, Dec. 4.—Intelligence has been received that W. B. Poulton has been drowned at Wahnapitoe, Nipissing district. Poulton was an old and prominent resident of the East end, and fell by the constitution. As for Mr. Laurier's settlement, he could not do otherwise than to criticize it. It was a departure from the constitution of the country under which minorities were protected by the people.

London, Ont., Dec. 4.—Hon. Messrs. Fielding and Paterson and Sir Richard Cartwright began a two days' tariff inquiry here today. John McClary, representing a deputation of foundrymen said that any reduction in the tariff would be disastrous to business and injurious to employes, unless it was made up in reduction of the duties on raw material. If raw material were admitted free it would make a difference of five per cent. in the price of stoves. Arthur W. White, of the White Machine Works, said there was a duty of fifty per cent on half the material that went into their engines. He preferred to increase the duty on manufactured boilers and traction engines rather than decrease those on raw materials.

Cobourg, Dec. 4.—The investigation into the charge that George Guillet, M. P., and Daniel M. Collier induced C. E. Ewing, collector of customs, to resign by promising him an annuity, has been postponed indefinitely, Ewing being too ill. The investigation into the transfer of the postmastership here from William Sykes to Mr. Guillet at the last general election, has been concluded. The commissioner will report at an early date.

St. John's Nfld., Dec. 4.—The long-standing suit brought against the Pullman Palace Car Company by James McGaffigan, a tea merchant, of this city, in which he claimed \$200,000 damages for injury to his health, as a result of taking a cold in one of the company's cars, ended today by the jury deciding in favor of the defendants. The case has been before the courts since 1892.

Alex. Begg and J. H. Falconer returned last evening from the Sound.
