

# TUMOR IN THE STOMACH

## Completely Removed When She Took "Fruit-a-tives"

NEWBURY, ONT., April 4th, 1913.  
 "Some years ago, I was sick in bed, and thought I was going to die. I had a growth in my stomach, which the doctors said was a tumor and they said that the only thing to do was to go to the hospital and have the tumor cut out. I dreaded an operation although both doctors said it was the only cure. I said I would die before being operated on. At this time, my mother in Alvin sent me some "Fruit-a-tives" and induced me to try them as she had heard of another woman who had been cured of a similar growth in the stomach by taking "Fruit-a-tives".  
 To please my mother, I began to take "Fruit-a-tives" with the happy result that they cured me. I have not been to see a doctor since and my health is first class.  
 I recommend "Fruit-a-tives" every time I get a chance and I will be glad to have you publish this letter as some other woman may now be a sufferer from the same trouble and "Fruit-a-tives" will cure her."  
 Mrs. A. McDONALD.  
 Size a box, 6 for \$2.50, trial size, 25c. At all dealers or send on receipt of price by Fruit-a-tives Limited, Ottawa.

# W. T. WHITEHEAD DIED FRIDAY

## Was for 38 Years Manager of New Brunswick Railway Company's Lands

After an illness extending over a period of more than five years, and which had been critical for some weeks past, Mr. W. Turney Whitehead, former manager of the New Brunswick Railway Company's lands and for two terms a representative of York County in the Legislative Assembly, died at his home on Church street, Fredericton, about nine o'clock Friday morning.  
 In the month of June, 1908, he was taken suddenly ill while in his office, and at the time it was feared "that he could never recover, it being the said that he was suffering from a clot of blood on the brain. He rallied, however, and while he never regained his old health he has since been able to make two trips to the Pacific Coast. He returned to Fredericton a few weeks ago from the West, and since then has been sinking rapidly, having been unconscious for the past few days.  
 Had he lived out the present calendar year, Mr. Whitehead would have been 62 years old, having been born at Dunfries, York County, on January 1st, 1852, his father being the late Alfred Whitehead, who was prominent as a land surveyor.  
 Mr. Whitehead was for many years one of the most prominent figures in the Liberal party in York County politics. His first candidacy for public office was in 1885, when he was a member of the unsuccessful Liberal ticket in York County who were defeated by Messrs. Black, Pinder, Pitts and Howe, but he was elected four years later at the general elections in 1899 and was re-elected in 1903. In 1908 he was not a candidate for re-election in the provincial general elections, but secured the Liberal nomination for the then approaching Federal elections, although he later retired owing to illhealth and was not a candidate.  
 Besides his wife, who was formerly Miss Frances C. Crawford, of Hampton, N. B., and who he married in 1877, he is survived by two sons, Guy R., now in the Shushana gold fields, and Stephen B., in Vancouver, B. C., two daughters, Mrs. A. H. McKee, of Ottawa, and Mrs. F. S. Shute, of Vermont, N. S., and two sisters, Mrs. George A. Burkhardt and Miss Alice Whitehead, now of San Diego, California.

# WILL EXAMINE THE WIRELESS

## British and International Commissions to Study Natural Laws in Different Parts of World.

London, Nov. 30.—Two commissions, one international and the other English in organization soon will begin a series of investigations in the hope of being able to codify the various natural laws which are believed by scientists to govern wireless telegraphy. The English commission, which is known as the Committee of the British Association, will devote its investigations to the qualitative phases of the problem, while the other association called the International Radio Telegraph Commission, will study the quantitative aspects of the question.  
 The British commission will seek to establish by simultaneous observations at various parts of the earth those regularities of phenomena, commonly described as "natural laws." It is hoped that if these laws are once codified it will be possible to extend greatly the commercial possibilities of wireless by obtaining valuable information concerning the electrical conditions of the atmosphere, which have such a powerful effect on the working of wireless systems.

# ITEMS OF GENERAL INTEREST CULLED FROM ALL SOURCES

## Kansas City merchant's lose \$100,000 a year to shop-lifters.

The French military authorities are reported to have succeeded in making a man-carrying kite.

