Several drunks arrested over the holiday were released on deposit. One drunk was fined \$1.00 or three days.

Two men, charged with a second offence, under the Alcoholic Liquors Act, were convicted and fined \$200, or in default three months' imprisonment. They both went down.

A drunk and disorderly was fined \$2.00 or 7 days.

A labourer, upon being called to the bar, stood charged with the robbery of a revolver, the property of John T. Dooley, on the 23rd of April, and a second charge of maliciously breaking a pane of glass in the shop window of John Clouston, valued at \$5.00. Owing to the Crown not being ready to proceed, the accused was not asked to plead. On motion of Supt. O'Neill, the case was postponed for a week. The prisoner, who has a very bad record, with eleven convictions against him since 1920, was later removed to the penitentiary.

Rad and Gun

THE MAY ISSUE.

Featured in the May issue of Rad and Gun in Canada, the Special Quebec Tourist Number, are the delights and possibilities of this province for the tourist and sportsman. An editorial message from the Hon. J. F. Poirault, Minister of Colonization, Mines and Fisheries, introduces the province to the tourist and points out the many charms it holds for him. In "Remember the Time" Harwood Steele recalls in the account of one fishing trip the good times enjoyed in many such and which may be enjoyed by any fisherman who so wishes this summer. "Idylls of the Spring," by Mason B. Woollard, reveals the delights of canoeing and "Daylight and Dusk" by A. R. Douglas is an entertaining story of a duck hunt in the early hours of the morning. William MacMillan, in his usual interesting and masterly manner recounts the story of a pair of eagles on "The storm swept crags of the Jacques Cartier," in "The Eagles of the Pine," "The Wicked Fleeth" by Harry M. Moore and "The Greenhead" by Frank Young complete the list of interesting stories with a Quebec setting. The regular contributors are also represented in this number. The stories from Bonnycastle Dale and Martin Hunter and the various departments, Fishing Notes, Outdoor Talk, Guns and Ammunition, Kennel and The Trap, all come up to their usual mark of excellence. Published monthly by W. J. Taylor, Ltd., Woodstock, Ont.

A Bulgarian despatch to the Daily Mail from Brindisi, Italy, says a report is in circulation that a portion of the Greek army is mobilizing. OTTAWA, April 23.

Reduction in members of the House of Commons is sought in a petition to his Majesty of which notice was given in the Senate to-day by Senator Lynch of St. John's. He suggests the representation from Quebec which is a fixed factor on which the Dominion representation from the west of the country is based be reduced from 65 to 50, so that the unit of representation be reduced all over the country.

KIDNAPPING A HOAX.

LIVERPOOL, April 24.
Five men alleged to have attempted last month to kidnap J. Pollitt, General Secretary of the National Minority Movement, said to be of Communist tendencies, were found not guilty when their case was heard in court to-day. The defence maintained the affair was a practical joke, and asserted that Pollitt had partly consented to the so-called kidnapping because reports of the affair would give publicity to his organization. Pollitt charged that the men invaded his coach as he was coming into Liverpool on a train on March 16, carried him away in an automobile, and confined him for several days. He asserted the British Fascist were responsible, but the Liverpool branch of the organization denied responsibility.

The Best Advertising Medium in Newfoundland

Mr. Wm. Wrigley, Jr., the chewing gum king, of Chicago, in explaining the rapid growth of his company, said it was all due to advertising. "But," interrupted one of his friends, travelling with him to the Pacific Coast, "you have already built up a remarkable business. Why not save some of this advertising money and run along on momentum for a while?" "Well," Mr. Wrigley said, "we have had a fine, fast trip West from Chicago so far. How much progress do you think we would make if they took off the engine?"
