

On Wednesday the ice showed symptoms of breaking up, and began to work away from the right bank of the river, until, on Friday morning there was a large open space of blue water in front of the city. At twenty minutes to eleven in the forenoon the ice was seen to make its first remonstrance. It continued to move slowly, and in the afternoon drove up against the New Brunswick Co's wharf, and twisted it out of its position, and wrecked the storehouse upon it. To-day there is more clear water in front of the city. But the ice is piled up on the opposite bank about Gibson's wharf, and some damage may be done there before it runs out.

At another time probably has the Roman Catholic Church on this continent been so vigorous and active as at the present. An extensive system of Colonization is being carried on by the National Board of Colonization, at the head of which is Bishop Ireland, of St. Paul, Minn. Several extensive settlements have been made in Minnesota, the largest comprising nearly the whole of Swift county in that State, where over 800 families have been located on the Northern Pacific railroad. A Virginia colonization scheme has been energetically and actively pushed by the Irish Benevolent Union, of Philadelphia, which has acquired some seven thousand acres in Charlotte and Mecklenburg counties and has already established between a hundred and two hundred families in farming on that and other land. Another project is on foot to settle Roman Catholic families on a large scale in the west of Texas.

A Gorgeous Spectacle.
A large pipe at the bottom of East River, which carries petroleum from the Hudson River railroad depot to Hunter's Point, burst on Monday last, and the surface of the river was covered with oil. A lighted boy was thrown into the stream, and the whole river front for about a mile was soon ablaze. The scene from Long Island Sound was truly gorgeous. From a point in the channel between Ravenswood and Blackwell's Island extending southward for about a mile the surface of the water was lit up above of flame. It was a scene that held thousands of people spellbound. It appeared as if subterranean fires had burst forth, and a mass of water and conquered the opposing element. The glowing flames jumping along the liquid surface. Sometimes the centre of the flames would be extinguished, leaving a darkened space surrounded by an aureole of fire, then like a flash of lightning the entire area would be again lighted up leaving an unbroken sheet of flame resting on the surface of the water. Fortunately the flames were distant from the shipping or other objects to feed upon, the fire being opposite 80th street. The flames were fought by engines and propellers, but did not cease until the oil in the pipe was exhausted.

The Death-rate of
Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resembling cause, death resulting generally from the most insignificant origin. At the season of the year especially, colds, such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a fever or lung trouble has already in. Thousands lose their lives in this way every winter, while had *Boeckers German Syrup* been taken, a cure would have resulted, and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs, *Boeckers German Syrup* has proven itself to be the greatest disinfectant and in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 150,000 bottles sold last year without a single failure known.

Another Commemoration from Mr. Geo. Sewell, dated Montreal, N. B., June 22, 1878: "I, H. Robinson, Esq.,—Dear Sir— I wrote you in May last informing you of the wonderful cure your 'Phosphorated Emulsion of Cod Liver Oil with Lactophosphate of lime' had made in my case, and at the same time promising to write you from time to time to let you know how I am getting along. I am much better in every way; am stronger, can walk a good long distance without getting tired. Sleep well and eat a hearty meal. In fact I am a new man in every respect, and those who saw me three months ago and see me now, can hardly believe that I am the same person. The above are facts, and believing that it is gratifying to one of the unprofessional class, I feel it a duty to tell you of what, under your kind Providence, your preparation has done for me. Wishing you every success, &c., &c."

For sale by druggists and General Dealers. Price \$1 per bottle; Six bottles for \$5. **A Card**
To all who are suffering from the errors and indiscretions of youth, nervous weakness, early loss of manhood, &c., I will send a receipt that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. INMAN, Station D, New York City.
