The little steam launches to be used on the lagoons in Jackson Park will be shipped here from Detroit, where they are being built, about April 20. There are 54 of them. They are to be 85 feet long, 6 feet 6 inches beam, and will draw, when loaded, about 26 inches. Each boat will accommodate 30 persons without crowding. Crews of experienced men have been hired to work them, and all will be in readiness for the opening of the exposition.

The neighbors around were aware of the fact, and one of them swore out an information charcing Robinson with illicit cohabitation. He was given the option of marrying the woman at once or else being proceeded against according to law. He decided to marry her and the knot was tied by Rev. R. McCosh.

The Blenheim News says that last fall young Alfred White blossomed out in a butcher shop of his own, at the east end, and by selling cheaply soon had a big run of custom. At this time he was boarding with a widow, Mrs. Cundle, of comely appearance, who was the possessor of a nice home on Elizabeth street, and some means. After a few months' acquaintance she became Mrs. White. All wentalong smoothly till last Thursday when White suddenly left town without notifying his wife, and has since failed to return. Before going he sold some meat to Mr. Sterling, and collected all the cash he could secure, and it is estimated that he took away about \$1,000, of which \$800 is the property of his wite, who not only loaned him money, but indorsed notes, which she has since had to pay. His creditors are numerous.
