

Ottawa, August 20, 1907.

Ex'd.

Sir,-

With reference to the last paragraph of your letter of the 31, ult., No. 929, I beg to state that the continuation of the survey of the trail through section 6 Township 17, Range 4, W. 2. ~~4~~ is not shown on the plan to which you refer. The said plan is a blue print and shows apparently that it is incomplete at the bottom. I shall be obliged if you will be good enough to send a small tracing of blue print showing the trails through the said section.

Your obedient servant,

Secretary.

F. J. Robinson, Esq.,

Deputy Commissioner,

Department of Public Works, Sask.
