

In the Realms of Sport.

This evening at St. George's Field, the Cubs and Wanderers will take the field for a second time this season in the League fixture. It is to be hoped that old Sol will shine down brightly upon us during the day as the base-batters cannot allow any postponement, considering that another round of baseball has to be played. Up to date the Cubs are leading the League by a slight margin. The brand of ball that has been doled out by Wanderers has been of a very high order, while Joe Murphy's pitching has been the mainstay of that team. On the other hand the Wanderers have not as yet given up trying and expect to take a fall out of the Cubs during this evening. The League leaders are practicing very hard of late and have strengthened their battery for this evening. It is to be hoped that the fans will turn out in large numbers, while those that have not seen a game of baseball would do well to attend this week's games, mainly to get an insight on the game this time the Grand Falls and St. John's series comes about. Thursday's game will be played between the B's and Red Lions.

TRUE TO FORM.

The expert guys are on the job. Their cheers arise for "Billie" Gosse. They hawled him out a fourth 450 and now they shout "I told you so!"

Some batsmen are so kind hearted that they endeavour to ease the burden of the umpire by calling balls and strikes.

ANSWERS TO SATURDAY'S QUERIES.

(1) Dempsey's first recorded fight was in 1915.
(2) There was a dead heat in the British Derby of 1884, the stakes being divided between Harvester and G. Gatter.
(3) If batter hits a home run over the fence, but fails to touch a base he may be retired as soon as the umpire tosses in a new ball.
(4) If ball rolls fair inside of line and does not roll out again until out of flag, it is considered fair.

SPORTFOLIO.

Did Carpenter ever hold the French heavyweight championship?
Is there any record for the running high kick?
Is a runner from third permitted to score when a runner is hit by a batted ball or do all base runners have to hold their bases.—(R.M.)
What is the world record for the pole vault?

SPORTS POSTPONED.

The sporting public will no doubt be disappointed to hear that the C. L. B. Sports Day which had been arranged for Wednesday next has been postponed for this year. Too bad the energetic ladies of the Church Ladies' Brigade did not get together earlier in the season and make the final preparations before going into camp.

JESS AND JACK.

Jess Willard has received a congratulatory letter from Tex Rickard offering him a bout with Jack Dempsey on October 1st.

Willard has accepted Rickard's terms except the date, which he holds for October 31st.

The next League football match will be played to-morrow, Tuesday evening between the Cadets and Highlanders. A lively match should be the outcome.

CITY DEFEATS DIGBY.

Saturday evening's match on St. George's Field between a city aggregation and a team from S. S. Digby resulted in a win for the former by a score of 5 goals to 1. The attendance was fair and the game fairly good, although not so fast as was expected. In the first half Phelan and Goldstone did the necessary for the locals and repeated the performance in the second half. Charley Quick and Meaney did some effective work, the former being responsible for one of the goals. Quinn of the Digby scored the one and only goal for the visitors. Second engineer Joyden of the Digby was referee and carried out his duties in his usual satisfactory manner. The following were the teams:—
CITY:—Goal, W. Clare; backs, A. Galgay, S. Constantine; halves, M. Maddigan, W. Halfyard, W. Elton; forwards, J. Snow, E. Phelan, R. Meaney, C. Quick, Goldstone.
DIGBY:—Goal, Wright; backs, Purlong, Blundell; halves, Griffiths, Blundell, Fallon; forwards, Dowd, Quinn, Sillsbury, Sellars, Shortason. It is hoped on the return of the Digby to arrange a match between one of the regular League teams.

INTER-TOWN GAMES.

At a meeting of the Newfoundland Football League held Saturday evening the discussion was lively over the matter of encouraging football in the outlying towns. All the League delegates were present and it was decided to present a silver cup for competition, in a series of games, the first of which will take place at Grand Falls this week. A city team to visit the paper town has been arranged and will be in charge of Messrs. R. F. Innes and R. H. Tait. The party leaves by special car attached to to-morrow's express.

VISIT POSTPONED.

It was the intention of a city eleven to leave for Grand Falls to-morrow with the footballers, but owing to several cricketers being unable to arrange the necessary leave the visit has been postponed until later in the month.

SATURDAY'S CRICKET.

On Saturday last in St. George's Field a very closely contested game was played. The contesting teams were the Shamrocks and Felidians and the match was a one-innings match, and it was a pity that the full two innings game could not be played. The batting and bowling of both teams was up to the average, but the fielding was very inferior. Several catches were missed, whilst wild throwing accounted for a good many runs. A feature of the game was the performance of the hat trick by M. Finn of the Shamrocks, and his team have undertaken to honor the event by purchasing the best straw in town. The Felidians opened the game and D.

