LONDON, Jan. 28.  
The Suffragettes have lost no time in opening up their campaign. In Dublin they made a concerted attack at noon, to-day, on the windows of Dublin Castle, a number of which were smashed. Three disorderly females were arrested. In London similar vigour was displayed. Their leader, Mrs. Drummond, sent an ultimatum to Lloyd George when he refused her request to receive a deputation, on the ground of other engagements. She wrote: "I and other members of the deputation intend to wait upon you in the Commons at 8 this evening. We trust you will make the necessary arrange-

ments to receive us." Two of her associates were sentenced to a fortnight's imprisonment to-day on a charge of resisting the police while in execution of their duty, when they dispersed the Trafalgar Square meeting last night. Mrs. Despard, a sister of the famous General Sir John French, was offered the option of paying a ten dollar fine, but refused and was promptly jailed. A fourth suffragette was sent to prison for seven days. Mrs. Despard, addressing the magistrate, after sentence, said she would probably repeat the offence when released. Some sympathizers in the court room, who made a demonstration when sentence was pronounced, were ejected. Three suffragettes, Mrs. Hopkins, Mrs. Cousins and Mrs. Connery, arrested for breaking fifteen window panes at Dublin Castle, were sentenced to a month's imprisonment, with hard labor, each. General Mrs. Drummond, Mrs. Pankhurst and four other suffragettes were arrested this evening for refusing to leave the Commons, after failing in their attempt to interview Lloyd George. A window smashing campaign became general during the evening, and no less than 21 women were locked up in one station. The militant tactics were resumed to-night. While the deputation Lloyd George had refused to see, were trying to force into Parliament against an overwhelming force of police and were placed under arrest, other bands of women went through Whitehall breaking windows in Government buildings, and through Cockspur St., where the big plate glass windows in the shipping establishments were destroyed. Other women visited Oxford and Regent Streets, and acted similarly. Later, post boxes were attacked and liquids poured into them. In the outlying suburbs the women also took steps to bring their cause before the public by damaging property. In Trafalgar Square, some unruly boys tried to 'duck' four of the suffragettes in the fountain, but were frustrated by the police. The twenty-one women arrested outside of Parliament Buildings, have been allowed out on bail.

### Knights of Columbus Officially Refute Horrible Slander.

LETTER FROM JOHN FENELON, ESQ., ADVOCATE, TERRA NOVA COUNCIL, KNIGHTS OF COLUMBUS.

St. John's, Nfld., Jan. 28th, 1913.

Sir,—Within the past few weeks there has been circulated throughout the country a document, purporting to be an Oath taken by Knights of Columbus and to contain a statement of the obligations taken by them. It is blasphemous, indecent and seditious to a degree which would appear incredible to anyone who has not seen a copy of the supposed "Oath", yet agencies are actively at work disseminating it through St. John's and the outports, and using it to stir up the bitterest feelings of sectarian animosity. There is already abundant evidence that they have achieved some temporary success.

With the persons who are responsible for the circulation here of this disgraceful slander, I am not concerned at present, but I ask in the interest of truth and fair play, to be allowed to place before the public some facts in connection with the document in question that will enlighten them as to its real nature and safeguard them from doing their Catholic fellow-citizens, who are members of the Knights of Columbus, a very cruel injustice by giving even a moment's credence to the malignant falsehood that is being circulated against them.

This imaginary "Oath" antedates the Society known as the Knights of Columbus, and in days gone by was used to slander the Catholic Clergy, and in particular the Society of Jesus, to whom it was falsely attributed. Word for word, almost, and with merely the verbal alterations necessary to connect it with the Knights of Columbus, this outworn slander has been revived in all its hideousness, directed against a new Society and assiduously circulated within the past year throughout the United States and Canada as it is now being circulated through Newfoundland. The so-called "Oath" is from beginning to end, a tissue of falsehoods false in the letter and false still in its spirit. Nothing bearing the slightest resemblance to it is found in any part of the ceremonial of our Order.

I should like to draw the attention of your readers to the result of a recent controversy which took place in Seattle, Washington, in connection with a public statement made in that City, on September 1st, 1912, in the course of which it was alleged that this same "Oath" was the Oath taken by Fourth Degree Members of the Knights of Columbus. As a result of this statement the Knights in Seattle voluntarily decided to submit to a committee of Protestant gentlemen, the printed ceremonial containing the actual obligation taken by Fourth Degree Members of the Order. The following newspaper extract gives the result of the investigation:

"The gentlemen to whom this obligation was submitted are H. C. Henry, railroad contractor and president of the Metropolitan Bank, J. D. Lowman, president of the Seattle Chamber of Commerce; J. E. Chilberg, Vice-president of the Scandinavian-American Bank of Seattle. The signed statement of these gentlemen follows:

"Honorable Catholic gentlemen of this city have placed for examination in the hands of the undersigned two papers. One, the actual fourth degree obligation taken by each person upon becoming a member of the Catholic organization known as the Knights of Columbus; the other, a printed circular purporting to be the above mentioned obligation. This latter is a blasphemous and horrible travesty upon the real oath, and as fair-minded citizens of this city, we cannot allow an atrocious libel upon the large body of our public-spirited Catholic fellow-citizens to stand undisputed. We declare further, that the obligation taken by the Fourth Degree Knights of Columbus is one of loyalty and patriotism to our flag and nation, and that the said obligation binds those who assume it to the exercise of the highest type of American citizenship.

