COUNTY COUNCIL
HOLD SESSION

Continued from Page Two.

The County Council resumed Friday morning.

On motion of Mr. Ross, seconded by Mr. Sifton, Mr. Kerr was heard in regard to the claims of Raleigh, Tilbury East and Tilbury Village for interest on land tax monies retained by the late treasurer.

Mr. Haggart reported for the Harrison Hall committee that the said committee had instructed the chairman to advertise for tenders for coal and wood and also for applications for the position of caretaker of Harrison Hall.

The report was adopted. Mr. Reycraft asked if more coal was to be bought; 100 tons had just been purchased.

Mr. Haggart—The County Property committee purchased that coal.

Mr. Sifton—It was bought for the House of Refuge and Court House.

Mr. Reycraft—Do you need that much.

Mr. Sifton—We'll need more. Mr. Haggart—I think everything should be purchased by tender. The Harrison Hall committee doesn't know whether they will save any money or not, but they are going to try.

Mr. Vester—I have always contended that the coal for all the County buildings should be purchased at one time. I think that in this way the coal could be secured cheaper.

Mr. Sifton said that he understood that the insurance policies covering the County buildings had no clause in regard to protection from lightning. This was a very gross omission.

Mr. Vester—What are we paying our money for.

The Warden—I think it was very necessary that the protection from lightning should be given.

Mr. Sifton—Lightning could strike Harrison Hall or House of Refuge and we couldn't get a cent. If it wasn't for protection against lightning I wouldn't insure. Our company pays more for damage by lightning than it does for damage by fire.

Mr. Vester said that it wasn't necessary for a resolution. The Warden could attend to the matter. The policies could be cancelled if the companies refused to insert the clause.

Mr. Vester wouldn't give a cent for the policies as they now were.

Mr. Ross moved, seconded by Mr. Sifton, that the Kent County Council would grant a sum equal to any amount granted by Essex towards building two new bridges on the County line. Referred to Roads and Bridges.

Mr. Grant moved that a pair of handcuffs be purchased for James Rankin. Referred to Finance.

It was moved by Mr. Reycraft, seconded by Mr. Handy, that a copy of the by-law ordering monies to be paid to the Bank instead of to the treasurer, be sent to the Councils of the different municipalities. Carried.

It was moved by Mr. Grant, seconded by Mr. Chinmick, that whereas F. H. Macpherson, Government auditor, was appointed to examine and Shambles and others, and whereas it has been made to appear that the Canadian Bank of Commerce at Chatham has paid monies contrary to the provisions of a by-law on that behalf.

Be it resolved that the Warden and Mr. Sifton be a committee to interview the Bank Manager and, if possible, compromise and effect an amicable settlement. In the event of a settlement not being arrived at that the Warden be empowered to consult the solicitor and act upon his advice. The motion carried.

Mr. Sturgis moved, seconded by Mr. French, that a grant of \$100 be given to the municipality of Thamesville to be used in improving the road between Thamesville and Camden, and provided each party contribute a like amount. Referred to Roads and Bridges.

A motion by Mr. Vester to extend the 4th concession road through to Erie was referred to the Roads and Bridges committee.

Another Industry

Three American gentlemen, Messrs. Duchwalter, Carr and Packham, were in the city yesterday. They were looking for a site for a factory that will employ no less than 200 men and perhaps 500. The gentlemen have eighteen places in Ontario to look at and came to Chatham first. Ald. Piggott, chairman of the Industrial committee, got his committee together and the manner of the address as possible and representative citizens and showed the delegation around the city. The party was composed of the three Americans, Ald. Edmondson, Ald. Piggott, Ald. Scullard, Ald. Robinson, Ald. McKee, Mayor McKee, Hugh Macdonald, Harry Westman, G. P. Schofield, Will Hadley and Chas. Austin. The party drove around the city, passing the different factories. The visitors were delighted with Chatham. They represent the largest seedling implement works in the United States. They control four large factories and have a capital of fifteen millions. They are considering establishing a factory in Canada to take advantage of the preferential tariff between England and her colonies. The three Americans looked with great favor on Chatham, both as a place to live in and as a factory site. From here the party went east to inspect the other places they have on their list.

At Goshen, Indiana, the old order of German Baptists voted not to permit members to have telephones in their houses.

Canada Southern Railway directors met at St. Thomas to discuss the renewal of the lease to the Michigan Central. The question was not decided.

The Collingwood authorities are looking for two tramps, one white and one colored, who are supposed to be scoundrels near Prescott, in connection with the 21st Whelan murder.

CARPENTERS ON STRIKE.

Calgary Employers Using the Boycott—Fort William Men Out.

Winnipeg, June 4.—Union carpenters are on strike at both Fort William and Calgary. At Calgary an employers' association was formed. It decided unanimously that no lumber should hereafter be supplied to union carpenters, that no goods should be received from union carpenters, and that all union carpenters should be discharged by the contractors.

Clerk Ashdown's Suspension.

Windsor, June 4.—Mayor Mason of Sandwich, following the proposed permanent suspension of C. H. Ashdown from the office of Town Clerk and Treasurer of the Water Board, will order a special audit of the books of those offices. Affairs are said to be in a badly tangled state, and the move will be absolutely necessary before the town can transact further business. The statement that Mr. Ashdown was related to the Mayor is untrue by Mayor Mason.

The Big Saturday Planet this week will be especially entertaining. In addition to many other special features it will contain the first instalment of the splendid new serial, "When Boys Were Men."
