

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder ABSOLUTELY PURE

News Summary.

DOMINION. The fishing bounty checks will all be paid in this month. Sixty-one women voted, mostly on the temperance side, at the recent Charlottetown civic election. A valuable deposit of manganese is reported at East Bay, Cape Breton. It is said to be of great importance. Charles E. Knapp, has issued a call to the prohibitionists of Westmorland, asking them to organize a political party. The saw mill at Shelburne, owned by J. C. Ryer and John W. Bowes & Sons, was destroyed by fire Wednesday, loss \$22,000. As you like it. Gray and faded whickers may be changed to their natural and even color—brown or black—by using Buckingham's Dye. Try it. A factory for the manufacturing of cheese is to be opened at Mabou, C. B., the coming season. It will be under the control of L. C. Archibald.—Antigonish Courier. The Westmorland election (provincial), on Saturday last, resulted in the return of one supporter of the government, Mr. McQueen, and one on the opposition ticket, Mr. Powell. Mr. Casey, of Lower Stewiacke, is said to be the largest stock raiser in Colchester Co. He is wintering 68 head of cattle and a large number of sheep. He expects to beef 30 head of cattle this spring.—Trent News. Under a new customs regulation re-lease process to be used in the manufacture of soap can enter the Dominion free of duty, the importers to state that the grease is for soap-making, and state the factory at which it is to be manufactured. The bank of Nova Scotia netted last year, after providing for doubtful debts and losses, \$22,377.36 (\$12,974.81 of this amount carried over from previous year), out of which they paid a dividend of \$78,000.00; placed \$140,000.00 to rest, and \$7,376.36 carried forward. Mr. Dow-Stein, a prominent Miramichi lumberman, says that the snow in the burnt lands averages five feet, but is lighter in the deeper woods. He says that few, if any, operators are now hauling from the stump, but are engaged in hauling from the yards. It is his opinion that all the crews will come out early, as the yards will be hurried in as soon as possible. Sarah Cummings, aged 21 years, secured a position as domestic in a house on Victoria Road, six months after entering the house she complained of feeling unwell. She experienced a peculiar sensation in her side which the doctors could not account for. Last week she decided to go home at Guysborough. This morning a telegram was received announcing the girl's death. A post mortem held revealed the fact that her death was caused by a needle entering the girl's heart. The needle, a small one, it is supposed had been swallowed by the girl in food.—Halifax paper. Stephen R. DeWolf, of Parrsboro, was brought before Stipendiary McKay for violation of the Canada Temperance Act, and after a trial lasting two days was convicted of said offence and fined \$100 and costs. The fine was paid at once. The feature of this trial, which has also been a characteristic feature in most of the Scott Act cases tried in Amherst, was the hostility displayed by the witnesses—with acute memory on some points, then acutely would be a perfect blank upon others, especially if they believed that such had any material weight upon the result of the trial. One of the witnesses at the trial just referred to for a time forgot his own name, and that of his wife, or whether he was married or not. J. W. Hickman, Amherst, was prosecutor. EDITORIAL AND FOREIGN. Another atrocious murder was committed lately in the Whitechapel district, London. The election in Northampton, England, to fill the seat made vacant by the death of Mr. Bradlaugh, resulted in the election of the Liberal candidate by a majority of over 2,000. Mr. Bradlaugh's majority at the last general election was 780. There are disgusting reports from India of strong opposition on the part of leading Hindoos to the proposed legislation regulating the age of marriage for girls. It is regarded as an insult upon their religion and arouses loud and bitter remonstrances. Whether Germany expects war in the near future or not, it appears by recent reports that she means to be prepared. Berlin despatches state that the German authorities are pushing forward military preparations with a rapidity and earnestness unexampled in many years. The Emperor is said to have decided that smokeless powder shall be exclusively used in the German Army. UNITED STATES. Sixteen thousand workmen are reported to be out on a strike in the Western Pennsylvania coke region, and a long and bitter fight between labor and capital is expected. General William Tecumseh Sherman died at his residence, in New York City, Feb. 14, having just entered his 72nd year. Gen. Sherman developed superior talent as a military commander during the civil war, and succeeded Grant as General of the United States Army. A. R. Fulton, manufacturer of Manhattan food, says: "I have used Foster's Liment with the best results in severe colds, and found one application as directed afforded immediate relief." 2c. bottles.

