

Attended Civil Service Convention

Wm. M. Campbell Returns from Ottawa — Reports Most Successful Conference

William M. Campbell, member of the Dominion Executive of the Dominion Custom Officers Association returned from Ottawa Saturday afternoon having been in attendance at the convention of the Civil Service Federation which was held in the Palm Room at the Chateau Laurier during the past week.

Mr. Campbell says that the convention was very successful with a medium sized gathering. Postal Clerks Association, Letter Carriers Association and others not at present affiliated were represented by fraternal delegates who were accorded every privilege of the convention except that of recording votes. There appears every prospect of their becoming once more permanently associated with the federation.

Luncheons and Banquets.

There were luncheons served to all delegates at the Dominion service commissioners and other government prominently associated with civil service affairs made appropriate addresses. A large banquet was also held in the Chateau on Wednesday night when about three hundred persons were in attendance. Addresses were delivered by Senator Robertson, Minister of Labor who represented the premier who owing to a previous engagement was unable to be present. Senator Heston, Hon. A. K. McLean and others.

Business Alike Directed.

The business of the convention was very ably directed by J. C. O'Connor president of the association backed up by an able staff of officers who had their work for the convention well mapped out in advance. It shows how much this was appreciated by the delegates as they, along with other members of the executive, were re-elected.

Amount of Unrest.

While there is a certain amount of unrest owing largely to delays in completing the classification and dealing with the various appeals these matters are fast righting themselves and April will see the many changes in nearly all branches of the civil service. A large number of old employees will be retired under what is called the "Caldwell Act" by which it is provided that those who have been ten or more years in the service may be retired, annuities varying according to length of service, those with thirty years service get fifty per cent of their present salary paid monthly.

The Act was only to remain in force for one year after which it was expected that a regular superannuation Act would be in force, as this is not at present likely to be introduced at this session of Parliament steps are now being taken to broaden the scope of the Retirement Act of 1919 so as to allow for a more liberal application of the Act in regard to the men who have only about twenty years service to their credit, and also to continue in force until 1922. This is considered to be the proper course especially as it will be necessary to drop quite a number of men out of some of the departments owing to the reorganization process now under way.

A large delegation waited on the Government which was represented by Sir George Foster, senator Robertson and Hon. Mr. Spencey, M. P. for Yarmouth. Among the subjects dealt with was superannuation, bonuses, salaries etc. Fair consideration has been promised.

Many of the delegates had appeals of various kinds which necessitated their visiting the offices of their various departments. The officers of the Civil Service Commissioners are loud in praise of the treatment accorded to them. Many of the older men recall a time when civil service affairs were far differently dealt with than at the present time. There were a number of ladies attending the convention serving on committees, taking part in the debates.

DIED.

CREWS—In this city on the 20th inst. Miss Jane D. Crews, age 81. Funeral Monday, the 21st from Trinity church. Service at 2:30 p.m.

COLEMAN—George Felton Coleman, 8 months. Died at home of parents, Mr. and Mrs. G. Coleman, 320 Brussels Street, March 20th. Funeral Tuesday afternoon. Funeral private, no flowers.

GOODRICH—On March 20th, 1921 at her residence Fair Vale, Catherine, beloved wife of Robert F. Goodrich, leaving her husband and one daughter to mourn.

Service at the home Monday evening at 8 o'clock. Funeral service at Elmwood Street Methodist Church Tuesday afternoon 2:30 o'clock.

Clay Pigeon Shoot Saturday

Members of St. John Gun Club Found Conditions Bad at Glen Falls Traps.

At Glen Falls, on Saturday afternoon, several members of the St. John Gun Club held a very interesting shoot.

Conditions were far from good on Saturday, as the wind was driving the targets down, making them very hard to connect with. The club members are starting early getting in some practice in the hope of preparing a strong team to compete in the summer tournaments. If possible a team will be sent to Montreal in July to take part in the Eastern Canadian championships.

Considerable interest was taken in a special ten bird snipe shoot on Saturday. Major R. McAvity carried off the honors, breaking eight out of ten birds.

The scores were as follows:

W. Andrews	Shot at	Broke
Geo. Blizard	44	31
C. Carnell	45	31
Major R. McAvity	46	34
B. M. Armstrong	45	23
B. Dakin	45	28
H. D. Payson	50	39
C. McAvity	60	41

Local Bowling

COMMERCIAL LEAGUE.

