

ADVERTISING OF LONG AGO

Pennist Foundry, July 27, 1853.

NEWCASTLE FOUNDRY AND MACHINE SHOP.

THE Subscribers would respectfully inform their customers and the public generally, that they have now on hand, and are constantly manufacturing, a number of Durrell's Reaping and Cutting's Mowing Machines OF IMPROVED PATTERN.

They are also making several Tracings Machines of various kinds, of from Four to Eight Horse-Powers, with Cutters and Stone-Carriers attached, which will be ready for the coming harvest.

TO MILL OWNERS

They would say that having lately made several important additions to their Machine Shop in the way of the best Lathes, Taps, &c., and obtained the services of Mr. R. H. Goodwin, Millwright and Machinist, who has for many years been engaged in the business, both in England and in the United States, and that they are now prepared to manufacture STEAM ENGINES, Steam Boilers, Mill Irons of all kinds, Lathes, Slitting Bars, &c.

All kinds of PATTERN MAKING connected with the establishment.

The Public are invited to call and examine for themselves, as the subscribers are confident they will do so well by them if not better than any other establishments in Glasgow, Edinburgh, Dundee, Perth, Aberdeen, &c. &c. constantly on hand.

Threshing Machines repaired with promptness and dispatch.