Harrison Vance, a farmer in Northfield, N. J., set a large trap for the thieves who he thought had been stealing hay. The next morning he found two of his own cows in the trap.

Benjamin Sellers, who died recently in Kansas City, Mo., was for 14 years the valet of General Tom Thumb and travelled all over the world with him on his tours.

Although a large number of children have been born in the last few years in Concrete, Colo., not one of them has been a boy. During the past month two more girls were born.

At the beginning of this past year there were built, building or authorized for England, Germany, the United States, France, Japan, Russia, Italy and Austria a total of 341 submarines.

William Upchurch, a farmer living near Nowata, Ok., left his purse on a barrel in his farm yard and came out of the house a moment later in time to see one of his cows swallowing the money, which resembled fall grass. Of the roll of bills about half were saved.

A worker in one of the rolling mills at Lewiston, Penn., heard clicking noises at the back of his head, which he believed to be in his ears and due to the noise in which he worked. He went to a doctor and took medicine, only to find that his back collar button had worked loose and produced the mysterious click.

George A. Kidder, of Waterville, Me., has a library table made entirely from the planking of the man-of-war Skyrocket, which was sunk in Penobscot River in 1777. The wood is white oak and is beautifully colored as a result of its stay in the water. The lumber from which the table was made was taken from the wreck about two years ago.

Conflicting stories of what at best must be a horrible tragedy have reached Pembroke, Ontario, regarding the death of Mrs. D. Pilon, on the Upper Ottawa, near Des Joachims, and the disappearance of her two children. Mrs. Pilon's body was found on a trail leading from Wolverson Creek, about ten miles from her home. Seeking out to find her husband, she had evidently died from exhaustion following the great storm of the previous night. It is also reported that the body of one of the children has been found.

In connection with the study of national mortality conditions, the Equitable Life Assurance Society has issued a statement calling attention to the extraordinary increase in the death rate from cancer. The disease is declared to have assumed the proportions of a great plague. During the last ten years the indicated death rate from cancer has increased 30 per cent. among males and 22 per cent. among females in the United States registration area. While the mortality below the age of 25 is not heavy, the increase in that group has been marked. It has increased 31 per cent. between the ages of 55 and 65, and about 40 per cent. above the age of 65.

A despatch from Washington says: Numerous requests for a piece of Jessie Wilson's wedding cake caused the issue at the White House of a statement describing the size of the cake as too small to gratify the desires of the public. The statement says: "On account of the erroneous and extravagant statements as to the size and cost of the cake which has been baked for the wedding of Miss Jessie Wilson, Mrs. Wilson wishes it stated that the cake is nine inches high and twenty-two inches in diameter." It is the usual kind of bride's cake, and is not at all elaborate.

**SOUR, ACID STOMACHS, GASES OR INDIGESTION**  
 Each "Pape's Diapiesin" digests 3000 grains food, ending all stomach misery in five minutes.

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.  
 Pape's Diapiesin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the whole world, and besides it is harmless. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest and most harmless stomach doctor in the world.

## Milwaukee is to have a new hotel to cost \$5,000,000.

An aeronautical map of the entire world was planned at the recent international geographical congress at Rome.

An indicator has been installed in the street cars in Wichita, Kan., which shows each street at which the car stops just before the car gets there.

The largest hotel, or place of residence, is said to be the "Frohhaus," situated in a suburb of Vienna. It has more than 2,000 rooms, 13 courtyards and a large garden.

Mrs. Pankhurst sailed for home Wednesday, taking with her, she said, \$20,000 collected during her recent lecture tour. This was easy money.

Because a cow ate a vest six years ago, there has been constant litigation in the courts between Park Dewey, of Columbus, O., and a large oil company operating near there. The vest contained a lease for property owned by Dewey, and it was impossible to reproduce the lease to the satisfaction of both parties.

Fred Walters, a motor cyclist living near Warren, Penn., has made a platform on wheels to be attached to his machine, on which he carries his dogs on his frequent hunting trips. The dogs have been trained so "that they are not afraid to ride there, and arrive at the hunting grounds fresh for their work."

After getting only one out of the 429 votes cast, William J. Adam was declared elected constable in Elizabeth, N. J. His opponent, who received the 428 votes, was declared ineligible for the candidacy through holding office on the board of election commission.

