

## AMS Student Vote Discussed Meeting at PC Convention

A conference of the Association of Maritime Students was held at Dalhousie University in Halifax last May to discuss topics of importance to students in the Atlantic provinces.

It was moved by U.N.B. that the National Secretariat be mandated to plan and organize a national demonstration regarding tuition fees.

It was no surprise to anyone attending the York-Sunbury Progressive Conservative nominating convention at the Lord Beaverbrook Hotel when J. Chester MacCrae was nominated as Tory standard-bearer in the forthcoming November 8 general election. Mr. McCrae has been MP for this riding since 1957. In his acceptance speech, Mr. MacCrae severely

criticized the present Liberal government.

Main speaker was Thomas M. Bell, Conservative MP for Saint John - Albert. Among those who also addressed the meeting was Paul Dick, president of the YPC's here on campus, who spoke on the "de facto" disfranchisement of thousands of university students across Canada. Mention was made of the great need for federal aid to schools and universities. The more obvious failings of Mr. Pearson's government were given the harshest treatment, but none of the speakers belabored the "corruption and dishonesty in high places" point.

The liveliest — if impromptu — speaker of the evening was Miss Allie Bonner of Fredericton, who sprang from floor exclaiming "Dirty devils" as she pointed an accusing umbrella in the direction of the Legislative Buildings.

### LETTERS

(From page 12,

knowledge of the Forest Industry. Physical aspects are not involved in gaining this experience, but a purely physical society has to be studied and appreciated. This experience does not come from a book, nor does the respect from the logger.

The research field is definitely open to the female. But a poor silviculturist indeed will be the product without an appreciation of basic forest science. Her confinements in the lab will be untold, and her premature joys of "just being out in the bush" will be confined to summer holidays.