There was a double header held on Black's alleys in the Commercial League Saturday night. In the first game the Maritime Nall Co. team took three points from the Smith Brokerage.

In the second game Vassie & Co. lost all four points to Maritime Nall.

The third string of 505 made by the Nall men is a league record. The scores follow:

FIRST GAME.

Maritime Nall.

Windup of the Basketball Season

Victory Perched on Shoulders of Y. M. C. I. Saturday Night.

The City Basketball League was given an appropriate wind-up in a series of four games, that had the fans on their feet the whole way through which were played in the Y. M. C. I. Saturday night. Victory perched on the shoulders of the Y. M. C. I. who after a hard up-hill fight from the very first of the season, saw both of their teams win their way to victory in the final games of the season.

The Y. M. C. I. Intermediates defeated the Y. M. C. A. by a score of 13 to 17, in a game that was hotly contested from start to finish. The Y. M. C. A. girls lost to the Y. M. C. I. by a score of 18 to 3. The Y. W. C. A. won from the Fairville Baptist Girls 5 to 1 and St. David's took the Business Boys Club into camp to the tune of 37 to 5.

Trail Rangers Met in Encampment

Enjoyed a Profitable and Entertaining Evening at Y. M. C. A. Saturday.

One hundred and forty-three Trail Rangers from Fairville, Carleton Place, Waterville, St. Bartholomew, St. Mary's, Portland, St. David's, Germain, Central and Ludlow street churches, and the Beesonfield School met at the Y. M. C. A. Saturday night for the monthly encampment.

R. H. Parsons presided at the banquet which the boys provided for themselves. After the meeting Captain Tom Best of the Y. M. C. A. delivered an address on "Selfishness or Unselfishness, Which?" The boys then adjourned to the gym where a number of races were run off following the St. Mary's won from Ludlow street by a score of 8 to 2 in an interesting basketball game. From all the boys went to the pool and all enjoyed a swim.

Another Title For Mrs. F. P. Mallory

Won National Women's Indoor Single Title on Longwood Court Saturday.

Boston, Mar. 20.—Mrs. F. P. Mallory of New York, who was Miss Mella Bjarstedt, added another title to her long list of championships when she won the National Women's Indoor Single title. Her defeat of Mrs. D. H. Cole, Ind., in the final round of the championship tournament on the Longwood cricket club's covered court was in straight sets 6-0; 6-2.

Mrs. G. W. Wightman, and Miss Marion A. Zinderstein, both of Brookline, won the United States National Women's Doubles Championship. Mrs. Mallory and Tilden won the National Mixed Doubles title in straight sets.

Senator Fights With Fellow Politician

Members of French Parliament Furnish Fun for Crowd on Street.

Paris, March 20.—Two negroes, who happen to be members of the French Parliament, entertained the crowds on their way to the Chamber this afternoon with a brisk fist fight. In the recent elections Senator M. Emery, of Martinique, and Deputy Lagrègère, of Martinique, were on opposite sides and said harsh things of each other. They met on the sidewalk in front of the Palais Bourbon at about 3 o'clock. Engaging in a lively conversation, they gathered a group about them which rapidly grew when the senator and deputy went at each other with savage blows.

Three policemen pulled them apart and they went on their way separately to hear Premier Briand discuss German reparations and other affairs of weight.

Boxers Suspended

New York, March 20.—The New York state boxing commission announced the suspension of William Sanders, manager, and Mattie McCallum, Frankie Fleming and Tony Sheo, boxers.

Sage Tea Beautifies And Darkens Hair

Don't Say Gray! It Darkens So Naturally that Nobody can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyn's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications are gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyn's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

High School Tied With Y.M.C.I. Team

The high interest with which the Intermediate section of the City Basketball League has been followed throughout the winter reached a fever height Saturday evening when the leaders of the league, the Y. M. C. A., in what was for them the last game of the season, were defeated by the Y. M. C. I. by a score of 18 to 17.

The result leaves the Y. M. C. A. and the High School teams tied for first place with the Y. M. C. I. second, but with a protested game to be played with the Orioles.

As it now stands the High School and the Y. M. C. A. each have 6 wins and 1 loss to their credit, the Y. M. C. I. has 5 wins and 1 loss. The protested game will be played in the Y. M. C. I. gym next Saturday night, in the event of the Y. M. C. I. winning this game, a three cornered tie will result. The teams will probably draw lots, the team drawing a bye to play the winner.