Winter and E. Jerrett faced the music first. They did not stay long and R. F. Goodridge was next man, he quickly added 10 to the score when he was clean bowled by Finn. The other members of the team did not add any material number until W. Pearce and N. Snow partnered for the last wicket. By good play these two men added 25 to the score, Pearce obtaining 14 and Snow 11 not out—when Pearce was bowled by Morris the Felidians score with the extras added amounted to 60 runs. After some delay Savage and Furlong opened the game for the Shamrocks. These two gave quite a lot of trouble to the Felidians, and when Savage was caught by Jerrett off Winter, he had 11 runs to his credit. Dr. Fox took Savage's place, but was clean bowled first ball by Winter. Wallace was next man, and he and Furlong played quite a good game. A change of bowling was too much for the latter and he was caught first ball by Munn when he had 15 runs to his credit. Wallace stayed until he had compiled 13, when he was bowled by Munn. The other batters failed to reach double figures except Jno. Higgins who was top scorer for the day. His 23 not out was run up in a faultless innings and he well deserved the applause that greeted him from the grandstand. The last wicket of the Shamrocks fell when that team had scored 84, leaving them victors by 24 runs. It was a very good game and the interest of the spectators was held until the last wicket fell. Appended are the scores:—

FELIDIANS.

Duke Winter—b. Finn 4
E. Jerrett—b. Ryan 1
R. F. Goodridge—b. Finn 10
R. H. Tait—b. Finn 0
H. Munn—c. Morris, b. Finn 6

From top of McBride's Hill Marshall's Buses will take you 2 p.m., 2.30 p.m. or 3 p.m. on Wednesday to the Old Fellows Field Day at Smithville. Programme of sports, side shows, big supper and dance. Tickets \$1.50, from committee.—11

Splitting Profit From Rum Sales.

B. C. DIVIDES \$600,000 IN SIX MONTHS WITH MUNICIPALITIES.
How the government liquor control system in British Columbia is adding to the income of the municipalities is shown by figures of the disbursements by the Provincial Government to the 62 cities and districts in the province which are benefiting. Over \$600,000 has been allotted to the municipalities out of the profits for the period from September 30 last to March 31 of this year as their share. The total profits during that period were \$1,231,365 and since June 15 last when the act came into force \$1,772,972. After making provisions for reserves the balance of the profits goes into provincial revenue.

Polyglot Shipping.

There was a cosmopolitan fleet of freight carriers in North Sydney harbor yesterday, says the North Sydney Herald of August 9, the flags of six nations flying from the various ships. These included the United States, France, Norway, Denmark, Italy and Britain, and under the latter flag were ships of the United Kingdom, Canada and Newfoundland.

McGuire's Ice Cream now ready for delivery. Wholesale only. Phone 794.—J.M.S.

From Cape Race.

CAPE RACE, To-day. Wind E.N.E., fresh, weather foggy; the steamers Portia and Krlton passed in yesterday and steamer Sachem in at 9.15 a.m. to-day; Bar. 29.95; Ther. 52.

VALUABLE WEDDING PRESENT:—Among the wedding presents received by Mrs. Ralph Clarke, on Tuesday, 8th inst., was a very valuable and handsome silver tea set, the gift of the staff and nurses of the General Hospital, with whom Mrs. Clarke was for a long time associated.

If its repairs ring 2136 or 1136 C. A. BOURNE, corner Water and Springdale Streets.—aug10.61

MINARD'S LINIMENT FOR WARTS

The Week's Calendar.

AUGUST—8th Month—31 Days.

14—MONDAY. Old Lamas Day. Battle of Metz, 1870. Relief of Peking, 1900.
15—TUESDAY. Feast of the Assumption. Lady Day. Order of Jesuits founded, 1584. Sir Walter Scott born, 1771 (died Sept. 21, 1832). Panama Canal opened, 1914.
16—WEDNESDAY. St. Roch. Ben Jonson died, 1637. Battle of Peterloo, 1819. Naval engagement in German Bight, 1917.

18—SATURDAY. Trial of Queen Caroline, 1820. Balzac died, 1850. S.S. Arabic torpedoed, 1915.
20—SUNDAY. 10th after Trinity. Battle of Saragossa, 1710. General Booth, Founder of Salvation Army died, 1912. Germans entered Brussels, 1914.

Our Telegraph Service.

Editor Evening Telegram

Dear Sir.—Your editorial of Aug. 10th inst., under the above heading, shows a commendable interest in an important factor of our public service. Taking your statement of the decline in wireless business at Cape Race since August 1921, as authoritative, the financial results of the station and our public treasury. It is open to question, however, whether the diversion of traffic from ships via Cape Race, to direct Canadian and United States wireless stations is to be attributed to increased land tolls. There has been no increase in telegraph rates since the time you mention, August 1921, and only a very slight increase before that time over the pre-war charges. I think the cause is to be found in scientific development, which has made long range wireless signalling more general. If this is the reason for the diversion, it is purely a business one, as passengers could not be reasonably expected to consent to their messages going by a roundabout and more expensive route when a direct one became available. The tax of four thousand dollars per year levied on the Cape Race wireless station is the same as that imposed on all cables landing in Newfoundland. To annul this tax would be to discriminate against the cable companies, to reduce the landline tolls on radio-grams would be to do the same thing against our own people. Concerning your reference to Mount Pearl Wireless Station being used to give a cheaper trans-Atlantic rate. To my mind an agreement between Cable Company such as the Government has recently put into effect with the Commercial Cable Company meets general approval for obvious reasons. The Postal Telegraphs with its two hundred and fifty offices, and over one hundred telephones, is a much more extensive system than any other locally engaged. For instance in one day at the main office G.P.O. messages to the number of thirty-six hundred have been handled, in addition to the daily routine, which includes, a detail of credit and debit account telegraphed to St. John's from each office, an outpost despatch of about two hundred and fifty words or more sent on all lines, and the movements of coastal steamers reported on the different sections concerned. The Postal is the main channel of communications in Newfoundland, a large amount of traffic from other systems circulating through it, and its capable staff hands handle messages of every description.

