> Wonderful Surgical Operation. One of the skilful and hazardous surgical operations of modern days was performed at the Franklin House, Portsmonth, by Dr. O. Fitzgerald, the celebrated clairvoyant physician of this State. It appears that Mr. Geo. A. Day, of Damariscotta, had a growing bunch of birth mark on his right cheek that must be removed or death ensue. It being in close proximity with the main and other arteries, it was deemed too hazardous by the most skilful surgeons to undertak the operation, as it was predicted that the severing of arteries would cause death; but in an influenced state Dr. Fitzgerald most skilfully and miraculously the bunch, after severing and securing

The operation was witnessed by several list of questions and answers in instory culled from the papers of candidates for license to teach. We publish a few to give some idea of history as taught in Ontario:

Give a sketch of the reign of Edward II of England.

The operation was witnessed by several prominent gentlemen of the city, whose only hopes in the life of Mr. Day was the past success of Dr. Fitzgerald.