Do Not Believe It. Do not believe that Nerviline will cure neuralgia almost instantly. If your teeth are coming loose with the reflection that the pain can't last for ever. Don't use Nerviline; it might stop the pain. Rheumatism is often difficult to cure. Keep on rubbing the old-fashioned liniments as a matter of respect to your grandfather's name. Nerviline is a new discovery that in itself ought to condemn it. Therefore cling to the old; suffer pain; avoid the use of Nerviline, the most powerful, penetrating, and certain pain remedy in the world. Public Opinion, the eclectic weekly of Washington and New York, has just announced the offer of three cash prizes of \$150, \$100, and \$50 respectively for the best three essays upon the question: "Is any extension and development of trade between the United States and Canada desirable; if so, what are the best means of promoting it?" The topic is particularly timely and the contest will doubtless attract considerable attention. Full particulars may be had by addressing the publishers of Public Opinion at either New York or Washington. Dull headaches, dimness of vision, partial deafness, constant hawking and spitting are a few of the symptoms of catarrh. Nasal Balm is the only certain cure known. Give it a trial. Completed to Deadwood. The Burlington Route, C. & Q. R. R., from Chicago, Peoria and St. Louis, is now completed, and daily passenger cars, Pullman, Buffet, and Tourist, Neb., and Custer, S. D., to Deadwood. Also to Newcastle, Wyoming. Sleeping cars to Deadwood. Marriages. GRAHAM-KIRK.—At Halifax, Feb. 4th, by Rev. A. W. Jordan, William Graham, to Jane Kirk, both of Halifax. TAYLOR-BARNES.—At Sackville, Jan. 7, by Rev. Wm. E. Hall, R. Blair Taylor, to Emma J., daughter of the late Isaac B. Barnes. SHAW-McLEOD.—At 49 Garden street, Feb. 11, by Rev. Sydney Welton, B. A., Wm. F. Shaw, to Fanny May McLeod, both of this city. SMITH-SCHMIDT.—In Leinster at Baptist church, St. John, Feb. 10, by Rev. H. G. Mellick, B. D., H. Judson Smith, of Boston, Mass., to Hilda Schmidt, of St. John. ESTABROOKS-PHINNEY.—At the residence of the bride's father, Feb. 4, by Rev. Wm. E. Hall, Delhi Estabrooks, of Upper Sackville, to Lizzie, daughter of Mrs. Phinney, Eq. of Midgie. BRAINERD-RICHAN.—At the Baptist parsonage, Digby, Feb. 6, by the father of the bride, J. Brainerd Raymond, formerly of Digby, now of Lynn, Mass., to Annie L., daughter of Rev. W. H. Richan.

Gratefully Acknowledged. The friends at Oxford gave us a welcome reception and tea social at our new home on Feb. 2nd, and after partaking of an excellent tea provided by the ladies, presented us in cash, \$28. E. C. CROBY.

ST. MARY'S BAY, Digby Co.—The members and friends of the bay section of the St. Mary's Bay church met at my house and made me a donation, amounting to over \$50. Many thanks to the friends who kindly remembered us. May God bless and keep them in my prayer. W. J. BLAINEY.

