ST. JOHN STAR.

ST. JOHN, N. B., NOVEMBER 5, 1903.

THE REVOLUTION AND THE CANAL.

The secession of the Isthmus of Panama from the South American republic of Colombia is the direct result of the Panama Canal negotiations. Indeed, it is more than probable that the revolution which broke out Tuesday was fostered if not incited by agents of the great interests mixed up in that affair.

The United States government, which is eager to begin work on this great project, has been irritatingly hampered by the action of the government of Colombia, which has been firmly holding out for \$25,000,000, as the price of a strip of land across the isthmus through which to dig the canal. The United States offered \$10,000,000.

This action of Colombia has been due, it is stated, entirely to the greed of a clique of politicians who control the administration, and has caused widespread dissatisfaction among the people of the Panama province, who have been building high hopes upon the location of the canal through their territory instead of along the alternative Nicaragua route. For some time they have considered the possibility of cutting loose and forming a government of their own, largely upon the model of the Cuban republic, but having even closer relations with the United States with which government they were willing to come to any reasonable agreement that would give them the canal. This feeling has been undoubtedly fostered by the agents of the French company which holds the Panama canal franchise which the United States has offered to purchase for \$40,000,000, as every day the Colombia government delayed the transaction meant thousands of dollars out of their pockets. It is also not unreasonable to believe that the United States looked favorably upon a movement which in addition to what it wanted as regards the canal, would give it the virtual sovereignty of the state through which the canal will run.

Whether the American government encouraged the revolt or not, there is very little doubt that it will afford the new republic the recognition it has already asked for. Whether aid will be given the revolutionists in the fight with the mother country is another thing, but it is hardly likely that the people of Panama, in touch as they are with all who are interested in the canal, would have entered upon such an undertaking without some considerable assurance of victory. It is pretty safe conclusion that the map of Central America will soon show another brand-new republic governed from Washington.

Father and Son

BOTH CURED OF
(KIDNEY TROUBLE)

BY
**Doan's
Kidney Pills.**

Mr. Benjamin Brooks, a well-known farmer of West Cape, P.E.I., tells of how his son was cured of Kidney Disease, and how he was cured of Backache.

The First Sign of Kidney Trouble.

Headache. "Our little boy was troubled with kidney disease. We had tried many kinds of kidney pills but they only helped for a time. We got Doan's Kidney Pills and one box effected a perfect cure. About six weeks after this I caught a very bad cold that settled in my kidneys. My back was so sore I could hardly walk. I went to the drug store and got a box, took them according to directions and the result was that my back was completely cured. I believe they are the best kidney pill on the market to-day."

There is not a kidney trouble from Backache to Bright's Disease that Doan's Kidney Pills will not relieve or cure. The price is 50 cts. per box, or 3 boxes for \$1.25 and may be procured at all dealers or from

THE DOAN KIDNEY PILL CO., TORONTO, ONT.

NEW DEAF AND DUMB SCHOOL.

The new school for the deaf at Lancaster Heights will probably be opened to receive pupils next week. The number of parents heard from is even larger than had been expected and it is thought before the close of the year thirty-five to forty New Brunswick children will be in attendance.

The staff of instructors at present engaged comprises:

The principal, James A. Weaver, late of the Halifax school for the deaf; Miss Mary Reid, formerly of the schools for the deaf, London and Margate, England; Miss Catherine Mahoney, Ernest E. Prince. These are all trained teachers.

STREET RAILWAY MEN'S PICTURES.

All the conductors and motormen of the street railway, along with a number of the officials, have had their photos taken. These will be arranged in a group, and large pictures made of the lot.

With the last pay envelopes received the men were each given a photo of Matthew Neilson, the former manager. These photos are highly appreciated.

Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 25 cents. At druggists.

FREE KINDERGARTEN.

A meeting was held in the Y. M. C. A. yesterday of those interested in the establishment of a free kindergarten here. Rev. W. O. Raymond spoke of the proposed school and outlined the plan. The school will cost for the first year about \$300. Miss Pickett said there was about \$100 worth of material at Victoria School which can be had.

