Tennant & Cash Struthe S. Nature's garden, for the health and recovery of diseased man. One of the roots from which these Pilis are made is a Sadorific, which opens the pores the pores of the skin, and assists nature in throwing out the finer parts of the corruption within. The second is a plant which is an Expectorant, that opens and unclogs the passage to the lungs by copious spitting. The third is a Diuretic, which gives ease and double strength to the kidneys; thus encouraged, they draw large amounts of impurity from the blood, which is then thrown out bountifully by the urinary of water passage, and which could by the urinary of water passage, and which cou

encouraged, they diaw large amounts of impurity from the blood, which is then thrown out bountfully by the urinary of water passage, and which could not have been discharged in any other way. The fourth is a Cathartic, and accompanies the other properties of the Pills which engaged in purplying the blood; the coarser particles of impurity which cannot pass by the other outlets, are thus taken up and conveyed off in greater quantities by the bowels.

From the above, it is shown that Dr. Morse's Indian Root Pills not only enter the stomach, but become united with the blood, for they find way to every part, and completely root out and cleanse the system from all impurity, and the life of the body, which is the blood, becomes perfectly healthy; eonsequently all sickness and pain is driven from the system, for they cannot remain when the ody becomes so pure and clear.

The reason why people are so distressed when sick, and why so many die, is because they lo not get a medicine which will pass to the afflicted parts, and which will open the natural passages for the disease to be cast out; hence a larger quantity of food and other matter is lodged, and the stomach, and intestines are literally overflowing with the corrupted mass; thus undergoing disagreeable termentation, constantly mixing with the blood, which throws the corrupted matter through every vein and artery until life is taken from the body by discuse. Dr. Morse's Pills have added to themselves victory upon victory, by restoring millions of the sick to blooming health and happiness. Yes, thousands who have been racked or tormented with sickness, pain and anguish, and whose feeble fra es have been scorched by the burning elements of raging fever, and who have been brought, as it were, within a step of the silent grave, now stand ready to testify that they would have been numbered with the dead, had it not been for this great and wonderful medicine, Morse's indian Root Pills.
