THINGS WORTH KNOWING

If you are going to buy A MANURE SPREADER

NO machine within his reach is capable of doing so much for the farmer as the modern manure spreader. But then it must be a machine with features—features of economy and efficiency. The I. H. C. Manure Spreader has such features. Any man of experience knows that a spreader only works perfectly when the load is level. The I. H. C. Spreader is the only spreader with a vibrating rake in front of the beater or cylinder which levels every load and any load of manure. Any man knows that the apron operates better when power is applied at both sides. The I. H. C. spreader apron is driven at both sides from both hind wheels. This saves all torsion, binding, friction and undue strain, and consequently saves breakages and results in lighter draft. One lever is better than many levers in operating any machine. The I. H. C. spreader is the only spreader which is controlled and operated entirely with one lever.

It has ten different feeds—can be adjusted instantly while in motion to spread three to thirty loads per acre. Large, solid, steel axles front and rear—front wheels cut under—turns very short. Steel wheels—no rotting or drying out. Broad faced tires with turned in flange to keep out dirt, mud, etc. Lightest and strongest. Provided with traction lugs on rear wheels—will work perfectly on hard, frozen or wet ground. Made in various sizes to suit all requirements. The I. H. C. spreader will distribute perfectly manure of all kinds—wet, dry, mixed, straw, full of stalks, frozen, caked, etc. It may be equipped with special features known as lime and drill attachments for distributing broadcast, or in drills, fine manure, commercial fertilizers, lime, ashes, salt, cotton seed hulls, land plasters, etc. Remember what we have told you—it is the manure spreader with special features which all make for success.

Call on the International Agent for information or write nearest branch house for catalog.

INTERNATIONAL HARVESTER COMPANY OF AMERICA, CHICAGO, U. S. A. (INCORPORATED)

SAVE 20 CENTS PER SHEEP on every sheep you shear with
STEWART'S IMPROVED 1904 SHEEP SHEARING MACHINE Price in Canada: **\$17**

For sale by all leading Jobbers. The day of the old-fashioned hand shears is past. No owner of 10 sheep or more can afford to shear by hand, even though the shear be done for nothing. Don't butcher your sheep extra per head. It will more than cover the cost of shearing. It is free, and will save you money. CHICAGO FLEXIBLE SHAFT CO., 110 LaSalle Ave., Chicago.

Shropshire & Cotswold Sheep

SCOTCH SHORTHORNS and CLYDESDALES
Choice ram and ewe lambs. Also 50 shearing ewes for sale. Apply to
JOHN BRIGHT, Myrtle Station, Ontario.

The "STAY THERE" Aluminum Ear Markers
are the best. Being made of aluminum they are brighter, lighter, stronger and more durable than any other. Fit any part of the ear. Nothing to catch on feed trough or other obstacle. Your name, address and any series of numbers on each tag. Sample tag, catalogue and prices mailed free. Ask for them. Address
WILCOX & HARVEY MFG. CO., 104 Lake St., Chicago, Ill.

Lincolns are Booming

We have only a few more ewe and ram lambs and breeding ewes for sale. We have seven choice young bulls, Scotch-topped, and a grand lot of heifers and young cows for sale at reasonable prices. Write or come and see us.

Sheep and Cattle Labels.
If you are putting stock out this spring you will need them. Sample and circular free.
F. G. JAMES, Bowmanville, Ont.

QUESTIONS AND ANSWERS. Miscellaneous.

BREEDING OF PRINCE OF WALES.
I am told that the dam of the old Prince of Wales 673 was a pure-bred Shire mare. Would you kindly let me know, through "The Farmer's Advocate" if the dam of Prince of Wales 673 was a Shire or a Clydesdale?
A subscriber for 28 years. N. B. S.

Ans.—We have no means of ascertaining. The Scottish Clydesdale Studbook says his dam, Darling, was bred by Robert Knox, Foreside, Neilston, and sired by Samson, alias Logan's Twin (741), who was by lofty (455), and the dam of Darling was Kate, purchased from Andrew Giffen, who purchased her in a Dumfries market.

CUSTODY AND SUPPORT OF CHILDREN.

1. A's wife died seven years ago, and left two children. A left one child with B, and one with C, and has not supported them. A has married again, and wants the children home, can he take them?
2. How much can B and C charge a year for the keep of the children?
Ont. D. J. T.

Ans.—1. Yes.
2. It is impossible to say what amount (if any) B and C may charge without knowing more of the circumstances, and especially the terms of the arrangement made at the outset.

CRIPPLED SOW—COW WITH ABNORMAL APPETITE.

1. Saw had litter of eight pigs seven weeks ago. About three days after weaning the pigs, she became all crippled up in the hind legs, and lost all power of them. She seemed to be in terrible pain when moving, squealing all the time she is moving. She will not take nourishment, only by forcing her. She is getting a little better now. Please give cause and the treatment for it.
2. Also have a cow that eats and chews all the boards she can find. What is the cause of it, and what is the best treatment?
3. Do you give premiums for getting new subscribers?
F. C. H.

Ans.—1. Probably the oversupply of milk in the sow's system after weaning the pigs was the cause of the trouble. It is a good plan to let the pigs to the sow once a day the first week when weaning, and once or twice the second week. Warm weather, and a run on grass, will probably bring her all right.
2. Give the cow some sulphur and wood ashes mixed with her salt.
3. Yes, our premium list has appeared in the advertising pages frequently in the last few months.

AGRICULTURAL STATISTICS.

What is import and export trade of Canada and United States for last year? What percentage of population is engaged in farming in Canada and United States? What is value of silver, gold, bacon, beef, butter, cheese, sheep, poultry, wool, eggs, wheat, oats, sugar, tobacco, flax, potatoes, clover, beans, millet, timothy and fruit, produced in Canada in 1905? The value of wheat and bacon consumed in Canada in 1905? The value of fruit produced in United States, and also wheat exported by the same?
W. S.

Ans.—1. The value of goods entered for home consumption in Canada for the fiscal year ending June 30th, 1905, was \$261,925,554, and the value of exports, produce of Canada, was \$190,854,946. The value of goods entered for consumption in the United States for the same period was \$1,087,118,133, and the value of exports, produce of the country, \$1,491,744,641.
2. No information is available of the value of products in your correspondent's list for 1905, nor for the value of wheat and bacon consumed in Canada, nor for the value of fruit produced in the United States for the same year. The value of wheat exported by the United States was \$3,905,579, and of wheat flour, \$40,176,136.
A. BLUE, Census and Statistics Office, Ottawa.

LIVER COMPLAINT.

The liver is the largest gland in the body; its office is to take from the blood the properties which form bile. When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive. The symptoms are a feeling of fulness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, bowels irregular, coated tongue, bad taste in the morning, etc.

MILBURN'S LAXA-LIVER PILLS

are pleasant and easy to take, do not grip, weaken or sicken, never fall in their effects, and are by far the safest and quickest remedy for all diseases or disorders of the liver.
Price 25 cents, or 5 bottles for \$1.00, all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Asthma CURED TO STAY CURED.
We give prompt relief and permanent freedom from Asthma. Our latest Book, No. 57F, will be mailed on request.
DR. HAYES, Buffalo, N. Y.
