LARGE ATTENDANCE AT LIBERAL PRIMARIES

Last night the Liberals of St. John city and county held their primaries as the first step toward the selection of candidates for the approaching election. Everywhere in both city and county the primaries were well attended and enthusiasm was widespread. The indications point to a sweeping Liberal victory in this constituency.

In the city the majority of the ward meetings were concluded early in the evening and speeches were few and brief. In the county the meetings were more lengthy and addresses were delivered at many of them. The Fairville meeting was particularly well attended and was very enthusiastic. It broke up with cheers for Sir Wilfrid Laurier as Canada's premier for the next five years.

There is much conjecture concerning the probable Liberal candidate in the city and county. James Pender is considered to be the man most likely to bear the party's standard, although last evening other names were mentioned. The delegates chosen for the convention are as follows:

DUKES WARD.

EXECUTIVE OF POLITICAL REFORM LEAGUE MEET

MONCTON, Sept. 8.—The executive of the Political Reform League met tonight to discuss matters in connection with organization and preparation for the coming election. Among those present were Dr. E. C. Borden, president; Dr. Andrews, Senator Wood, Senator Porter, T. A. McCully, R. W. Hewson, Rev. Father Savage and Rev. Cummings and Rev. Gardner, of Amherst, who were present to get information in connection with the league in New Brunswick and Nova Scotia. It was decided to call a convention of the league in the latter part of the month of September, at which time the league's work in pamphlet form in French and English for distribution. The financial report showed eleven hundred dollars received by the league in subscription since organization, and a thousand dollars spent. The executive had enlarged to include representatives of both political parties in each parish.

RESPECTED CITIZEN OF DIGBY PASSED AWAY

DIGBY, N. S., Sept. 8.—Edmund Jenner of Digby, best known and most highly respected citizen, died here today, aged forty-eight. The deceased was the eldest son of the late Rev. Edmund Jenner of Canon Rectory, York-shire. He entered Cambridge University, but subsequently decided to come to America, where he did in the early thirties, then residing in Sherbrooke, N. S., for some years. He removed to Digby, where he has since successfully conducted the business of an apothecary. While exhibiting a lively interest in all that made for the interest of the community, he was also a popular contributor to a number of the better known sporting magazines. The funeral will be held on Thursday, Mr. Jenner is survived by a widow and two brothers.

ST. STEPHEN MAN DIED LAST EVENING

ST. STEPHEN, Sept. 8.—It was with sincere regret that the community heard this evening of the death of the late Mr. Stephen Webber, who had been a very sick man for some weeks, but hopes of his recovery were still held by his friends until his death was announced tonight.
Mr. Webber leaves a widow and four sisters, Mrs. John Gillette, Cairns, Mrs. Alice Hartford, Portland, Me.; Mrs. Robert Kirkpatrick, Milltown, and Miss Nellie Webber of this town and two brothers, Fred Webber, Woodstock, and Harry M. Webber of the St. Croix Courier. Mr. Webber's age was 53 years and 8 months, most of which he spent in the St. Croix valley, where he was highly respected for his integrity and honesty. He was a staunch temperance worker and a member of old Howard Division, S. of E. Mr. Webber was for many years assistant superintendent of the Methodist Sunday school and was a valued member of the Methodist official board and of the trustee board of that church. He conducted a dry goods business for several years with Duncan, Stewart and the name of Stewart and Webber. His business passed into the hands of Manchester, Robertson and Allison of St. John, for whom Mr. Webber has since been their agent. The funeral will probably take place on Thursday afternoon.

LONDON PAUPERS ON THE INCREASE

But Consumption of Liquor Falling Off.

Statistics Which are Strongly Opposed to Certain Widely Held Theories.

LONDON, Sept. 8.—Recent statistics showed a noticeable increase in lunacy in Great Britain. Figures now published show a general increase in pauperism, which is no where more noticeable than in London, where, in the last week of August there were no less than 119,000 persons, or about 25 per thousand, being supported on taxes. This increase has been steadily maintained since 1888, when the number was 99,071. The increase in lunacy and pauperism may well be said to have been in hand, but an inland Revenue blue book just issued for the year ending March 13, gives some statistics, which when taken if this connection, are strongly opposed to certain widely held theories. Together with the steady increase in lunacy and pauperism during the past decade, there has been an equally steady decrease in consumption of intoxicants. The alcoholic liquor licenses issued to brewers have fallen by about 40 per cent. in the last ten years, while the consumption of beer in the same period has fallen from 42 gallons per head to 27 gallons per head per annum, a decrease, allowing for the increase of population, of 230,000,000 gallons annually. The consumption of spirits show an even more striking decrease. In 1890, the consumption was nearly two gallons per head annually, while now it is only one cent of one gallon. While the population in that period increased 4,000,000, the consumption of spirits fell 5,000,000 gallons. An illustration of the enormous capital invested in whiskey is seen in that the amount of bonded warehouses, on which the duty had been paid up to March 31, was 158,782,301 gallons. The same blue book has interesting figures on death duties, and the income tax. The gross amount which passed at death during the year was \$31,697,079. The year's general results show that while the increase was only \$20,559 in net receipts of the total revenue compared with the previous year, the net receipts, duties for the decade increased \$28,250,000, or 28 per cent. of which increase the income tax was responsible for more than \$14,500,000. In regard to the coming election along the lines of the last local contest, Dr. Andrews reports that the league in New Brunswick and Nova Scotia. It was decided to call a convention of the league in the latter part of the month of September, at which time the league's work in pamphlet form in French and English for distribution. The financial report showed eleven hundred dollars received by the league in subscription since organization, and a thousand dollars spent. The executive had enlarged to include representatives of both political parties in each parish.

NUMBER OF STUDENTS LEAVE FOR ST. JOSEPH'S

A number of students left by the I. C. R. yesterday for Moncton, where the opening of the St. Joseph's University, which takes place today. Among those going were Louisa McDonald, John Casey, John Nugent, Leo Doherty, Uroin Swenson, Harry McDermott, Harold Coughlan, Joe McDermott, William Ryan, George Flood, H. Kelly, John Flood, Stephen Ritchie, Arthur Allen and Robert Ritchie. A large number of students will attend the college from other points in the province and Maine. The outlook is that St. Joseph's will experience the best year in its existence. A few slight changes in the teaching staff have taken place, but the great number of the year's professors will be at the college. Rev. R. H. Fitz Henry, C. S. C., will not be at St. Joseph's, having gone to Dallas, Texas. Rev. Father Pauze, prefect of discipline, will be replaced by Rev. Father Beaudin of Montreal. Patrick McBrice, who was last year connected with the teaching staff at St. Laurent College, Montreal, will come to St. Joseph's as prefect of English rhetoric. Rev. Father Vanier, who attended the Harvard summer school of science will teach that branch. Rev. L. Guerin, C. S. C., D. D., Ph. D., will again occupy the president's chair, with Rev. P. Tessier as vice-president, and Rev. L. V. Bruggall and E. Monden prefects of studies. J. Louis Slatery, who completed his course at the University in 1907, has also been added to the teaching staff.

LONDON MECHANICS WANT C.P.R. POSITIONS

What was first thought to be another unemployed demonstration today in Trafalgar square transpired to be a swarm of applicants for positions as mechanics and fitters on the Canadian Pacific Railway, who were situated contiguous thereto. In consequence of the rush of men from the United States and points in Canada, only 150 were required here, but there have been thousands of applicants, which, considering they are skilled workmen, is looked on as remarkable. Let Lyons, the advertiser, boom your business. Phone 2090