Alleging negligence in the treatment she received after an operation at the Carney Hospital, Sarah E. Scanlon, of Boston, has filed a \$15,000 suit against the hospital, in the Superior Court, for allowing septic poisoning to infest the stump of her right leg, which had been amputated. The defendant, besides denying the allegations, claims her suit is barred by the statute of limitations.

Great Britain has decided to send her warships to Mexican waters from Barbadoes in order to protect British subjects should the necessity arise. The decision was arrived at by the British foreign office as a result of the general news published in the press of the unsatisfactory conditions prevailing in Mexico and of the advance of the Constitutionalists in the vicinity of the Vera Cruz railway.

**Deafness Cannot be Cured**  
 by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.  
 We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.  
 F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.  
 Take Hall's Family Pills for constipation.

An old farmer named Thomas Grant, who lived all his life in the town land of Killeavy, County Armagh, died last week at the remarkable age of 108. Mr. Grant enjoyed the best of health throughout his long life and only last week was busily engaged on his farm, stalking corn. When on his way to church on Sunday last he became suddenly ill and died in a short time. He retained all his faculties up to the last.

Germany, which for some time past has been expressing alarm at the falling birth rate, has discovered a new sign of social decadence. It is the "marriage crisis." Latest statistics show an extraordinary rise in the number of divorces obtained in Germany. For instance, 15,780 divorces were obtained in 1911, or 20 per 100,000 inhabitants, against 12,180 or 20 per 100,000 in 1906. It is believed that when the next set of statistics is published a further increase in the number will be reported. What makes the marriage crisis all the worse is that while the number of divorces is rapidly increasing the number of marriages is decreasing. The number of marriages per 100,000 inhabitants in 1906 was 8,200, in 1911, 7,600.

## Now is the time for all good citizens to put the "hop" in shopping.

There are now twenty-seven technically trained foresters in the permanent employ of the Dominion Forestry Branch.

Over 789,000,000 shingles, one half of the entire shingle production of Canada in 1912, were manufactured in B. C. Western red cedar was used exclusively.

In Duluth, Minn., there is a newsboy, 15 years old, who is a born linguist. He can already speak fluently seven languages and uses every opportunity to add to his list.

A lighthouse of 2,000 candle power for airmen is to be erected at Liebenwerda, in Saxony. It is to signal by flashes to airmen flying by night indications as to their route and the probable weather conditions.

The oldest M. E. church in the world is celebrating its 144th birthday in Philadelphia, Penn. The interior of the church has been preserved in the same condition as when it was first built.

The library of the Forestry Branch Ottawa, contains over 1,200 volumes and more than 4,500 photographs of forestry work in Canada and elsewhere.

The largest apiary in the State of Wisconsin is that owned by Frank Kittinger, of California. There are in all about 250 colonies of bees, while during the summer six to eleven swarms were hived each day. The produce of the hives will amount to about nine tons of finish-honey.

The Postoffice clerks at Montpelier, Vt., received recently a live pig weighing fifteen pounds by parcel post. The young porker was securely crated, and rode on top of the mail bags from Rochester to Montpelier, squealing lustily most of the time en route.

A concert violinist tells of appearing recently in an English provincial town, where he made his entrance on the stage and gave his customary fancy bow, the entire audience rose and bowed back with severe formality. The proceeding, it was learned, was in accordance with an old custom of the district.

For several hours jewels to the value of more than \$50,000 laid unnoticed on a bench in the customs inspection room at one of the piers in New York City. They belonged to a newly arrived passenger and caused his inspectors considerable anxiety for a short time after their loss was discovered.

Believing that pupils will more quickly learn Latin, the language of the ancient Romans, when reciting in a room modeled after the principal room in the house of a Roman family, the school board has fitted up such a room in the Holywood High School, Los Angeles.

Playthings are supplied free by the London and Northwestern Railway to all children who are travelling first-class and have a long journey before them. These playthings consist of miniature locomotives, cars and other railroad equipment, which are delivered to the children with the understanding that they are to be left in the car at the end of the journey.

