

THE WEATHER.

MARITIME—Moderate to fresh westerly winds; fine and warm. Toronto, Ont., July 31.—A few scattered thunderstorms occurred Saturday night in the western provinces, but the weather today has been fine and moderately warm throughout the Dominion.

AROUND THE CITY

It is a Boy. Willard O. Bagnell of the staff of W. H. Thorne, Ltd., is receiving congratulations on the arrival of a son.

Motor Boating on River. John Long and a party of friends have gone up the river in his motor boat on a vacation of several days.

Women's Council to Meet. An important meeting of the Women's Council will be held at 5.30 this afternoon in the King's Daughters Guild room, Chipman Hill. All members are requested to be present.

A Successful Picnic. The annual S. S. picnic of the Mission church was held at Westfield Beach Saturday. Regular train carried about 250 picnickers at 9.15 a. m. and 1.15 p. m., returning at 8 p. m.

Rains Delay Haying. Police Officer Gosline returned to duty yesterday after ten days' holidays spent in Havelock, Kings County. He reports everybody busy haying. A large crop was all ready to cut, but heavy rains of the last week have prevented the farmers from storing it in the barns.

Musquash Picnic. St. Anne's picnic, Musquash, will be held in the grounds of Mrs. Geo. Spinyne (as in recent years), on Thursday, August 4th. All are invited to come and have a good time. Bean bag throwing, shooting and coconut throwing will be among the attractions.

Buried Yesterday. The funeral of Herbert Leonard Love took place yesterday afternoon from the residence of his parents, King Square at 2 o'clock p. m. The funeral service was conducted by Rev. W. W. Brewer and Rev. H. D. Marr. Special music was rendered by the choir from Exmouth street church. Many floral offerings testified to the general love and esteem in which the deceased was held. Interment was in Pine Hill cemetery.

On Auto Tour Of Province. Cedric Ryan of Sackville and party of four arrived in the city yesterday afternoon from Woodstock in his big 70-h.p. Thomas motor. Four of the party, Mrs. Fred Ryan, Miss Katherine Ryan, Miss Edith Hutton and Mr. Ryan, all of Sackville, started out from Sackville on a tour of the province. Arriving at Woodstock they were joined by Mr. A. Ward White who will leave with them for Sackville this morning.

"Mutiny" Was Soon Quelled. Andrew Stewart, commodore of the Reed's Point Boat Club, was up the river yesterday in his motor boat with a crew of bold adventurers on a voyage of discovery. When they reached Carter's Point, it was discovered that somebody had jettisoned the refreshments. The commodore was thereupon confronted by a mutiny. But when he offered to apply a slow match to the gasoline tank, the mutineers humbly submitted and the voyage was proceeded with. A bull on the river bank was discovered eating them suspiciously and they got afraid night would catch them so they turned about and came home at a ten knot clip.

What Mrs. Cowell Says. Mrs. Cowell when seen by a Standard reporter last evening, said that she did not care to discuss the matter at present. She thought there surely had been some misunderstanding about the whole affair. Her husband had been ill for the past nine months. He had been in the hospital for five weeks on a previous occasion. He had gone to the hospital Friday morning with the intention of having an operation performed. He did not return on Friday evening but she learned through friends that he was all right at the hospital Saturday morning she sent her little girl to the hospital to inquire further about his condition and the child was told that an operation had been performed, and that Mr. Cowell was resting easily. She did not wish to make any charge against the hospital people but hoped that the matter would be fully investigated.

What Dr. Walker Says. Dr. Thos. Walker, chief hospital commissioner, when asked about the matter last evening expressed considerable surprise. He could not understand how such a thing could occur.

At the meeting of the common council this afternoon, Ald. Baxter chairman of the Treasury Board will make a motion that an additional grant of \$3,000 be voted to the Campbellton people, and there is little doubt but that the motion will be adopted. A special meeting of the County Council will be called next week, probably on the 8th inst., with the object of voting a sum of money for the assistance of the Campbellton fire sufferers. Warden Connely, who has been consulting, or corresponding with the members of the council, has found that there is a strong feeling in favor of the municipality doing something to assist the unfortunate people of the town, and has determined to give the councillors an opportunity to put their sympathy into practical shape—of course, at the expense of the people. It is understood that the county will as a first contribution vote at

least \$2,000 to the relief of the sufferers. J. King Kelley, county secretary, stated Saturday that there was a move on foot to call a special meeting of the Union of New Brunswick Municipalities for the purpose of considering whether any measures can be taken to help the people of Campbellton rebuild the town. It has been suggested that the Union of Municipalities should take measures to fund the bond indebtedness of the town, and look after the interest until such time as Campbellton is in a position to assume the burden; but as the union is not incorporated it is in some quarters believed that this proposition will not commend itself very strongly to the members of the union. In any case special legislation would have to be secured to enable the union to carry out this plan of rendering assistance, and it is pointed out that the easiest way out of the difficulty would be for Campbellton to secure legislation enabling it to borrow a sum of money sufficient to pay the interest on its indebtedness for a number of years.

