

IX.

SEPTEMBER, hath XXX Days. 1805.

S E P T E M B E R.

Now scorching heat to distant fields retires;
 Cancer no more the solar blaze inspires,
 But Libra's gentle heat diffuses round,
 And falling leaves with yellow paint the ground.

Full Moon, 8th Day, 9h. 23m. Afternoon.

Last Quarter, 16th Day, 0h. 20m. Morning.

New Moon, 22d Day, 8h. 35m. Morning.

First Quarter, 30th Day, 2h. 48m. Afternoon.
