

THE VINELAND SCHOOL AND GARDENS.

We are indebted to the Vineland School for these excellent cuts, which show a beautiful garden. While it is of the ornamental type, it is most practical.

This school and garden are two miles from the Rittenhouse school and situated on the same road.

GARDEN VINELAND PUPILS AT WORK WITH MR. JAMES E. PAINTER (CENTRE.)

Jas. E. Painter (lately deceased) was intimately associated with the Vineland School. He was an enthusiast in Nature Study and School Gardening.

The garden and lawn, which comprise two acres, were procured and are maintained by the Section, and are justly the pride of the residents of Vineland.

Miss M. Fennell and Miss B. Gove will have the working of this garden this year.
