

HAD NOT A WELL DAY IN 17 YEARS

Halifax Woman Gave Up Hope and Is Soon Restored To Health by Tanlac.

"Honestly, I don't remember a single day during the past seventeen years that I could say I was well, but since I have taken Tanlac I feel twenty years younger," was the statement made the other day by Mrs. Mary Brunt, who lives at 865 Barrington St., Halifax, N. S.

For seventeen years I had been troubled with indigestion, continued Mrs. Brunt, "and had fallen off until I weighed only ninety-three pounds and had given up all hopes of ever being rid of my troubles. Often I would give way and faint purely from weakness, and I was so bad off that I would be in bed two and three weeks at a time. I had almost no appetite at all and it seemed that no matter what or how little I ate I couldn't retain it. In just a few minutes after I had eaten anything I would feel sick at my stomach and at times I went for months hardly able to keep a bite of food down and was continually belching up a sour liquid. Most of the time all I ate was a small piece of dry toast and a cup of tea, but even this would come up again, in fact, I couldn't retain even a dose of medicine. I was troubled with terrible headaches and my nerves were in a dreadful condition, and night after night I would hardly close my eyes at all. I tried every medicine and treatment I knew of and to say I was discouraged wouldn't begin to express it. Not long ago I spent six weeks in a hospital, and although I felt better while I was there, as soon as I came out it was the same old story again. I even took a trip down to Boston and through the New England States, hoping the rest and change would help me but all the time I just kept getting worse and worse.

"A neighbor of mine had taken Tanlac and it had done her so much good that she persuaded me to try it, but I will admit I took it more to please her than anything else, for I had about lost all confidence in medicine. I am certainly glad now that I took it, for before I had finished my first bottle I began to improve and by the time I had taken my fourth bottle I was feeling so fine I could hardly want to feel any better. I have a splendid appetite and for the first time in seventeen years I am able to eat a good meal and enjoy it and already I have gained seven pounds. I can retain everything I eat, for it digests perfectly with no bad effects at

all, and I feel better than I have in twenty years. The headaches are gone and my nerves are so steady that I can sleep all night long like a child. I am perfectly delighted with the way Tanlac has given me back my health, and as long as I live I will never be able to praise it too highly."

Tanlac is sold in Hartland by Estey & Curtis Co., and by the leading druggist in every town.

N. B. Teachers' Association

A meeting of the executive of the N. B. T. A. was held in Fredericton on April 2 and 3. The last year's schedule of the Association was carefully gone over and a new one approximately 25 per cent. higher, was drawn up. When printed it will be forwarded to the members of the Association, Trustees and newspapers for publication.

The executive also decided that as the Association was now in working order and proving a success, they were in a position to invite second and third class teachers to join. This was not done before simply because the Association thought it would be too unwieldy at first when they had no experience. At present the Association consists of 525 out of the 575 grammar school, superior and first class teachers of the province.

The matter of asking the government to increase the teachers' pensions from a maximum of \$400 to a maximum of \$800 was also discussed. It would seem that this ought not to be a difficult matter when one considers that the present pension scheme only requires an outlay of \$8,800 per annum by the province. Some of the pensions at present are as low as \$125.

The desirability of a disability clause and a teacher's dependent clause was also discussed. A committee was appointed to go into the pension matter and report at the June meeting.

Those present at the meeting were: Dr. B. C. Foster, president; A. S. McFarlane, secretary, Fredericton; W. J. S. Myles, Miss Stella Payson, St. John; W. McL. Barker, Moncton; A. B. Brooks, St. Stephen; W. T. Donham, Bathurst; Miss Annie McInerney, Rexton; G. H. Harrison, Chatham; Miss Bessie Fraser, A. D. Jones, Grand Falls, and D. W. Wallace, Woodstock.

The next meeting will be held in Fredericton on the evening of Monday June 28.

Why Canadians Should Insure in a Canadian Company

- BECAUSE—Experience covering a period of forty-six years has proven that the death rate of insured lives is about 15 per cent greater in the United States than in Canada.
- BECAUSE—A Canadian does not need to assist in paying for this extra heavy death rate in a foreign country.
- BECAUSE—A Canadian insuring in a foreign Company is sending his money out of Canada. If retained in Canada he and Canadians generally will benefit by its circulation and investment.
- BECAUSE—In The Policy-Holders' Mutual Life (of Canada) he can secure his insurance at lower rates and on easier terms than in any other Company.
- BECAUSE—The Policy-Holders' Mutual Life (of Canada) was organized for the express purpose of eliminating all objectionable features in Life Insurance.
- BECAUSE—In The Policy-Holders' Mutual Life (of Canada) the Policyholder votes and participates in the management on equal terms with the Stockholders.
- BECAUSE—By its Act of Incorporation provision is made for the Policyholder voting at his own home if convenient to attend the general meetings.
- BECAUSE—By its Act of Incorporation the dividend to its Stockholders is limited and all profits above this limited dividend belong to the Policyholder.
- BECAUSE—By its Act of Incorporation no tontine, so called "Gold Bond" policies or anything of a fake nature can be issued.
- BECAUSE—Its Policy-holders participate in the annual distribution of profits after the third of the life of each policy.
- BECAUSE—The low rates and annual distribution of profits leave the money in the Policyholder's pockets or return it to him each year instead of its being retained for speculative purposes as has been charged against some Companies.
- BECAUSE—Premiums may be paid monthly, quarterly, semi-annually or annually as best suits the convenience of the insured.
- BECAUSE—In the Policy-holders' Mutual Life (of Canada) he will be insured in a Canadian Company incorporated by special Act, especially safe-guarding his interests, thoroughly democratic in its principles and management, with every safe-guard and security to which the strongest Stock Company can lay claim or which government deposit reserve and inspection can secure.
