MONTREAL, To-day.
In an impressive speech delivered before the Canadian Club, Col. Allen, Minister of Finance and Defence of the New Zealand Government, dealt with the broad issue of Imperial Defence, making more explicit reference to the movement in his own country in that direction. The speech was warmly received. To himself as a New Zealander, passing through Canada, said the speaker, it seemed strange Canadians should be divided into Easterners and Westerners. When national problems faced the country they would find distinctions between the two would have to be dropped. I am speaking, he went on, from an absolutely non-party point of view. It would be wrong for me to do otherwise. I do not know what is in your mind. I shall not try to make out an opinion, but I am concerned with a much larger question. If one day you are asked to stand by us, can we, gentlemen of Canada, depend on you? I can give you and the Empire as a whole, this assurance that we shall be prepared to stand by the Empire. We have already taken one step in that direction. We shall be ready to do it again, if the Mother Country find it necessary to ask for further help. Colonel Allen went on to speak of the importance of preserving British supremacy in the Pacific and to protect the trade in that Ocean. We cannot alone, New Zealand and Australia, he said, protect the Pacific and the trade routes must be kept open, if the Empire is to stand. They are bonds of Empire. We are determined to do all possible to make necessary sacrifices to keep them open.

LONDON, To-day.
Sir Stuart Samuel (Liberal), was re-elected for the Whitechapel division of London by a majority of 166 over a Unionist. During its parliamentary recess this year, Viscount Haldane, Lord Chancellor, Right Hon. Herbert Samuel, Postmaster General, and Sir J. A. Simon, Solicitor General, and twenty members of Parliament will visit Australia and Canada. As a result of the suggestion of the German Emperor, an important international conference will be held in London in September to which all shipping interests at both ends of the Atlantic will deliberate on the questions pertaining to greater safety of life and property at sea, with a view to the completion of uniform regulations.

LONDON, To-day.
There will be no issue of the official newspaper of the militancy to-day. Not content with arresting two women editors, the police raided the printing office and carried off all galley of type set up for to-day's number. The women said the raid of their offices was expected and asserted that they had removed their valuable belongings to two empty houses, they had in reserve, in case they should be required.

HALIFAX, To-day.
The first election under the new civil service system resulted in the return of R. V. Harris, W. F. O'Connor, Mr. Scanlon and C. R. Hoban as controllers.

NEW YORK, To-day.
Luther McCarthy, Westchester, fought a ten-round bout.

Fish at Cape.

Messrs. W. and M. McDonald and J. W. Daley, of St. Joseph's, proceeded to Mill Bay yesterday where herring are very plentiful and proceeded to haul a sufficient quantity for bait after which they proceeded to the Cape St. Mary's grounds to make a trial for codfish. They will be the first to do so this season and the opening of the Cape fishery is earlier this year than for many seasons past.

Good Books.

There are so many helpful books, the books that truly put the useful books that drive the spooks of grief and care away, it's foolishness and worse, gads, to pass away the time at reading books that treat of crooks and fifty brands of crime. So many books are merely form, made for the passing hour, and every time you read at home should have a lifting power. The stuff you read should help you meet your duties everywhere; impel your feet along the street with vim to do "and dare." Your books should help you to your grind, and to your labours wait; and make you kind, and make you blind to other people's faults. Your books should teach you what is right, and also what is wrong, and help you fight like armored knight, with battle cry and song. They should make home a happy place, your wife the joy in chief, with not a trace upon her face of weariness or grief. So do not seek your spongy head in rubbish day by day, but read instead the books that spread some light upon your way. Read hefty books that hit the spot with force and forceful stroke; oh, turn your thought away from rot to truths that fairly smoke.

For Industrial Peace.

Editor Evening Telegram.
Dear Sir:—To the unlimited Trade Unionism, strikes, lockouts and general industrial unrest and disturbance. According to Mr. O'Dell, the representative of the Boot & Shoe Workers' Union, now in the city, a brighter day seems to be dawning. The policy of the International Boot & Shoe Workers' Union is

NO STRIKES!