An interesting voter at the recent referendum election in Oregon was Mrs. Sarah Todd, aged 103, sister-in-law of the late President Lincoln. The venerable woman walked to the polls. Her husband's sister was Mrs. Abraham Lincoln. Mrs. Todd has lived in Oregon for twenty years, having gone there from Kentucky.

Theodore Willis, of Sabillville, Md., has so heavy a family that he has recently built a newer and stronger house to support its weight. There are in the family eight sons and seven daughters whose combined weight is more than a ton and a half. Their weights, range from that of Mr. Willis, which is 225, down to that of the youngest boy, seven years old, who weighs 110 pounds.

Probably the strongest timber in the world is a species of eucalyptus, known as yate, which grows to a considerable size in Australia. Its average tonnage strength is 24,000 pounds per square inch, in other words a bar of this wood one inch square will (in theory, at least) hold up a weight of twelve tons. This is equal to good cast iron. No similar tests of Canadian woods have as yet been made but at the Forest Products Laboratory, recently established by the Dominion Government at McGill University, it is proposed to investigate the mechanical properties of native tree species, with a view of determining, on a scientific basis, their utility for structural work.

Port Huron, Mich., evidently has a severe medical test for its school pupils. Recently 1,652 pupils in the lower grades were examined, and it was reported that 1,681 were defective, and only 571 in normal health.

According to figures given by the Redemptorist Fathers of Ste Anne de Beaurpre, more than 325,000 pilgrims have visited the shrine during the past season. Of these, 50,000 came from Montreal, and 75,000 from Quebec.

Several school children in Johnson, Vt., entered a fly killing contest last Summer and prizes have been awarded. First, \$3 to Richard Nye, for bringing in 460,800 flies; second, \$2, to Miss Edith McDonald, for 25,000.

Pocket telephones which may be connected with a plug in a private house, on street walls or lamp posts, and so used almost anywhere you happen to be, have lately been introduced by the Hungarian posts and telegraphs administration.

Each of the four funnels of the Aquitania, which will be the biggest British liner, is large enough to allow a vessel the size of the Comet, one of the first steamships ever built, to pass through. The smoke that will pass through the four funnels will cost a lot of money every year.

Now a Los Angeles judge has delivered his charge to a jury into a phonograph so that the jurymen can refresh their minds whenever they are in doubt as to some part of the charge.

An unusual feat of moving is about to be performed in Swainscott, Mass., where a house has been sold to people in Revere. The house will be moved down to the shore, loaded on a scow and will then take a short sea voyage to the Revere coast, where it will continue on its journey to its new location.

Stretching ground fires in the forest by trenching can now be easily and quickly done by planting a long string of dynamite cartridges in advance of the fire, at intervals of two feet. When these are exploded simultaneously by means of an electric current, the result is a ditch four feet wide and two feet deep, which effectively stops the fire.

The surface cars, subways, and elevated lines of New York City carried in the year ended June 30 last 1,772,158,568 passengers. That total does not include policemen and others who are free. Counting out the bridge lines, which charge three cents, the traction companies of New York took in more than one and three quarters billions of nickels.

Good, Homemade Bread—Made of "Beaver Flour"

—light, flaky biscuits made of "Beaver" Flour —these are real foods for growing children. "Beaver" Flour is a blended flour. That is, it is made of exact proportions of nutritious, delicately flavored Ontario wheat and a little of the stronger Western wheat.  
 "Beaver" Flour is both a bread flour and a pastry flour—and makes the real nutty flavored home-made bread and delicious pastry such as cannot be made with any purely Western wheat flour.

**Skin Sufferers—Read!**

We want all skin sufferers who have suffered for many years the tortures of disease, and who have sought medical aid in vain, to read this. We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is known in the D. D. D. Laboratories of Toronto and is called D. D. D. Prescription for Eczema.  
 This is a doctor's special prescription—one that has effected many wonderful cures.  
 The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.  
 We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturer's guarantee to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.  
 D. D. D. Soap is made of the same healing ingredients. Ask us about it.

**News to most women!**

Overtested flour is for sale. Instead of buying ordinary flour you can buy flour whose baking ability has been proven in an oven.  
 A ten pound sample is taken from each shipment of wheat at the mill. This is ground into flour. The flour is baked into bread.  
 If this flour bakes into bread high in quality and large in quantity we keep the whole shipment of wheat and grind it. Otherwise we sell it.  
 More bread and better bread from this flour is a certainty!

