a Worry invites death in a hurry. Worry wastes nerve force at a tremendous rate. The

more exhausted the greater the tendency to worry. Then how is one to get

Then how is one to get out of this vicious circle? By building up the nervous system with the aid of Dr. Chase's Nerve Food.

As the nerves are strengthened you forget to worry and find yourself resting and sleeping naturally.

### An Appreciation.

own, and there would be some hope of truth finding lodgment there, for howlife and freedom, there is hope that light and truth may at some time find

But when intellectual life is gone, when manhood is gone, when the soul is gone, and ignorant and educated alike surrender the will, the intelligence, give themselves up, not merely to bodily but to intellectual and spiritual slavery; then is the prospect dark. Then can there be no deliverance from within. The only hope of a country or people in such a case, for deliverance from a worse than Egyptian bondage, is deliverance from without, the overthrow of the power, that claims the right to dominate not only the outward life but the soul of

the world. That overthrow is coming. God speed the day.—Presbyterian Record.

# "King George's Keys."

If you stand outside the Tower London any night at 10 o'clock you will hear the echoes in the grey old fortress suddenly awakened by the blare of bugles giving the guards' sa-lute—part of a quaint and interesting eremony which has been carried on ously for the past 500 years.

In the Tower itself one can almost nduce oneself to believe that one has day school.

The regular men drill on from 11.30
to 12.30 when all wash up, clean boots,
then the parents and friends of
the this was refused.

At 2.15 drill begins again, with an
interval from 4 o'clock till 4.30. From
4.30 to 5.30 the students have day
school, while the others drill. Tea

Then from far down the cobbled way comes the steady tramp, tramp of heavy feet, and the beams of a centuries-old lantern dance ahead of the bearer. Nearer and nearer sound the footsteps, until there comes into view a sight which causes one to rub one's eyes and exclaim, "Can this be real?"

There, framed in the low arch
