

# THE CANADIAN WEST IS THE BEST WEST

## There is Plenty of Room for Brain, Brawn, and Capital

THE HOME OF A SETTLER IN WESTERN CANADA.

The quinquennial census of Western Canada, just completed, shows that no country in the world is making such marked progress as this part of the American continent. In 1901 Manitoba had a population of 255,211, Saskatchewan had 91,460, and Alberta 72,841, making a total of 419,512. Now Manitoba has over 400,000, Saskatchewan 313,000, and Alberta 215,000, over 935,000 in all, or an increase of over 500,000 in six years. There is still room for more, and with this object in view the Canadian Government continues to offer

# ONE HUNDRED AND SIXTY ACRES

to every man over 18 years of age who is able to comply with the homestead regulations.

The excellent crop of 1908 will put nearly \$150,000,000 in circulation, and the railway construction of the past year, nearly five thousand miles, distributed another \$100,000,000 over the country, so that money is in plenty, and work is easy to obtain.