# MORTGAGE SALE

To George D. Stewart, of the Parish of Blackville, in the County of Northumberland, in the Province of New Brunswick, Trafer, and Charlotte E. Stewart, his wife, and to all others whom it may concern:  
 Notice is hereby given that under and by virtue of a power of sale contained in a certain Indenture of Mortgage, bearing date the eleventh day of October, A. D. 1898, and made between the said George D. Stewart and Charlotte E. Stewart of the one part, and James Bean, of the Parish of Blackville aforesaid, Merchant, Mortgagee of the second part, registered in the Office of the Registrar of Deeds, in and for the said County of Northumberland, in volume 74, on pages 301, 302, 303 and 304, and numbered 155 in said volume, there will, for the purpose of satisfying the moneys secured by said Indenture of Mortgage default having been made in payment thereof, be sold by public auction, in front of the Post Office, in the Town of Newcastle, in the said County of Northumberland, at twelve o'clock noon, on Friday the twelfth day of December next, the lands and premises described in the said Indenture of Mortgage as follows:  
 "ALL that certain lot, piece or parcel of land situate, lying and being in the Parish of Blackville aforesaid, in Lockstead Settlement, known as Lot No. 108 containing 100 acres more or less on the west of Highway Road, on the north by lands owned by Alex. Ferguson, on the west by Crown Lands, and being the same property presently in the occupation of the said George D. Stewart and Charlotte E. Stewart, his wife, and upon which they presently reside; ALSO one-quarter acre of land on north side of Highway Road bounded on Church Land, on the east and by James Dale on the west containing in all 1/4 acre with butcher shop and ice house."  
 Together with all and singular the buildings and improvements thereon, and the rights, members, privileges, hereditaments and appurtenances to the same belonging or in any wise appertaining, or with the same held, used or enjoyed, and the reversion and reversions, remainder and remainders, rents, issues and profits thereof.  
 DATED this sixth day of October, A. D. 1913.  
 SIMON BEAN,  
 JANE BEAN,  
 Administrators of the Estate and Effects of the above named Mortgagee James Bean. 42-10

**MORTGAGE SALE**

To Weldon McTavish, of the Parish of South Esk, in the County of Northumberland, in the Province of New Brunswick, laborer, and to all others whom it may concern:  
 NOTICE IS HEREBY GIVEN that under and by virtue of a power of sale contained in a certain Indenture of Mortgage bearing date the fifth day of August, in the year of our Lord one thousand nine hundred and twelve made between the said Weldon McTavish of the one part, and George Stables, of the Town of Newcastle, in the said County of Northumberland, merchant, Mortgagee of the other part, registered in the Office of the Registrar of Deeds, in and for the said County of Northumberland, in volume 93, on pages 15, 16, 17 and 18 and numbered 11 in said Volume, there will, for the purpose of satisfying the moneys secured by said Indenture of Mortgage default having been made in payment thereof, be sold by PUBLIC AUCTION, in front of the POST OFFICE, in the TOWN of NEWCASTLE, in said County of Northumberland, at TWELVE O'CLOCK noon on THURSDAY, THE FOURTH DAY OF DECEMBER, NEXT, the lands and premises in the said Indenture of Mortgage described as follows:  
 "All that piece or parcel of land situate lying and being in the Parish of South Esk, in the County of Northumberland, and abatted and bounded as follows: viz.—Northerly or in front by the North West Branch of the Miramichi River, on the upper or westerly side by lands owned and occupied by Joseph Ferguson, on the lower or easterly side by lands owned and occupied by James McTavish, and extending southerly or in rear to the full extent of the original grant, being the same lands and premises which were devised by the late Hazen McTavish to Ethel Jane McDonald and by her conveyed to the said Weldon McTavish by Indenture bearing date the sixth day of July, A. D. 1912."  
 TOGETHER with all and singular the buildings and improvements thereon and the hereditaments and appurtenances thereto belonging or appertaining.  
 DATED this twenty-ninth day of September, A. D. 1913.  
 GEORGE STABLES,  
 40-10 Mortgages.
