ECONOMY

is a great consideration and a big factor in success. The Eclipse Fire Extinguisher has prevented thousands of fires and will do the same for you. Every farm house, barn or building of any description should be provided with them. It is a protection cheaper and more easily operated than any other fire appliance, hence the economy in having them. The Eclipse demonstrated at the Winnipeg Industrial Exhibition before 15,000 people what it can do. The C.P.R. have installed them throughout their system. It does not deteriorate with age or damage anything but fire. Write for prices at once as it may save you much money.
