One Year (strictly in advance) \$5.

LEFT BEHIND

The Herald is informed that the Princess Patricia sailed for Vancouver yesterday morning leaving about 10 o'clock. The reason given for the delay in this treatment is that the office had been unable to issue tickets to those left behind before the sailing hour of the boat arrived, and the captain refused to wait. There may have been other reasons, but the fact remains that citizens who went down to the C. P. R. wharf to take passage for Vancouver, and were down before the sailing time of the boat, were left behind. It is a matter which should be brought to the notice of the heads of the C. P. R. shipping service without any delay. It is not to the interests of the company, nor is it part of its policy, to treat the travelling public of any community with so little consideration as this. There is a fault somewhere, and the company's officials should be asked to remedy it at once.

RAINES QUESTION DROPPED

The City Council has very wisely decided to let the matter of the Raines dairy drop. There was nothing to be gained by keeping alive an agitation the moving spirit in which

MISERABLE FROM STOMACH TROUBLE

Felt Wretched Until He Started To Take "Fruit-a-lives"

504 Commercial St., Vancouver.
"For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I had frequent dizzy spells, and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints, and my hands swollen. A friend advised 'Fruit-a-lives' and from the outset, they did me good. After the first box, I felt I was getting well and I can truthfully say that 'Fruit-a-lives' is the only medicine that helped me." LOUIS LABRE.
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

refused to come out into the open. As the Herald has said from the beginning, if Alderman Forrester was sincere in his remarks and honest in his attitude, then the only course open to him was to call for the dismissal of the health officers. Apparently he was not prepared to make good his words by acts, and he did not succeed, as he usually does in getting some one else to pull his chestnuts out of the fire. So it falls that upon the report of Dr. Drysdale the Council decided to let the matter drop, and we imagine that the decision will meet with the general support of the community.

ADMIRALTY UNDER FIRE

The dissatisfaction in the United Kingdom with the want of success in dealing with the German submarine campaign, has at last come to a head. The great Northcliffe, whose utterances are more widely published than the Premier's, and who makes and unmake governments at will, is once more leading his forces into the breach. "Hailfour" who is now in the United States as the representative of Great Britain, he dismissed as a devoted incompetent, for the reasons that German torpedo boats had been allowed to bombard English fishing vessels and that the German submarines had not been chased out of the sea. Into his place Sir Edward Carson stepped, and the nation sat back with bated breath to watch "his smoke." The people and Northcliffe have tired of sitting back and waiting. There have been more home-bombardments of English shipping ports, and as for submarines, they are a greater danger to British security than the only noteworthy German Admiralty has done since Carson took command is to cover up as far as possible the losses due to the submarine campaign. Even the figures that have been published have been misleading and told only part of the truth. It is this bungling policy which has caused the growing dissatisfaction to find expression. The public was inclined to make allowances for the difficulty of the submarine problem. Unless egged on by such leaders as Northcliffe it does not ask the impossible. It does, however, want the truth, and this is just what it hasn't been getting. The Admiralty and its civil head, Sir Edward Carson, are in for a tough time.

BIJOU THEATRE

Marguerite Clark at Bijou Today. In the feature play for today and tomorrow, "Miss George Washington," the Famous Players Company has a delightfully polite comedy, one that should cause in any house a steady ripple of mirth. Marguerite Clark sustains the same role, and she carries it with a girlishness that marks the production as one out of the usual. In school girl roles Miss Clark is at her best, and so she is here.

"Peterson's Pitiful Plight," a clever Flagstaff comedy, starring Bert Delaney and Gladys Leslie is shown also another of those very interesting Tours Around the World Pictures. This time we are taken through the Swiss Alps.

Don't forget on Friday night, Miss Hazel Martin and her chorus of pretty girls in Vaudeville numbers.

TORONTO'S REQUEST ABOUT ENEMY ALIENS

Toronto, May 1.—The city council last night decided to ask the Dominion Parliament to allow only those enemy aliens who have lived in Canada 16 years or those having relatives in the British forces to vote at any war-time election.

EXPERIENCE

The Series 18 Studebaker 4 and 6 are manufactured complete in the factories of Studebaker, a company whose great name for high quality and reliability has been developed through sixty-four years of successful business experience. Through its broad experience in manufacturing, through the elimination of parts makers' profits and through enormous quantity production of fine cars, Studebaker has been able to embody in its Series 18 cars all the essentials of quality that you would find in cars costing from \$2,000 to \$3,000.

Through concentrating on one basic design, Studebaker engineers have been able to constantly improve Studebaker Cars. They have observed the performances of over 250,000 Studebaker Cars in the hands of owners, and through this experience of actual service, the Studebaker Car has been refined, improved, perfected, until the Studebaker Series 18 is today one of the best cars in the world, regardless of price.

Help to Make Her Dream Come True

SHE is one of some Three Million Belgians who, since they refused to sell their honor to Germany, have lived on the brink of starvation. A thriving industrial people, used to life's comforts, they have been reduced to a state where they dream, not of luxuries or pleasures, but of having enough to eat.

True to their character as the war has unmasked it, the Germans callously refuse to help the starving. The task of feeding them has been undertaken by Belgium's Allies and Neutral Nations, through the

Belgian Relief Fund

provided by voluntary contributions and administered with wonderful economy and efficiency by a neutral Commission.

Absolutely none of the supplies go to Germany, and neither the food taken into the country is paid for by Belgians who have still a fifth money. But to feed those who cannot pay, nearly \$2,500,000 a month is needed!

Surely no people ever deserved our sympathy and aid more than do these starving Belgians.

They face a winter of poverty, while we are living in plenty. The Fund needs regular weekly or monthly contributions rather than larger but spasmodic gifts. Let us plant a tiny cushion, if necessary—share with our needy Allies—and help to save their lives.

Send your contributions to Local or Provincial Committees or to the Central Executive Committee, 58 St. Peter Street, Montreal.