There are various ways of pounding a minister. Some people do it with their tongues, others with black looks, and still others by severely leaving him alone, especially in the matter of support. But the Annapolis people found out a better way. On the evening of Jan. 29th the parsonage was literally taken possession of by those who came in swarms, laden with baskets and parcels, pounds and pounds, and pounds upon pounds. Not only our own people, but friends outside seemed to vie with them in an expression of good will. The articles brought were many and various and decidedly helpful to young housekeepers; but their chief value lay in the spirit which prompted the act. Were I to speak in detail of the benevolence of these people I would require a large sheet. During my recent illness the kindness I received defies the expression of language, and the remembrance of it now, as I write, quite overcomes me. In this connection I cannot forbear to mention at least two names—Dr. Withers and Bro. W. M. McVicar. For weeks Dr. Withers devoted his superior skill and a very large share of his time to me, and that entirely without remuneration. Bro. McVicar was ever at my call day and night, and unflinching in his attention. In the dark, dark days when life was despaired of and there was little to encourage, he still stood on, determined to leave nothing undone that could be done for my comfort while life remained. Through the generosity of Bro. Meikle (evangelist) and the students at Acadia, the pulpit work was kept up almost without a break. For my recovery I am devoutly thankful first to Almighty God, and also to these His servants who came so nobly to my assistance. By exercising care through the week, I am now able to carry on the regular Sunday services, and hope soon to regain my former strength. S. H. CAIN.

SONS OF TEMPERANCE.—The Grand Division of Nova Scotia has just closed one of the most interesting sessions ever held. This grand old order, of nearly a half a century standing, has on this continent to awaken the conscience of the people on the subject of total abstinence and prohibition. Christian workers are recognizing, in this order, a power not easily subdued. Many carry on the regular Sunday services, and their earthly armor down, were enrolled in this grand, progressive army. With God and the right on our side we must and will prevail. And so we call on all good citizens to aid us in our efforts to beat back the flood tide of misery and death now pressing on for us so many. Our "agency work" is most useful and commendable. It is the sympathy and support of all good people. The practical addresses to the young in our day, and Sunday schools by our agents, must produce good results later on, and this feature in our work in the past has done much for our present time. The "Mutual Relief" fund of the order, which provides for the wife and children of our deceased members, has distributed \$300,000 in the past 11 years; and is becoming a great strength in the order, the charge to each member who chooses to participate is very moderate. The "Band of Hope" arm now takes in over 4,000 children, pledged against the use of liquor and tobacco and indecent language. In stead of over 100 of such bands, we have at least 500, with 20,000 children enrolled in Nova Scotia. This accomplished, there will not be found three-fifths of the city ratepayers (including church members) in such cities as Halifax to sign petitions for license to sell death and damnation to willing and unwilling dupes, and to roll misery untold on innocent children and helpless women. Have we not, then, a just plea for this "youth work." I might add more, but close for the present. W. J. GATES. New Glasgow, N. S.

Cold in the head is alarmingly prevalent at this season and if permitted to run unchecked is certain to result in Catarrh. Nasal Balm will instantly relieve the worst case. Try it.

HENSHAW.—At Waldeck Line, 7th inst., Edward Henshaw, aged 94 years, 8 months. Although not a member of any church, he professed conversion about seventy-five or eighty years ago in meetings held at Bear River, and since that time has led an honest, straightforward life. He died in the sure hope of a glorious resurrection. MOSER.—At Ecum Secum, Guysboro Co., Dec. 26, of whooping cough and measles, Almira Rebecca, aged 4 years and 11 months; also Jan. 4, Henry

"The truth, the whole truth, and nothing but the truth." That's what you ought to know about the thing you wash with. What good soap doesn't hurt. Pearlina cannot. That's only part of the truth. Pearlina washes and cleans without the rubbing and scrubbing that wear things out—without the work that makes women old. Half your labor is spared by it; twice the work is done with it; time and money are saved by it. "Nothing but the truth" is the best policy for us; "nothing but Pearlina" is the best policy for you; but perhaps you use Pearlina. Millions do. Peddlers and some unscrupulous grocers will tell you "this is as good as" or "the same as Pearlina." IT'S FALSE.—Pearlina is never peddled, and if your grocer sends you something in place of Pearlina, the honest thing to do is send it back. JAMES PYLE, New York.