Rev. C. T. Phillips, W. C. Matthews, A. B. Cohen and Mrs. A. A. Stockton, Miss Burditt and Miss LaValle also spoke.

The following committee was then appointed to make arrangements for a room, probably either in St. Mary's church or Glad Tidings Hall, and to receive subscriptions for the carrying on of the work: Mrs. A. A. Stockton (convener), Mrs. H. H. Pickett, Mrs. S. D. Scott, Mrs. Matthews, Mrs. Frank Hatheway, Miss Hanington, Miss Gunn.

The free kindergarten movement has been well begun. It needs but the sympathetic co-operation of the citizens to assure complete success, and there has a proposition more worthy of support in every way been offered to them.

The fixing of an agreement between the longshoremen and the steamship people assures the winter port of freedom from labor troubles this winter. If all the unions in the city were managed with as much common-sense as the Longshoremen's Association, there would be fewer disagreements.

The Hamilton Gleaner, one of the oldest and ablest liberal journals in Canada, sorrowfully remarks:

"Sir Wilfrid Laurier is just as reckless in financial matters as Mercier was, just as impulsive and as easily hoodwinked by designing men, and his fate will be that of Mercier—he will fall by the vote of an electorate who are determined they shall not be plundered."

Colonel Tucker's announcement that he advocated the interests of St. John so strongly that his own party called him a conservative, is worth noting. It seems to indicate that only conservatives at Ottawa are friendly to this town and port.—Sun.

THE NEW LIBERAL.

While Colonel Tucker professes his unwillingness to be called a conservative, the views he expressed in the Board of Trade on Tuesday exhibited the torquism of a century ago. Debate in the house of commons is in his opinion a waste of time. Free discussion in public is no good. Let everything be settled in the council of the government and the caucus of the party. The only votes that are of consequence are those taken in secret. The only speeches should be those made behind closed doors. Exclude the people, tie the doors, banish the reporters, settle everything, and then tell the people that the thing is done and they must accept the decisions and pay the bills. Such is Colonel Tucker's liberalism.—Sun.

A meeting of the N. B. Historical Society will be held this evening at their rooms, Market building, for the purpose of considering the best manner of celebrating the discovery of St. John River by Champlain, the tercentenary of which will fall on the 24th June, 1904.

The remains of the late John Dick came up over the New Brunswick Southern railway last night accompanied by George Dick and Oswald Dick. The funeral takes place this afternoon at 2.30 o'clock from the residence of his son-in-law, H. F. Knox, 115 Mecklenburg street.

The annual Thanksgiving service of Centenary church was held in the vestry last evening. The gathering was large, and interesting addresses were delivered by the pastor, Rev. G. M. Campbell, and several of the officials of the church. Special music was furnished by the choir.

The hod carriers and builders' laborers' union met last evening in regular session and transacted routine business. Three new members were initiated, and it was decided in the near future to hold a smoker.

The third quarterly session of the St. John County District Division, E. of P., was held last night in the Temperance Hall, Market building. S. W. McCavour, D. W. P., presided. District Scribe Belding reported a slight increase in the membership of the different divisions, and that all were in good working order.

BOOTH-TUCKER.

NEW YORK, Nov. 4.—Commander Booth-Tucker of the Salvation Army, sailed for England today on the White Star line steamship Cedric, in response to a brief cablegram from General William Booth, the head of the army. It was said at Salvation Army headquarters here that the commander had been so overcome by the sudden death of his wife that General Booth wished him to take a few days' rest and to recover from the shock of his bereavement.

KING ST GERMAIN ST AND MARKET SQ. LIMITED**HOME FOR INCURABLES.**

At the meeting of the board of management of the Home for Incurables, held yesterday, the president reported contributions of \$20 from a lady and \$25 from George McArthur. A hedge had recently been provided in the grounds, the expense being \$20.

The greatest need now is an elevator, which would greatly relieve the work of the staff and would also enable the patients to enjoy the open air in the grounds. This elevator will cost \$1,000, and \$200 has already been raised. No appeal will be made for money, but contributions will be gratefully received.
