The annual meeting of the District Coal Operators' Association was held in the office of the Crow's Nest Pass Coal Co. on Friday last. Those present were W. F. McNeil, Calgary; A. C. McGibbon and S. Whiteside, Coleman; James Howard, Taber; J. C. Reid, Lethbridge; J. Brown, Hillcrest; and Lewis Stockert, Calgary. Owing to sickness Mr. Wilson, general manager of the Crow's Nest Pass Coal Co., was unable to be present.

Last Saturday Gordon Kinnock was hungry and he went into How Foon's restaurant for a meal. He had no money so he ate liberally, in fact, to the retail value of six bits. When pressed for payment he was unable to tender anything but his heartfelt thanks. This being considered unsatisfactory the Chinaman sent for the police. Mr. Kinnock waited calmly for the arrival of the officer and went quietly to the jail. He is spending ten days there where meals are not so expensive.

A meeting of officers of the Calgary and Fernie Railway Co. was held in this city on Monday. While nothing definite is known of the future of this proposed road, prospects look bright for construction next year. Considerable survey work has been done up the Elk river this year and it is expected that work will be continued throughout the winter. As a short independent line such as that would be would scarcely be a profitable undertaking it seems reasonable to suppose that other railway interests are behind the present activity. The immense coal areas of the Upper Elk probably constitute the principal magnet that is bringing capital into the enterprise.

Miss Macdonald is improving nicely at the Fernie hospital.

When you have carpenter work to do phone 167 or call on A. McLean, 111 Howland Ave.

J. E. Cole, station auditor for the Great Northern railway, is in the city.

Cranbrook and Fernie hockey teams will clash on the local ice tonight at 8 p.m. Fernie fans will have an opportunity of seeing the 1914 line-up in action. The management believe they have a winning team gathered together and they want the people of Fernie to look it over. Fernie has to send a team to Ross and on Feb. 2nd to defend the shield which was won last year.

W. J. Bennett is opening a Business College in the J. & F. Block on Monday next. The institution will be known as the Crow's Nest Business College and Academy of Languages, with Mr. Bennett as principal. The usual subjects of a business course will be taught, bookkeeping, stenography and English. F. R. Spaulding, who has had experience both in U. S. and Canada, will be on the teaching staff. French, German, Spanish and Italian will be taught, and a separate class will be formed for the instruction of foreigners in the English language. Classes will be held both during the daytime and in the evenings.

A very quiet wedding was celebrated on Wednesday, Jan. 14, at the home of Mr. F. W. Adolph, of Baynes Lake, B.C., when Mr. Alexander Grant Low, business manager of the Canadian Equipment Supply Co., of Edmonton, was united in marriage with Miss Kathleen Ida Ross, teacher, of Fernie, B.C. The ceremony was performed by Rev. Jos. Philp, M.A., B.D., of London, Ont., who is spending a year at Baynes and supplying the Methodist pulpit at Coal Creek on Sunday. Among the few friends present were Mr. E. W. McMullen and Mr. W. H. Ross, of Calgary. The young couple left on the 11 a.m. train for Spokane and other points west, accompanied by the best wishes of a host of friends.

ELKO NOTES

(By Fred Roo)

The reason our notes failed to appear in the papers last week, was because they were that hot they burnt holes in the mail sacks.

Jim Thistlebeak, Elko's celebrated philosopher, philanthropist and dead game sport, is offering three slabs of bacon to anyone delivering at the Roosville Cash Stores, Elko, Roosville or Flagstone, Harry Abrahams, (heavy on the hams), Armour's Premier Overland Trout and Reckless Rabbit Peddler, resided some time in Nelson, well known in Spokane, was seen in Cranbrook and Fernie just before Christmas. Harry never set a hen, butchered a hog, skinned a dead sheep, or taught a calf to drink water or skim milk out of an old oaken bucket, and we can prove it. His jovial personality and pleasing voice is in great demand around here. The band will now play, Harry Abrahams (why don't you come home?)

The young ladies of Elko are giving a social dance Wednesday in the opera house, and it promises to be a swell affair.

The annual meeting of the Elko Board of Trade will be held this week for the election of officers for 1914.

Mr. and Mrs. J. Thompson and son Jim, of the Columbia Hotel, left for Alberta to meet their daughter and son in law, who are returning from a visit to Scotland.

The hockey boys are having hard luck with their rink this summer weather.

Travellers are beginning to come around again and we find talk is awful cheap except when it is over the long distance telephone.

The Elko Conservatives are holding meetings this week in Elko and Kootenay river points, and will organize a district of Elko, Waldo, Flagstone, Roosville, Jaffray and Bull River, and then you won't have to wait till the clouds roll by Bobby, or "Willie, we have missed you," when this bunch gets organized.

L. D. Stephenson and seventeen other travellers from Nelson were in Elko this week. L. D. wears a smile that's worth framing. He is always as welcome as the flowers in May, only a little more so in Elko.

Mr. and Mrs. C. E. Ayre and her daughter visited Cranbrook this week.

Man wants but little here below And is not hard to please,

Your dreams of hearing the music you want when you want it have been realized by the

Edison Phonograph

When a few friends drop in and conversation lags, you need Edison Music. When you are alone you want Edison music. When you desire a particular piece played or sung by a particular artist you can have it, at once, on the Edison.

The strong, steady motor of the Edison is always dependable. The diamond reproducing point enhances the wonders of the thousands of beautiful selections. The new types of hornless instruments—the Amberola—are phonographs of luxe and you ought to hear them today at your Edison dealer's. The tone is constant in quality.
