with nothing worse than an attack of grip, which my system was able to stand through this severe any serious result. "I give the purpose of showing how PSYCHINE saved my life, and in the hope that it might likewise benefit by its use."

PASTOR BURRELL S. GABRAITH is a prominent member of the community and very highly respected by his neighbors and very highly respected by the entire community. He has attracted very considerable attention. His case, indeed; in the prime of his life, his physician had pronounced his case hopeless (and, indeed, set the date for his death), and observing pretty closely his condition, he would likely pass away), and observing pretty closely his condition, that PSYCHINE, which I had used in my own family with wonderful results, might benefit him. I strongly recommended it to him, and he began its use. The result was truly wonderful. Almost immediately he began to improve and soon was able to be out again. He apparently regained his old health and was able to take up once again his old duties on his large farm and to perform them with comparative ease and comfort. The improvement was permanent, and he is to-day apparently just as well as ever. He gives all the credit for his recovery, under God, to PSYCHINE.

WHAT THE DRUGGIST SAID: "Mr. Gabraith obtained his supply of PSYCHINE at my drug store, saying from time to time that it had done him good. He has been in his ease and noted a steady improvement. Altogether I sold him about a dozen boxes of PSYCHINE is having a big run here, and so far as I know is always used with the best results." Ralph E. Scott, Druggist.
