

## ST. JOHN CITY AND COUNTY AGRICULTURAL SOCIETY FAIR

Successful Annual Exhibition Held at Moosepath Park Yesterday—Various Exhibits Compared Well With Any Ever Shown in Other Provincial Shows.

Fruits of farm and field, the choicest examples of the housewife's skill, and live stock that would compare favorably with the ribbon winners at any agricultural show were given their day yesterday at the Moosepath Park when the members of the St. John City and County Agricultural Society held their first fair since 1916.

The exhibits though not as complete in the live stock department, were very large in all other branches and were well up to the high standards set in previous years, according to the judges.

Particularly fine was the showing of home baking and needlecraft, the classes being well filled and the competition very keen.

Zam-Buk invaluable for eczema, both in the case of my baby and myself," says Mrs. L. Booth of West Archa, N.S. She adds: "Baby's skin was badly broken out, but repeated applications of Zam-Buk entirely cured it. 'In my own case, I had eczema on my hands, which made it very inconvenient for me to do my housework. Particularly was this so, as it aggravated the trouble so to put my hands in water. By using Zam-Buk, however, I soon got relief, and it was not very long before every trace of the trouble had disappeared. I really think no home should be without Zam-Buk.' Zam-Buk is equally good for all skin injuries. All dealers 50c box.

## CANADA'S PROSPERITY RESTS WITH YOU

Continued Business Activity and Good Wages Depend on Canada's New Victory Loan

**DURING** the past four years Canada's prosperity has been due largely to orders from Great Britain and our Allies.

Canada was able to obtain these orders because she advanced credit to these countries.

Canada was able to give this credit only because you bought Victory Bonds.

Great Britain, with France, Belgium, and other Allies, are now prepared to place large orders with us for the products of our factories, farms, forests and fisheries—provided Canada again gives them credit.

Credit must be given if we are to have any guarantee of good times

and good wages. But our workers on these orders must be paid their wages in cash; so, much of the money that you invest in Victory Bonds will go out in wages to Canadians.

You will be absolutely protected—you will get a good rate of interest and all of your money will be paid back at the time stated in the Bond.

Every cent will be spent in Canada, and ultimately circulate to the benefit of all.

Canada can give this credit only if you again buy Victory Bonds.

If Canada is not able to give this credit, other countries will.

Therefore Canada's continued prosperity rests with you.