"Signed at Seattle, Wash., this 31st day of October, 1912.

H. C. HENRY,  
J. D. LOWMAN,  
J. E. CHILBERG."

I should like to add by way of comment on the last paragraph of the Committee's Report, that members of our Order under the Canadian and Newfoundland jurisdictions, are animated by the same loyalty to their "flag and nation" as those under the American jurisdictions feel toward theirs.

It is hard to imagine a more com-

plete vindication than the Knights received from these three Protestant gentlemen of unimpeachable standing in Seattle, and in conclusion I may say that in the event of our finding it necessary here to have recourse to legal proceedings in order to silence this infamous slander or to punish its utterers, we would be equally content to leave it to a jury of our Protestant fellow-citizens to vindicate us in Newfoundland.

Yours faithfully,  
JOHN FENELON,  
Advocate,  
Terra Nova Council,  
Knights of Columbus.

### Don't Scold an Irritable Child.

See if Tongue Isn't Coated, Stomach Sour and Bowels Waste Clogged.

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, doesn't eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad, has stomachache, diarrhoea, sore throat, or is full of cold, it means that little one's stomach, liver and 30 feet of bowels are filled with poisons and foul, constipated waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs, and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste clogged bowels without nausea, griping or weakness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowels cleanser and regularizer needed—a little given to-day will save a sick child to-morrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixer of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

### Frosty Up West.

At 8 p.m. yesterday there was a regular cold wave on the West Coast and other places along the line of railway. The thermometer registered 5 below at Bishop's Falls; 10 below at Quarry; 10 above at Humboldt; 4 at Port aux Basques and at Clarendville 15 above. On this side it was very cold but was intensely frosty late at night with a strong breeze of N. W. wind.

### Two Operations

Naval Reservist Fred Churchill who while going to his home in Portugal Cove, fell and broke his jaw bone, is getting better in the hospital. After the fractured bone was set another operation had to be performed as some smaller bones were found to be broken. He suffered much pain as a result of the accident.

### Streets Dangerous.

Owing to the rain which fell Monday night and the succeeding frost the streets and hills are now in a very dangerous condition. The sidewalk of Water Street can only be compared to open air skating rinks, and the proprietors of mercantile establishments, if no others do it, should throw ashes on them to prevent patrons receiving broken limbs.

### Standard of Value.

A rich American wanted to buy valuable pictures by the square foot, but he found they were not sold that way. He was in the same position as a person who bought yeast cakes by size or weight, instead of considering the bread-making qualities. White Swan Yeast cakes make more and better bread than any other of ANY size. Send for free sample. White Swan Spices & Cereal Co.

### New Saw Mill.

The new saw mill erected by Mr. A. Hall, formerly of James Baird, Ltd., at Portugal Cove Road, is now in full operation and employs quite a number of hands. There is plenty of good wood in this section, and already Mr. Hall has contracts to cut millions of pieces for factories in the city. His enterprise is to be commended.

### Bruces Passengers.

The passengers which arrived by to-day's express and which came to Port aux Basques on the Bruce at 8.20 on Monday were:—J. R. Irving, Edward Seeley, Mrs. A. Ferguson, W. C. Gear, P. J. Young, Miss M. Gear and several second class.

### Police After Boys

Since the cold spurt of weather has been ushered in it is no uncommon occurrence to witness scores of boys playing hockey on the different streets in the city and complaints have reached the police authorities that not a few people have sustained injuries by being struck with the hard rubber puck they use. This is particularly the case on the higher levels as only a few days ago an aged woman, passing in that section, was struck a stunning blow in the head. In consequence of the reports received some of the police members are now going around endeavouring to capture the youths engaged in this wayward and dangerous sort of pastime on public thoroughfares.

### Cod Pie 'tieu'.

By the Gloucester mail we learn that codfish is very plentiful now at Channel, Rose Blanche and neighbourhood and good catches are made when the weather permits of the men getting on the ground. The fish is sold for 3½ cents per pound frozen, which is a ½ cent in excess of last season. Halibut was never as scarce as at present, and before the Gloucester came down the coast not a pound of this succulent denizen of the deep had been taken from the water.

While passing down Water Street yesterday forenoon when just west of Williams' Lane a girl narrowly escaped being brained. The heat of the sun melted a lot of ice on the slanting roofs of the buildings on the north side and it suddenly came to the sidewalk with a crash. Fully 50 lbs. of it fell and some large pieces of ice hit her on the back. Had she been a little slower in walking she would have been instantly killed, as the whole mass would have descended on her head.