For several years the Boot & Shoe Workers' Union has been operating a policy in Canada, United States and Porto Rico which has eliminated strikes and lockouts.

ARBITRATION NOT WAR!

is the policy of the Boot & Shoe Workers' Union, and this policy has brought peace and harmony to thousands of Shoe Workers, and hundreds of manufacturers in the United States and Canada.

When a manufacturer enters into an agreement with the Boot and Shoe Workers' Union a contract is signed which provides that should any condition arise that cannot be mutually settled there is to be no strike or lockout, but instead the employer appoints one man, the employees appoint one man, and these two select a third. The claims of the employer and the claims of the employee are calmly discussed before this board and their decision is final and binding upon the employer and the employees and the Union.

The success of the above policy is shown by the fact that the largest shoe producers of United States and Canada are working under agreement with the Boot and Shoe Workers' Union with profit to themselves and employees and the community in which they are situated.

There is an old saying that nothing succeeds like success which is as true to-day as it was a hundred years ago, and it seems reasonable to suppose that employers of labor in every section would encourage a policy that makes for the success of all.

Under this wise and peaceful policy the International Shoe Workers' Union have grown to a large and powerful organization and has an income of thousands of dollars per year. Every day sees manufacturers making contracts with them thereby establishing industrial peace.

It is not too much to hope that the Shoe Workers are the forerunners of industrial peace in lines of trade.

Buffalo Bill at Rossley's

Another big act at Rossley's Theatre to-night. Buffalo Bill, a very funny comedy, with twelve in the cast. Big Chiefs, Indians, Squaws and Cow Boys, and lots of good singing and dancing, and Jack Rossley has a very funny part and we all know he will make any part he takes funny. Shadrack and Juliette Talbot has lots to do and Orin and the ever comical Joe Bukhart will be in evidence with the Squaws. It is one of the funniest acts seen in a long time. It is wild and woolly as a cow boy act should be with plenty of good laughs and material to banish the blues. You can bring your wives, mothers, sisters and sweet hearts, nothing to offend the most fastidious.

We have now in stock hundreds of Boys' Knicker Pants to suit every age from three to sixteen years. These Knickers are made from the remnants of the best tweeds. They range in price from Forty-five Cents to Two Dollars a pair. We will alter them, if necessary, to fit free of charge. RILLINGTON STATESMAN,
Registered No. 1717.

Examined and warranted sound and free from all hereditary diseases and defects by Erwin Murray, M.R.C.V.S. to His Majesty the King, June 12th, 1912.

The Cleveland Bay, a hardy, powerful, yet fairly light and swift animal, originated through a blending of the powerful charger of the middle ages, with the more active Barb and Arabian. The Cleveland Bay has lots of quality and substance with well defined shins, large, clean, flat bones of a density equalled only in the Arab and thoroughbred. His long thighs gives him prepotence in impressing his splendid characteristics and soundness of constitution.

Rillington Statesman, registered in England, was bred among his native hills in the Cleveland Valley of Yorkshire. He is an excellent specimen; color, deep, rich bay, height 16 1/2 hands, weight about 1400 pounds. His action is high, free and open. He is striding long, temper perfect; he is in all respects a perfect general utility horse, a free cheerful roadster, sure-footed, fearless of all objects and with unrelenting endurance. He needs only to be seen to be admired—used to be appreciated.

KEEP MINARD'S LINIMENT IN THE HOUSE.

Nickel's Fine Bill.

The Nickel Theatre was largely patronized again last evening in spite of the rain, and every person present expressed their delight with the programme which was a splendid one. The opening reel was a Gaumont Graphic showing a large number of the world's leading events. "Mr. Bolter's Infatuation" which was the comedy, kept the audience in roars of laughter. It deals with an old man who falls in love with a pretty actress. There are two other very nice reels. The programme is to be repeated to-night but Miss Gardner and Miss Guerin will be heard in new songs. No one should miss this fine programme.
