## Schr. Had it Rough.

James Baird, Ltd., yesterday had a  
message to the effect that the schi-  
tawney, Capt. Barnes, had harver-  
ed at Burgeo while coming from Port  
Hawkesbury, to St. John's. The ves-  
sel went to Wood's Island from this  
port with supplies, and after load-  
ing fish started to return but was  
driven by stormy weather across the  
Gulf. She reached Port Hawkesbury  
where repairs were effected, and she  
left again for here on December 14.  
She had it very stormy all through,  
and will leave Burgeo for here the  
first chance.

## Week of Prayer.

lett.

Friday.—George St.—Families. Edu-  
cational Establishments and the  
Young—Rev. J. Thackeray.

tice on Monday, January 9th.—Jan 5, 6

both internally and externally.—11c. a  
bottle.

crib at Belvidere will be kept open,

VERY ILL.—Rev. Fr. Goff at the  
Hospital is critically ill of typhoid  
fever and doubts are entertained  
about his recovery.

Guards will parade at Headquarters  
on Friday night, Jan. 6th at 7.15  
sharp. By order O. C. E. S. AYRE.

A FEMALE INEBRIATE.—At 10.30  
last night Const. Furlong and Ryan  
found a well known female on Water  
Street intoxicated and hardly able to  
walk along. The men placed her un-  
der arrest and after some trouble with  
her brought her to the station. The  
woman was drenched with the rain  
which fell during the night.

HOME'S LAST TRIP.—The s.s.  
Home, Capt. A. Blandford, arrived at  
Bay of Islands from the Straits at  
2.15 p.m. yesterday. The captain  
wired to the R. N. Co. as follows:—  
"Went as far as Port Saunders; sent  
mails by couriers from there over-  
land. Had stormy but mild weather  
all the trip." The ship will leave  
again to-day on the last trip down  
the Straits.

ENTERING NEW ROOMS.—The  
old Temperance Hall is being nicely  
done up by a staff of painters and  
decorators, and the members of the  
L. S. P. U. will move into their new  
club rooms there on Monday next.  
The place is nicely furnished, well  
ventilated and has a bright and very  
attractive appearance. Mr. Richard  
Stamp has been appointed caretaker  
of the rooms.

STAFFORD'S Liniment, only 11c. a  
bottle, has cured Rheumatism, Lam-  
bago, etc.

MAKING LONG VOYAGE.—The  
schr. Alfreda May, Capt. Patton, is  
now over 20 days from Gloucester  
to Grand Bank, after discharging  
a cargo of codfish. She has not yet  
arrived home and has more than like-  
ly been beset by storms; but consid-  
ering that she is a fine staunch and  
well found vessel no anxiety need be  
felt for her. It is possible that she  
might have harbored on the Nova  
Scotia coast.

A TIME AT SMITHVILLE.—Miss  
Kitty Furlong entertained a number  
of her friends at Smithville last Mon-  
day night. Over fifty young ladies  
and gentlemen were present. Dancing  
was continued till 2 in the morning,  
except during the hour, immediately  
after midnight when supper was served.  
Songs and instrumental pieces  
were interspersed. All the guests  
voted the event one of the most en-  
joyable they ever attended.

# The Sydney-st. Battle.

Special to Evening Telegram.  
LONDON, Jan. 4.

Excitement over the hunting down  
of the anarchist burglar gang con-  
tinues. Crowds swarmed to the  
dingy East End street, which had  
been the scene of a battle the like of  
which has not been known in the his-  
tory of the London Police Depart-  
ment. The Detective Department are  
pursuing the investigation into the  
Russian anarchist colony with unre-  
mitting energy.

During the night the police over-  
hauled the ruins of the tenement  
house on Sydney Street, where the  
outlaws made their last stand, and  
were either shot or burned to death  
in the fight with the police or sol-  
diers. The officers discovered parts  
of another body. Three bodies have  
been recovered.

The mysterious tragedy uncovered  
on Sunday is believed to form a link

in the story of the Houndsditch bur-  
glar gang. A French Jew, Joseph  
Beron, who had lived near the anar-  
chists, rendezvous, has been found  
murdered on Clapham Common, in the  
opposite end of London.

Londoners are greatly stirred by  
the succession of murders. The Con-  
servative papers blame the Govern-  
ment, charging the authorities with  
having failed to enforce the Aliens  
Act. The Liberal papers declare the  
excesses of the burglar gang an iso-  
lated case which should not affect  
the traditional British policy of re-  
ceiving political refugees. The Times  
criticized the employment of soldiers  
and considers the affair to have been  
badly managed.

Sir Robert Anderson, former head  
of the Criminal Investigation Depart-  
ment, says: "British inaction regard-  
ing alien criminals would discredit  
the capital of medically certified  
lunatics."

## Earthquake in Turkestan.

Special to Evening Telegram.  
TASHKENT

Asiatic Russia, Jan. 4.  
A violent earthquake was felt at  
various points in Russian Turkestan  
from 4 to 4.30 this morning. Many  
buildings were destroyed. The num-

ber of casualties and loss of life is  
not known. Great fissures opened in  
the ground. All the stores and resi-  
dences in Vireny, the capital of the  
territory of Semiretshensk, were de-  
stroyed or damaged. The city has a  
population of 23,000.

## Rebaters Heavily Fined.

Special to Evening Telegram.  
PHILADELPHIA, Jan. 4.

Judge Holland, of the United States  
District Court, has indicted fines of  
\$40,000 each on the Philadelphia and

Reading Railway, Lehigh Valley and  
Bethlehem Steel, charged with unlaw-  
ful rebating. The Government pros-  
ecutor charged that the Roads remitted  
demurrage charges on freight cars  
used by the Steel Company.

## Fighting Shipping Combine.

Special Evening Telegram.  
NEW YORK, Jan. 4.

The Federal Government has  
brought suits, under the terms of  
the Sherman Anti-Trust Law, in the  
United States Circuit Court, against  
thirteen principal trans-atlantic car-  
riers, estimated to control ninety per-  
cent of the steerage traffic worth  
\$55,000,000 a year. Twelve officers of  
the defendant companies, all residents  
of America, are also named as co-de-  
fendants. Thirteen capitalists, the  
Government charges, entered into an  
illegal contract on February 5th, 1908,  
in London, England, by which they  
constituted themselves an Atlantic  
Conference, with power to apportion

all traffic pro rata, impose fines on  
members of the Conference for viola-  
tion of any article of the agreement,  
to wage cut-throat competition  
against all liners outside the confer-  
ence, with the result, as is alleged,  
that the Russian volunteer fleet ply-  
ing between New York and Lfban was  
driven out of business, the Russian-  
American line was forced to make  
terms with the Conference and enter  
its membership. The competitive de-  
vices of the Conference, it is also al-  
leged, are still in force at the pres-  
ent moment against the Uranium  
S. S. Co., which plies between New  
York and Rotterdam, touching at  
Haitian.

## Seismograph Records.

Special Evening Telegram.  
LONDON, Jan. 4.

An earthquake of gigantic propor-  
tions was recorded by seismograph at  
the observatory of West Bromwich  
between 11.35 last night and 3.56 this  
morning.