Ignorance of This Generation!

Little Boy (looking at music catalogue)—Father, who was Mozart's father—Mozart? Gracious, my boy, you don't know that? God, and read your Shakespeare.

Government Should Act to Save Game

Unnecessary Slaughter of Game and Fur Bearing Animals Recklessly Going On.

"It is time the government was waking up to the fact that some drastic measures should be taken to protect the game interests of the province if they have any wish to save one of its greatest assets," said a well known crusher of lumber tracts to The Standard Saturday.

He charges that game wardens in certain sections of the province are paying no attention to the slaughter of game that goes on in the winter months. Frequently, he says, he has come upon carcasses of moose and deer in the woods with possibly a portion of the hind quarter gone and the rest left in the woods to rot. These carcasses are often left in the open for the purpose of attracting fur bearing animals that the trappers are lying in wait for.

Beaver Slaughtered.

Speaking of fur bearing animals, whose pelts are most sought for by game wardens, the speaker said that he had paid too much attention to the Game Association, who have put up arguments that certain colonies of beaver have built these dams, allowing water to back up to such an extent as to spoil timber lands. Permission has been given them to destroy those families of beavers that have caused such depredation, and whole families have been wiped out and the pelts saved for the American tourists.

Not Spilling Timber.

Our informant says the beaver dams are not spoiling any timber lands, and in most cases when they have built their homes it has been in barren spaces where the back flow has done no damage.

"Let the government investigate these complaints from the Game Association through some person capable of forming an opinion and they will find what I say is right," was his concluding remark.

Baby Carriages Show Increase

C. P. R. Handled Ten Million Individual Pieces of Baggage During 1920.

Montreal, March 20.—Nearly ten million individual pieces of baggage were handled by the C. P. R. during 1920, according to a statement issued by J. O. Apps, general agent, mail, baggage and milk traffic department. Of these 27,940 were baby carriages, compared to 26,640 for the previous year. The 21,530 as compared with 20,227 for the previous year. Total revenue received was \$1,056,337.61, and indicative of the care with which these ten million articles were handled is the fact that total payments in connection with claims for ordinary loss, damage, pilfering and delay, amounted to only \$14,076. In addition, the losses of \$21,530 are a three amount to \$17,850. The milk traffic showed a considerable increase, the number of cans forwarded numbering 1,974,068 as compared with 1,837,968, or an increase of about 10 per cent, while the parcels checked at stations increased 1,049,363 to 1,138,946, an increase of 13 per cent.

University Team Defeats Marysville

One-Sided Hockey Match in Fredericton Saturday Night—Score 8 to 1.

Fredericton, Mar. 20.—U. N. B. defeated Marysville on Saturday by a score of 8 to 1 in a one sided hockey match at the Arctic Rink. The game was played in the presence of between three and four hundred spectators if not having been sufficiently advertised to draw a larger attendance.

From the first the U. N. B. team demonstrated that their training under Larry McLean had been with a purpose and at the end of the first period the score was 4 to 1 in their favor. In the second period they added four more tallies making the total count 8 to 1. The third period only lasted seven minutes when the Marysville team were forced to make their departure in order to catch the train to Marysville.

Police Court Cases Dealt With

Mrs. Mary Brannan Charged With Using Insulting Language.

The language which some tenants are using when referring to their landlords this year would necessitate a high rate in the fire insurance business, the metaphors used are inclined to be lurid, vehement and heated. One landlord, William Petrie, had his tenant, Mrs. Mary Brannan, Eric street, charged in the police court Saturday with using abusive and insulting language to him, the language he said followed an altercation about the rent.

The defendant pleaded not guilty. Joseph Brannan, her husband, also testified, and the case was postponed to April 6, the day the tenants are to evacuate.

Louis Daley was fined \$8 for being drunk and \$80 for resisting arrest. He was remanded.

Gay Northrup, on suspicion of breaking and entering the store of Byron Broe, was remanded for sentence.

Four men charged with drunkenness pleaded guilty and were remanded.

Pressure Was Ge

With these in operation in the office of the water works adjoining the fire station, pressure of 85 to 90 pound good work of the firemen Snyder confined the flames damage to the building had originated, even a disconnected with it by a sh damaged.
