Further to our letter of May 9th, 1960 to the Chief, Reserves and Trusts Division, we are submitting herewith, the necessary requests for quotations for air services. It is noted that Georgian Bay Airways were unable to quote as explained in their accompanying letter.

In view of the considerable saving offered by Austin Airways as per their covering letter, being that the treaty party return on June 23rd, 1960 instead of the proposed date of June 24th, 1960 we wish to advise that this will be acceptable and will not seriously effect the payments.