However, the county secretary feels that if the representatives of the different municipalities got together they would probably be able to devise some means of helping the citizens of the stricken town, and that, in view of the magnitude of the calamity it is advisable that a meeting should be held for the purpose of seeing what might be done.

You can't fool her, "Othello" chocolates are the right kind. At White's, King street.

ST. JOHN RIVER ADDS ANOTHER TO THE LIST OF ITS VICTIMS

Jack Sherwood, 19 Years Old, Fell From a Motor Boat While Going Through The Narrows Yesterday Afternoon and was Drowned, in 60 feet of Water—Body Not Yet Recovered.

The St. John river added another to its long list of victims yesterday afternoon, when 19-year-old Jack Sherwood, a son of Mr. and Mrs. John Sherwood, of Bridge street, and a distant cousin of Fred Sherwood, who was drowned at Watter's Landing last Wednesday, plunged from a motor boat while going to the Narrows, and quickly disappeared below the surface.

Young Sherwood's case is a particularly sad one. He was of a kindly, genial nature, and was highly respected by all who knew him. Several parties went up to the scene of the drowning last evening in an endeavor to recover the body, but at a late hour last night had not succeeded in their quest. It is regarded as doubtful if the remains can be recovered, for some days, as there is more than 60 feet of water where the accident occurred, and a very strong tide was running at the time.

The distressing accident occurred almost under the eyes of the young man's parents who were following him in another boat. About 4 o'clock in the afternoon young Sherwood, in company with Frank and Jack Foster, and Al Dickson, went for a cruise in a motor boat which is the property of Sherwood, and one of the Foster boys. The boat had reached about the vicinity of Tapley's tanks in the Narrows when Sherwood, while walking to the bow of the boat in some manner entangled his foot in some clothing and, stumbling, plunged headlong overboard. The boat was running at full speed at the time but was quickly stopped, and every effort made to get near the struggling man. The young men in the boat shouted to him to keep up as long as possible, and that they would soon come to his rescue. He shouted back something which in the excitement, and from the noise of the motor, was inaudible, but was sufficiently heard to convey that he was unable to swim.

He was not in the water more than two minutes when he threw up his arms and disappeared below the surface. He was never heard from after and did not rise again. Mr. and Mrs. Sherwood, the young man's parents, who were also in a motor boat, heard the sad news about twenty minutes after the occurrence. Mrs. Sherwood was almost overcome by grief, and had to be hurried to her home where she later required the attention of a physician. Besides his parents, the young man is survived by a young brother and two small sisters. He was employed in Stetson and Cutler's mills.

Thomas Cowell's Daughter Sent to Hospital to Enquire for Father Said She Was Told "He is Resting Easily"—At That Time His Body Was in the City Morgue.

The body of the man found floating in the water off Charlotte street extension on Friday afternoon was identified Saturday at noon as that of Thomas Cowell, of 60 Erin street. The circumstances surrounding the unfortunate man's death point strongly to a case of suicide.

He had been seriously ill for the past nine months, and was about to undergo an operation at the general public hospital on Saturday morning. He had gone to the hospital early Friday morning and it was agreed that an operation was to be performed on Saturday morning. It was rumored through the city Saturday night that Mrs. Cowell upon her husband failing to return home Friday evening had inquired through friends at the hospital and was told that her husband was all right. It was also said that her little daughter who went to the hospital Saturday morning to inquire about her father, was told that he was resting comfortably.

What Mrs. Cowell Says. Mrs. Cowell when seen by a Standard reporter last evening, said that she did not care to discuss the matter at present. She thought there surely had been some misunderstanding about the whole affair. Her husband had been ill for the past nine months. He had been in the hospital for five weeks on a previous occasion. He had gone to the hospital Friday morning with the intention of having an operation performed. He did not return on Friday evening but she learned through friends that he was all right at the hospital Saturday morning she sent her little girl to the hospital to inquire further about his condition and the child was told that an operation had been performed, and that Mr. Cowell was resting easily. She did not wish to make any charge against the hospital people but hoped that the matter would be fully investigated.

What Dr. Walker Says. Dr. Thos. Walker, chief hospital commissioner, when asked about the matter last evening expressed considerable surprise. He could not understand how such a thing could occur.

At the meeting of the common council this afternoon, Ald. Baxter chairman of the Treasury Board will make a motion that an additional grant of \$3,000 be voted to the Campbellton people, and there is little doubt but that the motion will be adopted. SOCIALIST IS ON THE TECHNICAL COMMITTEE

"Jimmy" Simpson Who Will Visit St. John With Technical Commission is Well-Known Socialist.

"Jimmy" Simpson, a member of the royal commission on technical education, is one of the best known socialists in Canada, and an effort will be made to have him address a public meeting in the interests of socialism when the commission assembles in St. John. "Jimmy" is a newspaper man though he at one time studied for the ministry, and has been an active member of the trades and labor congress of Canada and of the trades and labor council of Toronto. He is a member of the Toronto school board and on several occasions has been a candidate for Parliament on the socialist ticket. He is a fluent speaker and what he don't know about socialism isn't worth knowing.