A telegraph company generally offers reduced rates when its traffic is light enough to warrant it, or when it has sufficient or additional equipment to handle it. The Postal lines and its operators at the main office have always been overtaxed. To inaugurate a cheap service such as local day, or night letters would hopelessly inundate the system. For local purposes the Anglo and Postal are similarly equipped. You say, "The Anglo, too, is open both day and night, for the convenience of the patrons." I may say that the Postal, like the Anglo, is open continuously, and offers a 24 hour service at its main office. The confusion on this point has probably resulted from the fact that an eight hour day, for six months of the year has recently become effective in the outpost offices. Doubtless the Postal Telegraph, like other systems, is not perfect, but the Telegraphers' Association co-operating with the heads of the department aims at a constantly improved service.

Yours truly,
F.

Concrete Building Blocks

We will be glad to quote prices on Concrete Building Blocks of any design. Not alone can we make Waterproof Building Blocks to suit any plan, but any buildings we erect can bear mechanical inspection. We are also prepared to do any class of mason work.
D. WHITTLE, Alexander Street.

Mr. W. J. Allen of the Furness Withy Company's staff leaves by the Digby to-day on the round trip to Boston.
Mr. P. J. Walkins of the Marine & Fisheries Department is now on his annual vacation.
Lady Squires and children are leaving for England by S.S. Sachem.
Miss Lucy Evans and Miss May Sullivan left by the S.S. Belvernon for Boston and New York on a vacation.

AT HOME.—Mrs. Chas. A. Ellis, Jr., (nee Elinor Bartlett) will be "At Home" to her friends on Tuesday and Wednesday, August 15th and 16th, at the residence of her parents, 118 Hamilton Street, from 3 to 5 p.m.—aug14.1

Sell Sunlight Soap for Quick Sales and Sufficient Profits.

Are you in business or just keeping shop? If you are keeping a shop you'll no doubt be able to keep it as long as your money lasts.

If you're in business, then you want your shop to keep you, and it will if you make quick sales and sufficient profits.

If you try to sell to your customers any goods which they do not want, you may be able to do it; but the chances are against you. As a business person you should supply the goods your customers want and should try to make a profit on every transaction. Now take soap as an example: When you are asked to buy a box of soap which is said to be just as good as Sunlight Soap, consider carefully this important question: Is this other soap really just as good as Sunlight Soap? Unless this other soap will sell as well as Sunlight

Soap, it certainly is not just as good as Sunlight Soap FOR YOU.

The soap which people want is the easiest and most profitable soap for you to sell. Sunlight Soap being the soap which people want, is therefore the easiest soap to sell; in fact, it sells itself—people ask for it.

Sunlight Soap requires no pushing, and because it sells best—it pays best.

Stick to Sunlight Soap, it always has been and always will be the very highest quality of household soap.

Sunlight Soap is the soap your customers want. You will sell 5 cases of Sunlight Soap whilst trying to sell 1 case of any unknown soap.

Buy Sunlight Soap from Your Jobber.

Riga Beggars Are Able Linguists.

RIGA.—There has been so many delegations of French officials and business men in Riga this summer that the French language is becoming popular, adding another tongue to the three others—Latvian, Russian and German—already recognized in the new Baltic state. Because of the polyglot population of the country, Latvian money has the wording in Latvian, Russian and German. The telephone "hello" girls all speak these languages and some of them also English, French and Estonian. Many of the Latvian government officials speak English and French. At the postoffice and at many other government bureaus the public notices are in the three official languages and this summer, with inauguration of the aerial post, French has appeared on signs giving directions to the public for the proper posting of mail intended for the aviation service. In Riga the few beggars there are nearly all able to speak five or six languages, and some of them use very good English, picked up along the water front.

Put off Town.

Did you ever go to Put-Off Town. Where the houses are old and tumble-down, And everything tarries and everything drags, And dirty streets and people in rags?

On the street of Slow lives Old man Wait, And his two little boys, named Linger and Late, With unclean hands and tousled hair, And a naughty little sister named "Don't Care."

Grandmother Growl lives in the town, With her two daughters, called Pret and Frown, And Old Man Lazy lives all alone Around the corner on street Postpone.

Did you ever go to Put-Off Town, To play with the little girls, Pret and Frown, Or go to the home of Old Man Wait, And whistle for his boys to come to the gate?

To play all day in Terry street, Leaving your errands for another's feet; To stop or shrink, or linger, or frown Is the nearest way to this old town.
