HIGH-CLASS TELEPHONES COST LEAST FOR MAINTENANCE

THE rural system that equips its lines with telephones which excel in quality of material, workmanship and design, is bound to give its subscribers better service at less maintenance cost, and for a longer period of time.

To prove the high quality of Canadian Independent Telephones, make a comparison test with others. Examine them part by part. Try them on your own lines alongside other makes. We have a

Free Trial Offer

that enables any independent rural telephone system to do this. Particulars on request.

Canadian Independent Telephones are made in Canada and are exactly suited to Canadian climatic conditions. All over Ontario and Eastern Canada they have earned a great reputation for high quality. Their sales are such that we are today the largest independent telephone manufacturers in Canada.

We stand behind everything we sell. Our telephones are guaranteed for 10 years against defects in material and workmanship. Our construction materials are guaranteed first quality.

Write for No. 6 Bulletin

It contains complete information about our telephones. FREE on request. Insist that your contractor supply Canadian Independent Telephones for your system.

CANADIAN INDEPENDENT TELEPHONE COMPANY, LIMITED

257 Adelaide Street West, Toronto

Packed in most up-to-date style. Every telephone in a separate case as shown. Note that the transmitter, receiver and shelf are attached ready for service.

The author of "The Farmer and The Interest" says, "When I homesteaded on the prairies 33 years ago, the farmer got just about half the value of his production. If he produced \$700 worth from a quarter section of land he retained \$350. Today he retains about 35 per cent." He then gives the remedy for this condition of affairs. 75 cen's not paid.
